8 Weeks Pregnant: Symptoms, Tips, and More

Anything before I think it said 8 weeks on a poster at the hospital is basically just an educated guess as the baby is so so tiny. I saw my midwife at 10 weeks (by my dates not the hospitals) and heard my baby's heartbeat so my dates were definitely right as she said 10 weeks was the earliest she could detect a heartbeat with her doppler.

Should be 8 weeks but only measuring 5. Repeat scan ...

These 8 practical tips cover the basics of healthy eating and can help you make healthier choices. The key to a healthy diet is to eat the right amount of calories for how active you are so you balance the energy you consume with the energy you use.. If you eat or drink more than your body needs, you'll put on weight because the energy you do not use is stored as fat.
