Environmental Decision-Making in Context - Purchase now!

Strategic environmental assessment is a systematic decision support process, aiming to ensure that environmental and possibly other sustainability aspects are considered effectively in policy, plan and program making. In this context, following Fischer SEA may be seen as: a structured, rigorous, participative, open and transparent environmental impact assessment based process, applied particularly to plans and programmes, prepared by public planning authorities and at times private bodies, a par

Strategic environmental assessment - Wikipedia

Organizational environment denotes internal and external environmental factors influencing organizational activities and decision making. Every organization, whether business or non-business, has its environment. The organizational environment is always dynamic and ever-changing. Changes today are so frequent and every change brings so many challenges that managers and leaders of the organization need to be vigilant about the environmental changes.
