Last Ideas

Overall, our company believe that Truman By David Mccullough deserves a read, in spite of some minor flaws. The unique narration style, relatable characters, and plot twists make it a rewarding addition to your shelf. So, if you're trying to find a fascinating read, Truman By David Mccullough is definitely worth thinking about.

Truman Simon and Schuster

The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America’s beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries, Truman’s story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman’s own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary “man from Missouri” who was perhaps the most courageous president in our history.

Truman Simon and Schuster

In this riveting biography, David McCullough captures Harry S. Truman and the turbulent, historically significant times during which he served.

The Trials of Harry S. Truman

The Extraordinary Presidency of an Ordinary Man, 1945-1953 Simon and Schuster

Jeffrey Frank, author of the bestselling Ike and Dick, returns with the first full account of the Truman presidency in nearly thirty years, recounting how so ordinary a man met the extraordinary challenge of leading America through the pivotal years of the mid-20th century. The nearly eight years of Harry Truman’s presidency—among the most turbulent in American history—were marked by victory in the wars against Germany and Japan; the first use of an atomic weapon; the beginning of the Cold War; creation of the NATO alliance; the founding of the United Nations; the Marshall Plan to rebuild the wreckage of postwar Europe; the Red Scare; and the fateful decision to commit troops to fight in Korea. Historians have tended to portray Truman as stolid and decisive, with a homespun manner, but the man who emerges in The Trials of Harry S. Truman is complex and surprising. He believed that the point of public service was to improve the lives of one’s fellow citizens, and was disturbed by the brutal treatment of African Americans. Yet while he supported stronger civil rights laws, he never quite relinquished the deep-rooted outlook of someone with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of emotion, as when, in the aftermath of World War II, moved by the plight of refugees, he pushed to recognize the new state of Israel. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political instincts, but insecure, quick to anger, and prone to hasty decisions. Archival discoveries, and research that led from Missouri to Washington, Berlin and Korea, have contributed to an indelible, and deeply human, portrait of an ordinary man suddenly forced to shoulder extraordinary responsibilities, who never lost a schoolboy’s romantic love for his country, and its Constitution.

The American Spirit

Who We Are and What We Stand For Simon and Schuster

"This timely collection of speeches by David McCullough, the most honored historian in the United States--winner of two Pulitzer Prizes, two National Book Awards, and the Presidential Medal of Freedom, among many other honors--reminds us of fundamental American principles. Over the course of his distinguished career, David McCullough has spoken before Congress, the White House, colleges and universities, historical societies, and other esteemed institutions. Now, as many

Americans engage in self-reflection following a bitter election campaign that has left the country divided, McCullough has collected some of his most important speeches in a brief volume that articulates important principles and characteristics that are particularly American..."--Jacket.

David McCullough American History E-book Box Set

John Adams, 1776, Truman, The Course of Human Events *Simon and Schuster*

A special eBook boxed set from Pulitzer Prize-winning author David McCullough, featuring four books on American history. This e-book box set includes the following American History-themed books by David McCullough: · John Adams: The magisterial, Pulitzer Prize-winning biography of the independent, irascible Yankee patriot, one of our nation’s founders and most important figures, who became our second president. · 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history’s enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

Mornings on Horseback

The Story of an Extraordinary Faimly, a Vanished Way of Life and the Unique Child Who Became Theodore Roosevelt *Simon and Schuster*

The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States, told by master historian David McCullough. Mornings on Horseback is the brilliant biography of the young Theodore Roosevelt. Hailed as “a masterpiece” (John A. Gable, *Newsday*), it is the winner of the Los Angeles Times 1981 Book Prize for Biography and the National Book Award for Biography. Written by David McCullough, the author of Truman, this is the story of a remarkable little boy, seriously handicapped by recurrent and almost fatal asthma attacks, and his struggle to manhood: an amazing metamorphosis seen in the context of the very uncommon household in which he was raised. The father is the first Theodore Roosevelt, a figure of unbounded energy, enormously attractive and selfless, a god in the eyes of his small, frail namesake. The mother, Mittie Bulloch Roosevelt, is a Southerner and a celebrated beauty, but also considerably more, which the book makes clear as never before. There are sisters Anna and Corinne, brother Elliott (who becomes the father of Eleanor Roosevelt), and the lovely, tragic Alice Lee, TR’s first love. All are brought to life to make “a beautifully told story, filled with fresh detail” (The New York Times Book Review). A book to be read on many levels, it is at once an enthralling story, a brilliant social history and a work of important scholarship which does away with several old myths and breaks entirely new ground. It is a book about life intensely lived, about family love and loyalty, about grief and courage, about “blessed” mornings on horseback beneath the wide blue skies of the Badlands.

