The Basis Of Social Relations

In social science, a social relation or social interaction is any relationship between two or more individuals. Social relations derived from individual agency form the basis of social structure and the basic object for analysis by social scientists. Fundamental inquiries into the nature of social relations feature in the work of sociologists such as Max Weber in his theory of social action. Social relationships are composed of both positive and negative interactions, representing opposing effec

W.I. Thomas: Review of The Basis of Social Relations

The nature of material social relations is determined by the productive forces of the society and does not depend on the will and the consciousness of people. Mediated by human consciousness, ideological social relations—political, legal, moral, and others—arise on the base of material social relations and form a superstructure above them.
