Visual Studio Solution Folders

In this post, we looked at how to organize Visual Studio projects by adding Solution Folders. These folders are virtual and can be nested, collapsed, expanded, and even hidden in the Solution Explorer. By adding Solution Folders, we can make it easier to focus on specific projects by hiding or scoping to folders.

Organizing Visual Studio Projects in Solution Folders ...

A solution is a structure for organizing projects in Visual Studio. The solution maintains the state information for projects in two files: .sln file (text-based, shared).suo file (binary, user-specific solution options)

You can either use mkdir or the Explorer to create new folders. Now, at the root folder of the solution, type in git mv <source_folder> <destination_location>. Before actually moving the folder, you can also add the --dry-run switch at the end to see what changes would be made and errors which might come (if any).

How to move projects in a Visual Studio Solution to ...

Yes with Visual Studio we can directly add the folder or files without adding it manually one by one in simple steps. First copy the files to the project folder in the explorer, just copy the files alone or if required the folder as well to the project solution folder (just do a simple ctrl+c and ctrl+v) as shown below.

Solutions and projects aren't required to develop apps in Visual Studio. You can also just open a folder that contains code and start coding, building, and debugging. For example, if you clone a GitHub repo, it might not contain Visual Studio projects and solutions.

Introduction to projects and solutions - Visual Studio ...

You can delete solutions and their contents permanently, but not by using the Visual Studio IDE. Deleting items within Visual Studio only removes them from the current solution or project. To permanently delete a solution or other component from your system, use File Explorer to delete the folder that contains the .sln and .suo solution files. However, before permanently deleting a solution, it's recommended that you back up any projects or files in case you need them again.