The Pioneers

The Heroic Story of the Settlers Who Brought the American Ideal West *Simon & Schuster*

#1 NEW YORK TIMES BESTSELLER Pulitzer Prize-winning historian David McCullough rediscovers an important and dramatic chapter in the American story—the settling of the Northwest Territory by dauntless pioneers who overcame incredible hardships to build a community based on ideals that would come to define our country. As part of the Treaty of Paris, in which Great Britain recognized the new United States of America, Britain ceded the land that comprised the immense Northwest Territory, a wilderness empire northwest of the Ohio River containing the future states of Ohio, Indiana, Illinois, Michigan, and Wisconsin. A Massachusetts minister named Manasseh Cutler was instrumental in opening this vast territory to veterans of the Revolutionary War and their families for settlement. Included in the Northwest Ordinance were three remarkable conditions: freedom of religion, free universal education, and most importantly, the prohibition of slavery. In 1788 the first band of pioneers set out from New England for the Northwest Territory under the leadership of Revolutionary War veteran General Rufus Putnam. They settled in what is now Marietta on the banks of the Ohio River. McCullough tells the story through five major characters: Cutler and Putnam; Cutler’s son Ephraim; and two other men, one a carpenter turned architect, and the other a physician who became a prominent pioneer in American science. They and their families created a town in a primeval wilderness, while coping with such frontier realities as floods, fires, wolves and bears, no roads or bridges, no guarantees of any sort, all the while negotiating a contentious and sometimes hostile relationship with the native people. Like so many of McCullough’s subjects, they let no obstacle deter or defeat them. Drawn in great part from a rare and all-but-unknown collection of diaries and letters by the key figures, The Pioneers is a uniquely American story of people whose ambition and courage led them to remarkable accomplishments. This is a revelatory and quintessentially American story, written with David McCullough’s signature narrative energy.

Brave Companions *Simon and Schuster*

From Alexander von Humboldt to Charles and Anne Lindbergh, these are stories of people of great vision and daring whose achievements continue to inspire us today, brilliantly told by master historian David McCullough. The bestselling author of Truman and John Adams, David McCullough has written profiles of exceptional men and women past and present who have not only shaped the course of history or changed how we see the world but whose stories express much that is timeless about the human condition. Here are Alexander von Humboldt, whose epic explorations of South America surpassed the Lewis and Clark expedition; Harriet Beecher Stowe, “the little woman who made the big war”; Frederic Remington; the extraordinary Louis Agassiz of Harvard; Charles and Anne Lindbergh, and their fellow long-distance pilots Antoine de Saint-Exupéry and Beryl Markham; Harry Caudill, the Kentucky lawyer who awakened the nation to the tragedy of Appalachia; and David Plowden, a present-day photographer of vanishing America. Different as they are from each other, McCullough’s subjects have in common a rare vitality and sense of purpose. These are brave companions: to each other, to David McCullough, and to the reader, for with rare storytelling ability McCullough brings us into the times they knew and their very uncommon lives.

David McCullough Library E-book Box Set

1776, Brave Companions, The Great Bridge, John Adams, The Johnstown Flood, Mornings on Horseback, Path Between the Seas, Truman, The Course of Human Events *Simon and Schuster*

