Warren Bennis, the “father” of modern leadership studies and Steven B. Sample, one of the most accomplished university presidents in recent history, came together for candid explorations of the forces that shape successful leaders and unsuccessful ones. It offers profound lessons on what determines the difference between failure and redemption for leaders. And it illuminates important and overlooked dimensions of great leaders ranging from Winston Churchill to Steve Jobs. To succeed in an uncertain and fast-changing world, a shrewd leader must understand which aspects of human

society change—and which aspects never change A mature, wise leader must seek a balance between high-minded ideals and the gritty realities and compromises that leaders face in their daily lives Above all, meaningful leadership remains a matter of character With incredible insight, this book examines why George Washington, Abraham Lincoln, and other giants were able to recover from failures, learn resilience, and prepare themselves for their moments of destiny. In so doing, it demonstrates and helps cultivate the leadership skills that you need to create your own most meaningful legacy. The Art and Adventure of Leadership is a unique

look at leadership, and a critical resource for the leaders of tomorrow.

Last Call at the Hotel Imperial

The Reporters Who Took On a World at War *Random House*

A prize-winning historian's revelatory account of a close-knit band of wildly famous American reporters who, in the run-up to World War II, took on dictators and rewrote the rules of modern journalism "As intimate and gripping as a novel, this brilliant book vividly conveys what it felt like to live through the shocking crises of the thirties and forties."—Larissa MacFarquhar, author of *Strangers Drowning* They were an astonishing group: glamorous, gutsy, and irreverent to the bone. As cub reporters in the 1920s, they roamed across a war-ravaged world, sometimes perched atop mules on wooden saddles,

sometimes gliding through countries in the splendor of a first-class sleeper car. While empires collapsed and fledgling democracies faltered, they chased deposed empresses, international financiers, and Balkan gun-runners, and then knocked back doubles late into the night. Last Call at the Hotel Imperial is the extraordinary story of John Gunther, H. R. Knickerbocker, Vincent Sheean, and Dorothy Thompson. In those tumultuous years, they landed exclusive interviews with Hitler and Mussolini, Nehru and Gandhi, and helped shape what Americans knew about the world. Alongside these backstage glimpses into the halls of power, they left another equally

incredible set of records. Living in the heady afterglow of Freud, they subjected themselves to frank, critical scrutiny and argued about love, war, sex, death, and everything in between. Plunged into successive global crises, Gunther, Knickerbocker, Sheean, and Thompson could no longer separate themselves from the turmoil that surrounded them. To tell that story, they broke long-standing taboos. From their circle came not just the first modern account of illness in Gunther's *Death Be Not Proud*—a memoir about his son's death from cancer—but the first no-holds-barred chronicle of a marriage: Sheean's *Dorothy and Red*,

about Thompson's fractious relationship with Sinclair Lewis. Told with the immediacy of a conversation overheard, this revelatory book captures how the global upheavals of the twentieth century felt up close.

The Happiness Project

Or, Why I Spent a Year Trying to Sing in the Morning, Clean My Closets, Fight Right, Read Aristotle, and Generally Have More Fun *Harper Collins*

What if you could

change your life--without changing your life? Gretchen had a good marriage, two healthy daughters, and work she loved--but one day, stuck on a city bus, she realized that time was flashing by, and she wasn't thinking enough about the things that really mattered. "I should have a happiness project," she decided. She spent the next year test-driving the wisdom of the ages, current scientific studies, and lessons from popular culture about how to be happier. Each month, she pursued a different set of resolutions: go to sleep earlier, quit nagging, forget about results, or take time to be silly. Bit by bit, she began to appreciate and amplify the happiness that already

existed in her life. Written with humour and insight, Gretchen's story will inspire you to start your own happiness project. Now in a beautiful, expanded edition, Gretchen offers a wealth of new material including happiness paradoxes and practical tips on many daily matters: being a more light-hearted parent, sticking to a fitness routine, getting your sweetheart to do chores without nagging, coping when you forget someone's name and more.

How to Think About the Great Ideas

From the Great Books of Western Civilization *Open Court*

Time magazine called Mortimer J. Adler a "philosopher for everyman." In this guide to considering the big questions, Adler addresses the topics all men and women ponder in the course of life, such as "What is love?", "How do we decide the right thing to do?", and, "What does it mean to be good?" Drawing on his extensive knowledge of Western

literature, history, and philosophy, the author considers what is meant by democracy, law, emotion, language, truth, and other abstract concepts in light of more than two millennia of Western civilization and discourse. Adler's essays offer a remarkable and contemplative distillation of the Great Ideas of Western Thought.

War and Peace

Translated by Richard Pevear and Larissa Volokhonsky
Vintage

Nominated as one of America's best-loved novels by PBS's *The Great American Read* Often called the greatest novel ever written, *War and Peace* is at once an epic of the Napoleonic Wars, a philosophical study, and a celebration of the Russian spirit. Tolstoy's genius is seen clearly in the multitude of characters

in this massive chronicle—all of them fully realized and equally memorable. Out of this complex narrative emerges a profound examination of the individual's place in the historical process, one that makes it clear why Thomas Mann praised Tolstoy for his Homeric powers and placed *War and Peace* in the same category as the *Iliad*: "To read him . . . is to find one's way home . . . to everything within us that is fundamental and sane."

Trust Me, I'm Lying

Confessions of a Media Manipulator

Penguin

The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-

Gawker age. Hailed as "astonishing and disturbing" by the *Financial Times* and "essential reading" by *TechCrunch* at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. *Trust Me, I'm Lying* was the first book to blow the lid off the speed and force at which rumors travel online—and get "traded up" the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators, encouraged by the toxic economics of the news business.

Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, "I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets? Because I'm tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive

everything to extremes, and no one is accountable for any of it. I'm pulling back the curtain because it's time the public understands how things really work. What you choose to do with this information is up to you."
