I have no idea if it was written first, but the Black Lyon is the prequel to Jude

Deveraux's Montgomery series- in fact, it's the tale of the origin of the clan. Written in a medieval setting, I'm guessing 1200's because we're talking vassals of English King Edward the 1st.

The Black Lyon is an extremely angsty

tale of a beautiful baroness and her rocky marriage with a damaged, jealous earl. It was surprising, because this novel didn't seem to follow a normal pattern most medievals do. There were a lot of plot twists, and even though I called the drama before it happened, there wasn't much time to ever grow bored.