Perfect for David McCullough fans and history lovers alike, this eBook boxed set features all of his

bestselling titles, from 1776 to Mornings on Horseback. This e-book box set includes all of David McCullough’s bestselling backlist titles: · 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. · Brave Companions: Profiles of exceptional men and women who shaped history, among them Alexander von Humboldt, Harriet Beecher Stowe, and Charles and Anne Lindbergh. · The Great Bridge: The remarkable, enthralling story of the planning and construction of the Brooklyn Bridge, which linked two great cities and epitomized American optimism, skill, and determination. · John Adams: The magisterial, Pulitzer Prize-winning biography of the independent, irascible Yankee patriot, one of our nation’s founders and most important figures, who became our second president. · The Johnstown Flood: The classic history of an American tragedy that became a scandal in the age of the Robber Barons, the preventable flood that destroyed a town and killed 2,000 people. · Mornings on Horseback: The brilliant National Book Award-winning biography of young Theodore Roosevelt’s metamorphosis from sickly child to a vigorous, intense man poised to become a national hero and then president. · Path Between the Seas: The epic National Book Award-winning history of the heroic successes, tragic failures, and astonishing engineering and medical feats that made the Panama Canal possible. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history’s enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

John Adams *Simon and Schuster*

Chronicles the life of America's second president, including his youth, his career as a Massachusetts farmer and lawyer, his marriage to Abigail, his rivalry with Thomas Jefferson, and his influence on the birth of the United States.

David McCullough: The Presidential Biographies

John Adams, Mornings on Horseback, and Truman *Simon & Schuster*

From “one of our most gifted living writers” (The Washington Post), this collection includes David McCullough’s masterful biographies of three great presidents: John Adams, Harry S. Truman, and Theodore Roosevelt. Both John Adams and Truman won the Pulitzer Prize for biography. This boxed set will include the following three volumes: John Adams The Pulitzer Prize-winning, bestselling biography of America’s founding father and second president that was the basis for the acclaimed HBO series, John Adams reads like an epic historical novel, breathing fresh life into the history of the American Revolution and the birth of the young republic. Truman The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War. Mornings on Horseback The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States.

Affection and Trust

The Personal Correspondence of Harry S. Truman and Dean Acheson, 1953-1971 *U of Nebraska Press*

In this collection, published for the first time, we follow Harry S. Truman and Dean Acheson, two giants of the post-World War II period, as they move from an official relationship to one of candor, humor, and personal expression. In these letters, spanning the years from when both were newly out of office until Acheson's death at age 78, we find them sharing the often surprising opinions, ideas, and feelings that the strictures of their offices had previously kept them from revealing. They felt a powerful need to keep in touch as they viewed with dismay what they considered to be the Eisenhower administration's fumbling of foreign affairs and the impact of Joseph McCarthy. After Kennedy won in 1960, they discussed Acheson's reluctant involvement in the Cuban missile crisis and the Allied position in Berlin--From publisher description.

Man of the People

A Life of Harry S. Truman *Oxford University Press, USA*

Offers a portrait of the president's complex personality and long and varied career, revealing an insecure but ambitious man determined to surmount his own weaknesses and stand behind his decisions

Plain Speaking

An Oral Biography of Harry S. Truman *Rosetta Books*

“Never has a President of the United States, or any head of state for that matter, been so totally revealed, so completely documented” (Robert A. Arthur). Plain Speaking is the bestselling book based on conversations between Merle Miller and the thirty-third President of the United States, Harry S. Truman. From these interviews, as well as others who knew him over the years, Miller transcribes Truman’s feisty takes on everything from his personal life, military service, and political career to the challenges he faced in taking the office during the final days of World War II and the beginning of the Cold War. Using a series of taped discussions from 1962 that never aired on television, Plain Speaking takes an opportunity to deliver exactly how Mr. Truman felt about the presidency, and his thoughts in his later years on his accomplishments and the legacy he left behind. “The values of Plain Speaking, on the whole, are those of the highest form of political communication: the bull session. As with all good bull sessions, what is said here ranges widely in quality and seriousness, as one should expect when dealing with a complex man.” —The New York Times “Plain Speaking has a nostalgic, downhome quality of good friends gossiping over the back fence, or saying their piece of a twilight eve rocking on the porch—and if those fellas back in Washington have their secret machines running, well, they won’t like what they overhear. Not one little bit.” —Kirkus Reviews

The Truman Presidency *Cambridge University Press*

The essays in this volume provide a wide-ranging overview of the intentions, achievements, and failures of the Truman administration.

Dear Bess

The Letters from Harry to Bess Truman, 1910-1959 *University of Missouri Press*

Once again available is the critically acclaimed Dear Bess, a collection of more than 600 letters that Harry S. Truman wrote to his beloved wife, Bess, from 1910 to 1959. Selected from 1,268 letters discovered in Bess's house after her death in 1982, this extraordinary collection provides an inside look at Truman's life, his thoughts, and his dreams.

