Active Listening – Adopt the 80/20 rule (Listen to client 80% versus talking to client 20%) Jason will be able to focus completely on what his client is saying and understand her needs by patiently listening to her to complete her sentences and what she want to express. Powerful Questioning – Simple to understand and inoffensive (Justification)

Coaching Case Study: Active Listening and Powerful Questioning

When you're listening actively, you're not in your head formulating what you'll say next. Rather, your focus is 100% on the other person and how they are feeling. This is one reason Sensitive Strivers make amazing leaders — their empathy and thoughtfulness translate into building deep relationships and trust. But many of my coaching clients get tongue-tied when it comes to one crucial part of active listening: asking questions.

Questions for active listening to become an emotionally ...

Active Listening Listening is a conscious activity which requires attention. Rather than waiting to speak, you need to listen attentively to fully understand the other person. Remember, there is no point in asking a question if you do not intend to listen carefully to the answer!
