Business Law versus Business Ethics. While staying within the confines of an increasing array of business laws is necessary for success in business, it is not sufficient. Businesses must also recognize additional limitations and expectations placed upon them by business ethics, those principles and values that define what is right and wrong.

A textbook of law and business (Book, 1952) [WorldCat.org]
Book of business is common parlance in the United States legal services sector and refers to the collection of clients that a lawyer (usually a partner) has assembled throughout their career. Since most U.S. law firms are organized as limited liability partnerships or professional corporations , each partner is usually responsible for acquiring their own clients in that partner's specific area of specialty.