Harry S. Truman

The Accidental President

Harry S. Truman and the Four Months that Changed the World *Houghton Mifflin Harcourt*

A look at the president's tumultuous first four months in office examines the events he presided over, including the founding of the United Nations, the Nazi surrender, the liberation of concentration camps, and the decision to drop the bomb.

Biographies of Great Men

The Course of Human Events

The 2003 Jefferson Lecture in the Humanities *Simon and Schuster*

In this short speech, the master historian tracks the founding fathers' and his own fascination with all things historical.

The Great Bridge

The Epic Story of the Building of the Brooklyn Bridge *Simon and Schuster*

A detailed account of the construction of the Brooklyn Bridge providing background on its engineering history as well as the political and social climate of the late-nineteenth century. Reissue. 10,000 first printing.

The Wright Brothers *Simon and Schuster*

The #1 New York Times bestseller from David McCullough, two-time winner of the Pulitzer Prize—the dramatic story-behind-the-story about the courageous brothers who taught the world how to fly—Wilbur and Orville Wright. On a winter day in 1903, in the Outer Banks of North Carolina, two brothers—bicycle mechanics from Dayton, Ohio—changed history. But it would take the world some time to believe that the age of flight had begun, with the first powered machine carrying a pilot. Orville and Wilbur Wright were men of exceptional courage and determination, and of far-ranging intellectual interests and ceaseless curiosity. When they worked together, no problem seemed to be insurmountable. Wilbur was unquestionably a genius. Orville had such mechanical ingenuity as few had ever seen. That they had no more than a public high school education and little money never stopped them in their mission to take to the air. Nothing did, not even the self-evident reality that every time they took off, they risked being killed. In this “enjoyable, fast-paced tale” (The Economist), master historian David McCullough “shows as never before how two Ohio boys from a remarkable family taught the world to fly” (The Washington Post) and “captures the marvel of what the Wrights accomplished” (The Wall Street Journal). He draws on the extensive Wright family papers to profile not only the brothers but their sister, Katharine, without whom things might well have gone differently for them. Essential reading, this is “a story of timeless importance, told with uncommon empathy and fluency...about what might be the most astonishing feat mankind has ever accomplished...The Wright Brothers soars” (The New York Times Book Review).

Another Such Victory

President Truman and the Cold War, 1945-1953 *Stanford University Press*

This book is a provocative and thoroughly documented reassessment of President Truman's profound influence on U.S. foreign policy and the Cold War. The author contends that Truman remained a parochial nationalist who lacked the vision and leadership to move the United States away from conflict and toward detente. Instead, he promoted an ideology and politics of Cold War confrontation that set the pattern for successor administrations."

Harry S. Truman

A Life *University of Missouri Press*

Few U.S. presidents have captured the imagination of the American people as has Harry S. Truman, “the man from Missouri.” In this major new biography, Robert H. Ferrell, widely regarded as an authority on the thirty-third president, challenges the popular characterization of Truman as a man who rarely sought the offices he received, revealing instead a man who—with modesty, commitment to service, and basic honesty—moved with method and system toward the presidency. Truman was ambitious in the best sense of the word. His powerful commitment to service was accompanied by a remarkable shrewdness and an exceptional ability to judge people. He regarded himself as a consummate politician, a designation of which he was proud. While in Washington, he never succumbed to the “Potomac fever” that swelled the heads of so many officials in that city. A scrupulously honest man, Truman exhibited only one lapse when, at the beginning of 1941, he padded his Senate payroll by adding his wife and later his sister. From his early years on the family farm through his pivotal decision to use the atomic bomb in World War II, Truman’s life was filled with fascinating events. Ferrell’s exhaustive research offers new perspectives on many key episodes in Truman’s career, including his first Senate term and the circumstances surrounding the Truman Doctrine and the Marshall Plan. In addition, Ferrell taps many little-known sources to relate the intriguing story of the machinations by which Truman gained the vice presidential nomination in 1944, a position which put him a heartbeat away from the presidency. No other historian has ever demonstrated such command over the vast amounts of material that Robert Ferrell brings to bear on the unforgettable story of Truman’s life. Based upon years of research in the Truman Library and the study of many never-before-used primary sources, Harry S. Truman is destined to become the authoritative account of the nation’s favorite president.

