Be the One

To Execute Your Trust

Presumptions? or Facts!The State operates on presumptions. Courts operate on presumptions. But what binds me to their presumptions?Where's the contract? What obligations in the contract am I allegedly bound to perform? Did I agree to it? Was the contract valid? Was mutual consideration exchanged? What type of consideration was exchanged? What is in the contract that I am supposed to perform? Was I aware of the contract? Was the contract fully disclosed? Did I sign the contract with my autograph in ink?Statutory laws are public servant codes for society's slaves; for agents of government. We're all presumed to be employees and servants of the state.But, we're servants of God instead; students of the earth, charged with its cultivation and care.

Thirteeners

Why Only 13 Percent of Companies Successfully Execute Their Strategy--and How Yours Can Be One of Them *Greenleaf Book Group*

In today's corporate world, 87 percent of companies fail to successfully execute the strategy they set for any given year. In the pages of this book, CEO mentor and Coach Dan Prosser shows you how to make your company one of the other 13 percent--a Thirteeners. In the process, he explains that the true challenge of building a great company--one that consistently executes its strategy--is understanding the real nature of human interaction and the key to success: connectedness. Whether you're a successful CEO, business owner, entrepreneur, or leader, or whether you're struggling to build the business you've always wanted, Thirteeners will help you... transform your organization's internal connectedness so you can achieve your next level of performance you're looking for. create a workplace environment that supports your vision and assures participation by every team member. produce breakthrough results. With a focus on business as a network of interrelated

conversations and through groundbreaking "Best Place To Work" company research, Prosser demonstrates what you need to do to transform the way your employees think and act to achieve unprecedented levels of performance for your company.

Notes on an Execution

A Novel *HarperCollins*

NATIONAL BESTSELLER "Defiantly populated with living women . . . beautifully drawn, dense with detail and specificity . . . Notes on an Execution is nuanced, ambitious and compelling." —Katie Kitamura, NEW YORK TIMES BOOK REVIEW (Editors' Choice) "A searing portrait of the complicated women caught in the orbit of a serial killer. . . . Compassionate and thought-provoking." —BRIT BENNETT, #1 New York Times bestselling author of *The Vanishing Half* Recommended by New York Times Book Review • Los Angeles Times • Washington Post • Entertainment Weekly • Esquire • Good Housekeeping • USA Today • BuzzFeed • Goodreads • Real Simple • Marie Claire • Rolling Stone • Business Insider • Bustle • PopSugar • The Millions • The Guardian • and many more! In the tradition of *Long Bright River* and *The Mars Room*, a gripping and atmospheric work of literary suspense that deconstructs the story of a serial killer on death row, told primarily through the eyes of the women in his life—from the bestselling author of *Girl in Snow*. Ansel Packer is scheduled to die in twelve hours. He knows what he's done, and now awaits execution, the same chilling fate he forced on those girls, years ago. But Ansel doesn't want to die; he wants to be celebrated, understood. Through a kaleidoscope of women—a mother, a sister, a homicide detective—we learn the story of Ansel's life. We meet his mother, Lavender, a seventeen-year-old girl pushed to desperation; Hazel, twin sister to Ansel's wife, inseparable since birth, forced to watch helplessly as her sister's relationship threatens to devour them all; and finally, Saffy, the detective hot on his trail, who has devoted herself to bringing bad men to justice but struggles to see her own life clearly. As the clock ticks down, these three women sift through the choices that culminate in tragedy, exploring the rippling fissures that such destruction inevitably leaves in its wake. Blending breathtaking suspense with astonishing empathy, *Notes on an Execution* presents a chilling portrait of womanhood as it simultaneously unravels the familiar narrative of the American serial killer, interrogating our system of justice and our cultural obsession with crime stories, asking readers to consider the false promise of looking for meaning in the psyches of violent men. "Poetic and mesmerizing . . . Powerful, important, intensely human, and filled with a unique examination of tragedy, one where the reader is left with a curious emotion: hope." —USA TODAY "A profound and staggering experience of empathy that challenges us to confront what it means to be human in our darkest moments. . . . I relished every page of this brilliant and gripping masterpiece."—ASHLEY AUDRAIN, New York Times bestselling author of *The Push*

