Dillman S Tailored Design Method

Don A. Dillman. July 2014. The Tailored Design Method (TDM) was conceived in the early 1970's as an approach to designing mail and telephone surveys that emphasized giving attention to all aspects of questionnaires and survey implementation procedures experienced by recipients of survey requests. It was proposed that the likelihood of obtaining questionnaire answers was greatest if the survey designer simultaneously focused on reducing costs, increasing benefits, and engendering trust that ...