Johnstown Flood *Simon and Schuster*

The stunning story of one of America’s great disasters, a preventable tragedy of Gilded Age America, brilliantly told by master historian David McCullough. At the end of the nineteenth century, Johnstown, Pennsylvania, was a booming coal-and-steel town filled with hardworking families striving for a piece of the nation’s burgeoning industrial prosperity. In the mountains above Johnstown, an old earth dam had been hastily rebuilt to create a lake for an exclusive summer resort patronized by the tycoons of that same industrial prosperity, among them Andrew Carnegie, Henry Clay Frick, and Andrew Mellon. Despite repeated warnings of possible danger, nothing was done about the dam. Then came May 31, 1889, when the dam burst, sending a wall of water thundering down the

mountain, smashing through Johnstown, and killing more than 2,000 people. It was a tragedy that became a national scandal. Graced by David McCullough’s remarkable gift for writing richly textured, sympathetic social history, The Johnstown Flood is an absorbing, classic portrait of life in nineteenth-century America, of overweening confidence, of energy, and of tragedy. It also offers a powerful historical lesson for our century and all times: the danger of assuming that because people are in positions of responsibility they are necessarily behaving responsibly.

The Path Between the Seas

The Creation of the Panama Canal, 1870-1914 *Simon and Schuster*

The National Book Award-winning epic chronicle of the creation of the Panama Canal, a first-rate drama of the bold and brilliant engineering feat that was filled with both tragedy and triumph, told by master historian David McCullough. From the Pulitzer Prize-winning author of Truman, here is the national bestselling epic chronicle of the creation of the Panama Canal. In The Path Between the Seas, acclaimed historian David McCullough delivers a first-rate drama of the sweeping human undertaking that led to the creation of this grand enterprise. The Path Between the Seas tells the story of the men and women who fought against all odds to fulfill the 400-year-old dream of constructing an aquatic passageway between the Atlantic and Pacific oceans. It is a story of astonishing engineering feats, tremendous medical accomplishments, political power plays, heroic successes, and tragic failures. Applying his remarkable gift for writing lucid, lively exposition, McCullough weaves the many strands of the momentous event into a comprehensive and captivating tale. Winner of the National Book Award for history, the Francis Parkman Prize, the Samuel Eliot Morison Award, and the Cornelius Ryan Award (for the best book of the year on international affairs), The Path Between the Seas is a must-read for anyone interested in American history, the history of technology, international intrigue, and human drama.

The Autobiography of Harry S. Truman

Originally published: Boulder, Colo.: Colorado Associated University Press, 1980.

Truman Fires MacArthur (ebook excerpt of Truman) *Simon and Schuster*

An intemperate general. An unpopular war. A military and diplomatic team in disarray. Those are the challenges President Obama has faced as he attempts to make a success of U.S. involvement in Afghanistan. They are also the challenges President Truman surmounted in the winter of 1950 as he began managing a war in Korea that risked becoming bigger and more costly. It was the first significant armed conflict of the Cold War: U.S. troops under the command of General Douglas MacArthur came to the aid of the South Koreans after North Korea invaded. When Communist China entered the conflict on the side of the North Koreans, the crisis seemed on the verge of flaring into a world war. Truman was determined not to let that happen. MacArthur kept urging a widening of the war into China itself and ignoring his commander in chief. On April 11, 1951, after MacArthur had “shot his mouth off,” as one diplomat put it, one too many times, Truman fired him. The story of their showdown—one of the most dramatic in U.S. history between a commander in chief and his top soldier in the field—is captured in all its detail by David McCullough in his Pulitzer Prize-winning biography Truman, and presented here in a ebook called Truman Fires MacArthur (ebook excerpt of Truman), which was the headline carried in many newspapers around the country the next day.

Seventeen Seventy-six *Simon and Schuster*

Draws on personal correspondence and period diaries to present a history of the American Revolution that includes the siege of Boston, the American defeat at Brooklyn, the retreat across New Jersey, and the American victory at Trenton.