The Execution Factor: The One Skill that Drives Success *McGraw Hill Professional*

Learn the best-kept secret of the world's most successful entrepreneurs: EXECUTION! Kim Perell made headlines for her amazing transformative story of a startup entrepreneur to an internationally renowned CEO and prominent angel investor. From her modest beginnings at her kitchen table, she

went from broke to multi-millionaire in just a few short years. Today, she has investments in over 70 startups many of which have been sold to some of the largest Fortune 500 companies. Now, in *The Execution Factor*, she offers indispensable wisdom as she shares her personal journey and proven program for achieving success. The Execution Factor offers a straightforward approach to success — deliberately designed in a way that anyone can master. Perell flips the notion on its head that success is all about having a great idea, an advanced degree or a high IQ. Because people around the world have achieved their dreams without any of those things. Perell believes the ability to execute is the difference between success and failure. The Execution Factor is for anyone looking to transform themselves from a “dreamer” to a “doer” and will make you feel like you have a success coach by your side. Perell teaches her unique 5 traits of execution: vision, passion, action, resilience, and relationships. By the time you’ve completed the book you will have a have a blueprint to achieve your dreams in business and in life. Don’t settle for ordinary when you can have extraordinary. Master execution and change your life.

One Life to Lose for My Country

The Arrest and Execution of Nathan Hale *The Rosen Publishing Group, Inc*

As he awaits execution, American patriot and Revolutionary War army captain Nathan Hale recounts his spy mission, arrest by the British army, and trial and sentence.

The 4 Disciplines of Execution

Achieving Your Wildly Important Goals *Simon and Schuster*

BUSINESS STRATEGY. "The 4 Disciplines of Execution "offers the what but also how effective execution is achieved. They share numerous examples of companies that have done just that, not once, but over and over again. This is a book that every leader should read! (Clayton Christensen, Professor, Harvard Business School, and author of "The Innovator s Dilemma)." Do you remember the last major initiative you watched die in your organization? Did it go down with a loud crash? Or was it slowly and quietly suffocated by other competing priorities? By the time it finally disappeared, it s likely no one even noticed. What happened? The whirlwind of urgent activity required to keep things running day-to-day devoured all the time and energy you needed to invest in executing your strategy for tomorrow. "The 4 Disciplines of Execution" can change all that forever.

Strategy That Works

How Winning Companies Close the Strategy-to-Execution Gap *Harvard Business Review Press*

How to close the gap between strategy and execution Two-thirds of executives say their organizations don’t have the capabilities to support their strategy. In *Strategy That Works*, Paul Leinwand and Cesare Mainardi explain why. They identify conventional business practices that unintentionally create a gap between strategy and execution. And they show how some of the best

companies in the world consistently leap ahead of their competitors. Based on new research, the authors reveal five practices for connecting strategy and execution used by highly successful enterprises such as IKEA, Natura, Danaher, Haier, and Lego. These companies: • Commit to what they do best instead of chasing multiple opportunities • Build their own unique winning capabilities instead of copying others • Put their culture to work instead of struggling to change it • Invest where it matters instead of going lean across the board • Shape the future instead of reacting to it Packed with tools you can use for building these five practices into your organization and supported by in-depth profiles of companies that are known for making their strategy work, this is your guide for reconnecting strategy to execution.

