Math 87 : an incremental development : Hake, Stephen ...

Saxon math, developed by John Saxon, is a teaching method for incremental learning of mathematics. It involves teaching a new mathematical concept every day and constantly reviewing old concepts. Early editions were deprecated for providing very few opportunities to practice the new material before plunging into a review of all previous material. Newer editions typically split the day's work evenly between practicing the new material and reviewing old material. Its primary strength is in a stead

The Saxon Math series as a whole is hugely popular among homeschoolers. It is important to be aware that the Math Intermediate series (for grades three through five) and the series reviewed here (Math 5/4 and up) are very different from the Saxon program for K-3 . One reason Math Intermediate and other Saxon courses for fourth grade and above are used by so many homeschoolers is that they allow students to work independently.