Character Above All

Ten Presidents from FDR to George Bush

Essays on ten United States presidents include Doris Kearns Goodwin on FDR, David McCullough on Truman, Stephen Ambrose on Eisenhower, Richard Reeves on Kennedy, and Peggy Noonan on Reagan. 35,000 first printing.

The Wright Brothers

By David McCullough *Createspace Independent Publishing Platform*

The Wright Brothers by David McCullough | A 15-Minute Summary & Analysis Preview:In the outskirts of North Carolina, on a small hamlet barely inhabitable and just shy of the stone age, history would take a flying leap into the vast unknown. A daring gamble that would test the very limits of the possible and for once cement the notion that conquering impossibility was just one risk away. On 1903, on a remote spot of land, besieged by winds and winter weather, modern age of aviation was born. Kitty Hawk secured its spot in the annals of history when two adventurous brothers overcame gravity and proved that flight was no longer the sole domain of the birds. Their names were Wilbur and Orville, and they would forever be called "The Wright Brothers."David McCullough's latest book once more proves that the Pulitzer garnered writer is not only a force to be reckoned with, but quite possibly the absolute authority as far as historical fictions are concerned. His meticulous, almost painstaking study into the lives of the two pioneering auto-didactics that rewrote the laws of aerodynamics is nothing short of a thrilling romance set in an a particular age; the age of invention. A romance of men and creativity. A period in American history where the outflow of patents and breakthroughs flowed like honey onto a continuously gobsmacked nation. PLEASE NOTE: This is a Summary and Analysis of the book and NOT the original book. This companion includes the following: - Book Review- Character List- Summary of the Chapters- Discussion Questions- Analysis of Themes & Symbols This Analysis fills the gap, making you understand more while enhancing your reading experience.

The Greater Journey

Americans in Paris *Simon and Schuster*

The #1 bestseller that tells the remarkable story of the generations of American artists, writers, and doctors who traveled to Paris, the intellectual, scientific, and artistic capital of the western world, fell in love with the city and its people, and changed America through what they learned, told by America’s master historian, David McCullough. Not all pioneers went west. In The Greater Journey, David McCullough tells the enthralling, inspiring—and until now, untold—story of the adventurous American artists, writers, doctors, politicians, and others who set off for Paris in the years between 1830 and 1900, hungry to learn and to excel in their work. What they achieved would profoundly alter American history. Elizabeth Blackwell, the first female doctor in America, was one of this intrepid band. Another was Charles Sumner, whose encounters with black students at the Sorbonne inspired him to become the most powerful voice for abolition in the US Senate. Friends James

Fenimore Cooper and Samuel F. B. Morse worked unrelentingly every day in Paris, Morse not only painting what would be his masterpiece, but also bringing home his momentous idea for the telegraph. Harriet Beecher Stowe traveled to Paris to escape the controversy generated by her book, Uncle Tom’s Cabin. Three of the greatest American artists ever—sculptor Augustus Saint-Gaudens, painters Mary Cassatt and John Singer Sargent—flourished in Paris, inspired by French masters. Almost forgotten today, the heroic American ambassador Elihu Washburne bravely remained at his post through the Franco-Prussian War, the long Siege of Paris, and the nightmare of the Commune. His vivid diary account of the starvation and suffering endured by the people of Paris is published here for the first time. Telling their stories with power and intimacy, McCullough brings us into the lives of remarkable men and women who, in Saint-Gaudens’ phrase, longed “to soar into the blue.

Eleanor and Harry

The Correspondence of Eleanor Roosevelt and Harry S. Truman Citadel Press

A collection of previously unpublished correspondence between Harry S. Truman and Eleanor Roosevelt offers insight into their deep and sometimes turbulent friendship as it occurred against a backdrop of the Cold War, the rebuilding of postwar Europe, and the early Civil Rights movement. Reprint.

Citizen Soldier

A Life of Harry S. Truman

Depicts the life of America's 33rd president, from his impoverished start with his farming family, through enlisting in the army in 1917 and numerous failed business ventures to beginning a political career in Missouri that ultimately led to the presidency. 40,000 first printing.