An Execution in the Family

One Son's Journey *St. Martin's Press*

Robert Meeropol was six years old in 1953 when his parents, Ethel and Julius Rosenberg, were executed after being convicted of Conspiracy to Commit Espionage on behalf of the Soviet Union at the height of the McCarthy era. Just before they were put to death, the Rosenbergs wrote a letter to their two sons saying they were "secure in the knowledge that others would carry on after them." The Rosenbergs left their young sons a legacy that was both a burden and a gift, as well as an aching emotional void. Robert Meeropol grew up torn between the need to pursue his political values and his intense fear that personal exposure might subject him and his family to violence or even death. An Execution in the Family details Robert Meeropol's political odyssey from being the Rosenbergs' son to becoming a prominent political activist in his own right, and it chronicles a very personal journey of self-discovery. This is the story of how he tried to balance a strong desire to live a normal life and raise a family with a growing need to create something useful out of his childhood nightmare. It is also a poignant account of how, at age forty-three, he finally found a way to honor his parents and be true to himself.

Six Disciplines Execution Revolution

Solving the One Business Problem that Makes Solving All Other Problems Easier *Six Disciplines Pub*

Argues that developing and implementing an execution strategy plan which involves all employees will ensure that small and midsize companies will be able to manage growth, remain innovative, and increase profitability.

All the Frequent Troubles of Our Days

The True Story of the American Woman at the Heart of the German Resistance to Hitler *Little, Brown*

The INSTANT New York Times Bestseller A New York Times Book Review Editors’ Choice A New York Times Notable Book A Best Book of the Year: Time, Wall Street Journal, and Publishers Weekly In this

“stunning literary achievement,” Donner chronicles the extraordinary life and brutal death of her great-great-aunt Mildred Harnack, the American leader of one of the largest underground resistance groups in Germany during WWII—“a page-turner story of espionage, love and betrayal” (Kai Bird, winner of the Pulitzer Prize for Biography) Born and raised in Milwaukee, Mildred Harnack was twenty-six when she enrolled in a PhD program in Germany and witnessed the meteoric rise of the Nazi party. In 1932, she began holding secret meetings in her apartment—a small band of political activists that by 1940 had grown into the largest underground resistance group in Berlin. She recruited working-class Germans into the resistance, helped Jews escape, plotted acts of sabotage, and collaborated in writing leaflets that denounced Hitler and called for revolution. Her coconspirators circulated through Berlin under the cover of night, slipping the leaflets into mailboxes, public restrooms, phone booths. When the first shots of the Second World War were fired, she became a spy, couriering top-secret intelligence to the Allies. On the eve of her escape to Sweden, she was ambushed by the Gestapo. At a Nazi military court, a panel of five judges sentenced her to six years at a prison camp, but Hitler overruled the decision and ordered her execution. On February 16, 1943, she was strapped to a guillotine and beheaded. Historians identify Mildred Harnack as the only American in the leadership of the German resistance, yet her remarkable story has remained almost unknown until now. Harnack’s great-great-niece Rebecca Donner draws on her extensive archival research in Germany, Russia, England, and the U.S. as well as newly uncovered documents in her family archive to produce this astonishing work of narrative nonfiction. Fusing elements of biography, real-life political thriller, and scholarly detective story, Donner brilliantly interweaves letters, diary entries, notes smuggled out of a Berlin prison, survivors’ testimony, and a trove of declassified intelligence documents into a powerful, epic story, reconstructing the moral courage of an enigmatic woman nearly erased by history.

Commercial Law Applied

Learn to Play the Game *Createspace Independent Pub*

The principles, maxims and precepts of Commercial Law are eternal, unchanging and unchangeable. They are expressed in the Bible, both in the Old Testament and in the New. The law of commerce -- unchanged for thousands of years -- forms the underlying foundation of all law on this planet; and for governments around the world. It is the law of nations, and of everything that human civilization

is built upon. This is why Commercial Law is so powerful. When you operate at the level of Commercial Law, by these precepts, nothing that is of inferior statute can overturn or change it, or abrogate it, or meddle with it. It is the fundamental source of all authority, power and functional reality.

