Public service is a service intended to serve all members of a community. It is usually provided by government to people living within its jurisdiction, either directly or by financing provision of services. The term is associated with a social consensus that certain services should be available to all, regardless of income, physical ability or mental acuity. Examples of such services include the fire brigade, police, air force, and paramedics. Even where public services are neither publicly pro

**Public service - Wikipedia**

posted by John Spacey, March 06, 2019. Public services are services offered or controlled by a government. In a free market economy, public services are offered in areas that are deemed important to quality of life such that they are above the profit motive. In other words, public services have non-financial goals such as improving the health of a population as opposed to the private sector that has primarily financial goals such as revenue targets.

**22 Examples of Public Services - Simpllicable**

Joint working for public service delivery. Public services are those which public bodies (such as central or local government) either provide themselves or commission others to provide.