Alice James

A Biography New York Review of Books

The Jameses are perhaps the most extraordinary and distinguished family in American intellectual life. Henry’s novels, celebrated as among the finest in the language, and William’s groundbreaking philosophical and psychological works, have won these brothers a permanent place at the center of the nation’s cultural firmament. Less well known is their enigmatic younger sister, Alice. As Jean Stouse’s generous, probing, and deeply imaginative biography shows, however, Alice James was a fascinating and exceptional figure in her own right. Tortured throughout her short life by an array of nervous disorders, constrained by social convention from achieving the worldly success she so desired, Alice nevertheless emerges from this remarkable book as a personality every bit as peculiar and engaging as her two famous brothers. “The moral and philosophical questions that Henry wrote up as fiction and William as science,” writes Strouse, “Alice simply lived.” With a psychological penetration and high eloquence that are altogether Jamesian, Strouse traces the formation of a unique identity, from Alice’s unconventional peripatetic childhood in continental Europe through her years of spinsterhood in the United Sates and later England. It was there that she began to keep her celebrated diary, full of fitting social observation and unblinking self-analysis. “I consider myself one of the most potent creations of my time,” she wrote to William, with characteristic tartness, towards the end of her life, “and though I may not have a group of Harvard students sitting at my feet drinking in psychic truth, I shall not tremble, I assure you, at the last trump.”

Harry S. Truman

His Life and Times Kansas City Star Books

Saving Freedom

Truman, the Cold War, and the Fight for Western Civilization HarperCollins

NEW YORK TIMES BESTSELLER! History called on Harry Truman to unite the Western world against Soviet communism, but first he had to rally Republicans and Democrats behind America’s most dramatic foreign policy shift since George Washington delivered his farewell address. How did one of the least prepared presidents to walk into the Oval Office become one of its most successful? The year was 1947. The Soviet Union had moved from being America’s uneasy ally in the Second World War to its most feared enemy. With Joseph Stalin’s ambitions pushing westward, Turkey was pressured from the east while communist revolutionaries overran Greece. The British Empire was battered from its war with Hitler and suddenly teetering on the brink of financial ruin. Only America could afford to defend freedom in the West, and the effort was spearheaded by a president who hadn’t even been elected to that office. But Truman would wage a domestic political battle that carried with it the highest of stakes, inspiring friends and foes alike to join in his crusade to defend democracy across the globe. In Saving Freedom, Joe Scarborough recounts the historic forces that moved Truman toward his country’s long twilight struggle against Soviet communism, and how this untested president acted decisively to build a lasting coalition that would influence America’s foreign policy for generations to come. On March 12, 1947, Truman delivered an address before a joint session of Congress announcing a policy of containment that would soon become known as the Truman Doctrine. That doctrine pledged that the United States would “support free peoples who are resisting attempted subjugation by armed minorities or by outside pressures.” The untested president’s policy was a radical shift from 150 years of isolationism, but it would prove to be the pivotal moment that guaranteed Western Europe’s freedom, the American Century’s rise, and the eventual collapse of the Soviet Union. Truman’s triumph over the personal and political struggles that confronted him following his ascension to the presidency is an inspiring tale of American leadership, fierce determination, bipartisan unity, and courage in the face of the rising Soviet threat. Saving Freedom explores one of the most pivotal moments of the twentieth century, a turning point

when patriotic Americans of both political parties worked together to defeat tyranny.

The General vs. the President

MacArthur and Truman at the Brink of Nuclear War Anchor

From master storyteller and historian H. W. Brands comes the riveting story of how President Harry Truman and General Douglas MacArthur squared off to decide America's future in the aftermath of World War II. At the height of the Korean War, President Harry S. Truman committed a gaffe that sent shock waves around the world. When asked by a reporter about the possible use of atomic weapons in response to China's entry into the war, Truman replied testily, "The military commander in the field will have charge of the use of the weapons, as he always has." This suggested that General Douglas MacArthur, the willful, fearless, and highly decorated commander of the American and U.N. forces, had his finger on the nuclear trigger. A correction quickly followed, but the damage was done; two visions for America's path forward were clearly in opposition, and one man would have to make way. Truman was one of the most unpopular presidents in American history. Heir to a struggling economy, a ruined Europe, and increasing tension with the Soviet Union, on no issue was the path ahead clear and easy. General MacArthur, by contrast, was incredibly popular, as untouchable as any officer has ever been in America. The lessons he drew from World War II were absolute: appeasement leads to disaster and a showdown with the communists was inevitable--the sooner the better. In the nuclear era, when the Soviets, too, had the bomb, the specter of a catastrophic third World War lurked menacingly close on the horizon. The contest of wills between these two titanic characters unfolds against the turbulent backdrop of a faraway war and terrors conjured at home by Joseph McCarthy. From the drama of Stalin's blockade of West Berlin to the daring landing of MacArthur's forces at Inchon to the shocking entrance of China into the war, The General and the President vividly evokes the making of a new American era.

