### The power of positive parenting - webinar

Positive parenting reinforces to the child that the parent is in charge (in child development, this is called authoritative parenting style,) and this is a

tremendous comfort to little ones. A child who feels like they have all the power, feels out of control and because of this, are unable to control their emotions and little bodies.

**Power of Parenting - promoting foster caring to help ...**

The Power of Positive Parenting provides an in-depth description of “Triple P,” one of the most extensively studied parenting programs in the world, backed by more than 30 years of ongoing research. Triple P has its origins in social learning theory and the principles of behaviour, cognitive, and affective change, and its aim is to prevent severe behavioural, emotional, and developmental problems in children and adolescents by enhancing the knowledge, skills, and confidence of parents.

**The Power of Positive Parenting - Oxford University Press**

4Proving the Power of Positive Parenting5 Children with emotional and behavioural difficulties (EBD), such as aggressive and hyperactive behaviours, are at increased risk of juvenile delinquency, early school leaving, poor occupational status and alcohol and substance abuse.

**Proving the Power of Positive Parenting**

“Positive parenting” gives words to what parents do every day—challenges included—and keeps the big picture in mind. Here are nine key elements that power a positive approach to parenting: 1. Imagine your child’s point of view, especially during tough moments.
