Seven Steps to Eternity

The True Story of One Man's Journey into the Afterlife *CLAIRVIEW BOOKS*

"I died in the Battle of the Somme..."
These were the astonishing first words spoken to clairvoyant and healer

Stephen Turoff by the soul of James Legett, a young soldier who was killed in the First World War. For two years, the world famous psychic surgeon communicated with the soldier's soul, and in the process wrote down his remarkable story; not the tale of Legett's tragically short life on the physical plane, but of his death on a battlefield in France and his soul's subsequent journey into the afterlife. Although he works with many discarnate spirits in his clinic, the dyslexic Turoff was initially reluctant to undertake the task of writing a book. But he was persuaded by the boisterous and genial soul of the dead man. Their literary collaboration involved an unusual method: Legett presented spiritual pictures to Turoff, who with clairvoyant perception interpreted them

into words. The result is this enlightening testimony of life beyond the illusion of death, filled with insight, spiritual wisdom and delightful humour. It is written to show that we are all eternal; there is no death... only change.

7 Steps to Finding Flow

Flip the Script on Stress *Jonathan Ball Publishers*

Exhausted? Strung out? Shackled in your own invisible straitjacket of stress? Seventy per cent of us spend most of our day in a state of stress, with our nervous systems in a position of fight, flight or freeze. Modern day stress has become pervasive in all aspects of our lives through constant pressure, the weight of

perceived expectations and the drive to be always on. Many live with an energy and nervous system that feels like a tightly clenched fist, rather than an easeful, gently unfurling hand. Staying shackled in a state of overwhelm and stress has far-reaching consequences on our health. We often only pay attention when illness strikes, having tuned out to all the messages our bodies were sending us along the way. Health whispers until one day it screams. Let's not wait for the scream. But how do we do this? By having a nervous system in flow. Everything we do transforms energy in our bodies into something supportive or destructive to us, emotionally or physically. What we need is a more easeful, beneficial energy in our lives. In this book you will learn:

What's truly behind your stress, how stress impacts your energy, hormones and nervous system, how to move your nervous system into a state of flow, and how to make choices that support your energy, by living in harmony with your body. Full of practical solutions, wisdom and strategies, 7 Steps to Finding Flow is your guide to lighten the load that stress places on us, and how to move through it with ease when it lands. We can't avoid stress, but we can deal with it differently and access better health, energy and balance. Nicky Rowbotham's 7 Steps to Finding Flow will help you move from being overwhelmed and locked in by stress to a more easeful, resilient and aligned life. Let's flip the script on stress.