FDR Random House Trade Paperbacks

NATIONAL BESTSELLER - "A model presidential biography... Now, at last, we have a biography that is right for the man" - Jonathan Yardley, The Washington Post Book World One of today’s premier biographers has written a modern, comprehensive, indeed ultimate book on the epic life of Franklin Delano Roosevelt. In this superlative volume, Jean Edward Smith combines contemporary scholarship and a broad range of primary source material to provide an engrossing narrative of one of America's greatest presidents. This is a portrait painted in broad strokes and fine details. We see how Roosevelt’ s restless energy, fierce intellect, personal magnetism, and ability to project effortless grace permitted him to master countless challenges throughout his life. Smith recounts FDR’s battles with polio and physical disability, and how these experiences helped forge the resolve that FDR used to surmount the economic turmoil of the Great Depression and the wartime threat of totalitarianism. Here also is FDR’s private life depicted with unprecedented candor and nuance, with close attention paid to the four women who molded his personality and helped to inform his worldview: His mother, Sara Delano Roosevelt, formidable yet ever supportive and tender; his wife, Eleanor, whose counsel and affection were instrumental to FDR’s public and individual achievements; Lucy Mercer, the great romantic love of FDR’s life; and Missy LeHand, FDR’s longtime secretary, companion, and confidante, whose adoration of her boss was practically limitless. Smith also tackles head-on and in-depth the numerous failures and miscues of Roosevelt’ s public career, including his disastrous attempt to reconstruct the Judiciary; the shameful internment of Japanese-Americans; and Roosevelt’s occasionally self-defeating Executive overreach. Additionally, Smith offers a sensitive and balanced assessment of Roosevelt’s response to the Holocaust, noting its breakthroughs and shortcomings. Summing up Roosevelt’s legacy, Jean Smith declares that FDR, more than any other individual, changed the relationship between the American people and their government. It was Roosevelt who revolutionized the art of campaigning and used the burgeoning mass media to garner public support and allay fears. But more important, Smith gives us the clearest picture yet of how this quintessential Knickerbocker aristocrat, a man who never had to depend on a paycheck, became the common man’s president. The result is a powerful account that adds fresh perspectives and draws profound conclusions about a man whose story is widely known but far less well understood. Written for the general reader and scholars alike, FDR is a stunning biography in every way worthy of its subject.

Ike and Dick

Portrait of a Strange Political Marriage Simon and Schuster

Dwight D. Eisenhower and Richard Nixon had a political and private relationship that lasted nearly twenty years, a tie that survived hurtful slights, tense misunderstandings, and the distance between them in age and temperament. Yet the two men brought out the best and worst in each other, and their association had important consequences for their respective presidencies. In Ike and Dick, Jeffrey Frank rediscovers these two compelling figures with the sensitivity of a novelist and the discipline of a historian. He offers a fresh view of the younger Nixon as a striving tactician, as well as the ever more perplexing person that he became. He portrays Eisenhower, the legendary soldier, as a cold, even vain man with a warm smile whose sound instincts about war and peace far outpaced his understanding of the changes occurring in his own country. Eisenhower and Nixon shared striking characteristics: high intelligence, cunning, and an aversion to confrontation, especially with each other. Ike and Dick, informed by dozens of interviews and deep archival research, traces the path of their relationship in a dangerous world of recurring crises as Nixon’s ambitions grew and Eisenhower was struck by a series of debilitating illnesses. And, as the 1968 election cycle approached and the war in Vietnam roiled the country, it shows why Eisenhower, mortally ill and despite his doubts, supported Nixon’s final attempt to win the White House, a change influenced by a family matter: his grandson David’s courtship of Nixon’s daughter Julie—teenagers in love who understood the political stakes of their union.
