Women and Politics is a comprehensive examination of women's use of politics in pursuit of gender equality. How can demands for gender equality be reconciled with sex differences? Resolving this paradoxical question has proceeded along two paths: the legal equality doctrine, which emphasizes gender neutrality, and the fairness doctrine, which recognizes differences between men and women.

Women and Politics | Taylor & Francis Group

WOMEN AND POLITICS examines the pursuit of gender equality from two viewpoints: the legal equality doctrine, which emphasizes gender neutrality, and the fairness doctrine, which recognizes differences between men and women. The text's in-depth analysis and clear presentation of theory and history helps students to think critically about gender and about the challenges faced by women today and ...

Get Access. This chapter examines women as political actors in a variety of political roles such as legislative, executive, judicial, military and at different levels of government such as local, state, and federal, some elected and some appointed. It suggests that women's power beyond the agenda-setting stage of policy formation may be limited by their lack of significant numbers and the influence that comes with leadership positions within institutions of government.

Women as Political Actors: Representation and Advocacy

...

The field of women in politics in general has ignored issues of economic participation and reproductive rights in favor of a limited focus on electoral participation. But Ford's Women and Politics includes these issues because without them women will not be present in the electoral field much longer. Ford's paradox of equality framework helps students understand the stakes involved when women—of all races, sexualities, classes and religious backgrounds—feature prominently in politics ...

Why Aren't There More Women In Politics? : NPR

What the men actively seeking to subvert women's rights need to understand once and for all is that everything is a "women's issue" and women have had enough. Our country's rank for women's political representation, 78th in the world , is dropping and the gender gap in political ambition is growing with obvious ill effects for women's health, economics, education and work.

Women in Politics: Why We Need More Women in Office

There is growing recognition of the untapped capacity and talents of women and women's leadership. Over the last two decades, the rate of women's representation in national parliaments globally has incrementally increased from 11.8 percent in 1998 to 17.8 percent in 2008 to 23.5 percent in 2018. Some regions have seen particularly dramatic increases, such as Sub-Saharan Africa,

Women in Politics: Gender, Power and Development ...

Aristotle: Politics. In his Nicomachean Ethics, Aristotle (384-322 B.C.E.) describes the happy life intended for man by nature as one lived in accordance with virtue, and, in his Politics, he describes the role that politics and the political community must play in bringing about the virtuous life in the citizenry. The Politics also provides analysis of the kinds of political community that ...