Champion Mindset

The Triangle Strategy

How to Create an Engaged, Execution-Focused Workplace Culture

You've developed a top-notch business plan. Now what? It's time to execute. The aim of The Triangle Strategy is to demystify the complexities of the performance process. Though leadership works hard to develop smart, comprehensive strategies, it often doesn't pay enough attention to the discipline and focus required for day-to-day execution. In response, this book introduces the Triangle Performance Model, a practical, easily applied framework that provides managers-and the people who work for them-a clear understanding of what it takes to create a high-performance workplace. The Triangle Strategy reinforces an interactive approach for managing and leading. It provides

managers and their teams with a powerful collaborative tool that focuses a team's attention on the most critical performance elements, fosters an open flow of ideas, and provides a framework for organizing these thoughts into effective action plans.

Amp It Up

Leading for Hypergrowth by Raising Expectations, Increasing Urgency, and Elevating Intensity *John Wiley & Sons*

Wall Street Journal, USA Today, and Publishers Weekly Bestseller The secret to leading growth is your mindset Snowflake CEO Frank Sloatman is one of the tech world's most accomplished executives in enterprise growth, having led Snowflake to the largest software IPO ever after leading ServiceNow and Data Domain to exponential growth and the public market before that. In Amp It Up: Leading for Hypergrowth by Raising Expectations, Increasing Urgency, and Elevating Intensity, he shares his leadership approach for the first time. Amp It Up delivers an authoritative look at what it takes to transform an organization for maximum growth and scale. Sloatman shows that most leaders have significant room to improve their organization's performance without making expensive changes to their talent, structure, or fundamental business model—and they don't need to bring in an army of consultants to do it. What they do need is to align people around what matters and execute with urgency and intensity every day. Leading for unprecedented growth means declaring war on mediocrity, breaking the status quo, and making conflicted choices daily, all with a relentless focus on the mission. Amp It Up provides the first principles to guide that change, and the tactical advice for organizing a company around them. Perfect for executives, entrepreneurs, founders, managers, and leaders of all kinds, Amp It Up is a must-read resource for anyone who seeks to unleash the growth potential of a company and scale it to heights they never thought possible.

Uncanny X-Force Vol. 6

Final Execution Book One *Marvel Entertainment*

The Omegas vs. Uncanny X-Force - the battle begins! Who is this new team, and what is their grudge with X-Force? Meanwhile, Psylocke visits an old friend at the Jean Grey School for Higher Learning, but what she finds may shock her to the core! Plus: X-Force land themselves somewhere you've never seen them, and a new member joins the team as Fantomex's deceptions come back to haunt them! Collecting UNCANNY X-FORCE #25-29.

Deep Work

Rules for Focused Success in a Distracted World *Grand Central Publishing*

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give

and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CEO-READ

In Cold Blood *Modern Library*

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

The 12 Week Year

Get More Done in 12 Weeks than Others Do in 12 Months *John Wiley & Sons*

The guide to shortening your execution cycle down from one year to twelve weeks Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized

thinking. This book redefines your "year" to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness Authors are leading experts on execution and implementation Turn your organization's idea of a year on its head, and speed your journey to success.

Zero to One

Notes on Startups, or How to Build the Future *Currency*

#1 NEW YORK TIMES BESTSELLER If you want to build a better future, you must believe in secrets. The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In Zero to One, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we're too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. Tomorrow's champions will not win by competing ruthlessly in today's marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

ANTHEM *BEYOND BOOKS HUB*

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics.

Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

Understanding by Design *ASCD*

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

Poison Study *Harlequin*

From New York Times Bestselling Author Maria V. Snyder Choose: a quick death... or slow poison... Locked deep in the palace dungeon for killing her abuser, Yelena knows she'll never be free again. The laws in Ixia are strict, and murderers must be executed, no matter the reason. But just as she's resigned herself to her fate, she's offered an extraordinary reprieve. As the food taster, Yelena will eat the best meals, have rooms in the palace—and risk assassination by anyone trying to kill the Commander of Ixia. To make matters worse, the chief of security deliberately feeds her Butterfly's Dust, and only by appearing for her daily antidote will she delay an agonizing death from the poison. As Yelena tries to escape her new dilemma, disasters keep mounting. Rebels plot to seize Ixia and Yelena develops magical powers she can't control. Her life is threatened again, and in order to survive, she must unravel the secrets behind the past she's been running from. The Chronicles of Ixia Series by Maria V Snyder Book One: Poison Study Book Two: Magic Study Book Three: Fire Study Book Four: Storm Glass Book Five: Sea Glass Book Six: Spy Glass Book Seven: Shadow Study Book Eight: Night Study Book Nine: Dawn Study

Measure What Matters

How Google, Bono, and the Gates Foundation Rock the World with OKRs *Penguin*

#1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits

are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

High Performance JavaScript

Build Faster Web Application Interfaces "O'Reilly Media, Inc."

If you're like most developers, you rely heavily on JavaScript to build interactive and quick-responding web applications. The problem is that all of those lines of JavaScript code can slow down your apps. This book reveals techniques and strategies to help you eliminate performance bottlenecks during development. You'll learn how to improve execution time, downloading, interaction with the DOM, page life cycle, and more. Yahoo! frontend engineer Nicholas C. Zakas and five other JavaScript experts—Ross Harmes, Julien Lecomte, Steven Levithan, Stoyan Stefanov, and Matt Sweeney—demonstrate optimal ways to load code onto a page, and offer programming tips to help your JavaScript run as efficiently and quickly as possible. You'll learn the best practices to build and deploy your files to a production environment, and tools that can help you find problems once your site goes live. Identify problem code and use faster alternatives to accomplish the same task. Improve scripts by learning how JavaScript stores and accesses data. Implement JavaScript code so that it doesn't slow down interaction with the DOM. Use optimization techniques to improve runtime performance. Learn ways to ensure the UI is responsive at all times. Achieve faster client-server communication. Use a build system to minify files, and HTTP compression to deliver them to the browser.

I Need a New Bum! Scholastic

The book behind the viral internet sensation of "The Scottish Granny" reading this story to her grandchild. A young boy suddenly notices a big problem - his bum has a huge crack! So he sets off to find a new one. Will he choose an armor-plated bum? A rocket bum? A robot bum? Find out in this silly, quirky tale with hilarious illustrations. Children and parents will love this book - no ifs, ands, or butts about it! "I can assure you right now that your kids will love this book. They will giggle, they will laugh, and they will want this book to be read over and over again because it is just plain silly and funny ... the perfect kid-combo." Storywraps

Private Peaceful Scholastic Inc.

From the Children's Laureate of England, a stunning novel of the First World War, a boy who is on its front lines, and a childhood remembered. Includes *After Words* bonus features. As the enemy lurks in the darkness, Thomas struggles to stay awake through the night. He has lived through the terror of gas attacks and watched friends die by his side. But in the morning, Thomas will be forced to

confront an even greater horror. As the minutes tick by, Thomas remembers his childhood spent deep in the countryside with his mother, his brothers, and Molly, the love of his life. But each minute that passes brings Thomas closer to something he can't bear to think about--the moment when the war and its horrific consequences will change his life forever.

Designing Embedded Hardware "O'Reilly Media, Inc."

Intelligent readers who want to build their own embedded computer systems-- installed in everything from cell phones to cars to handheld organizers to refrigerators-- will find this book to be the most in-depth, practical, and up-to-date guide on the market. *Designing Embedded Hardware* carefully steers between the practical and philosophical aspects, so developers can both create their own devices and gadgets and customize and extend off-the-shelf systems. There are hundreds of books to choose from if you need to learn programming, but only a few are available if you want to learn to create hardware. *Designing Embedded Hardware* provides software and hardware engineers with no prior experience in embedded systems with the necessary conceptual and design building blocks to understand the architectures of embedded systems. Written to provide the depth of coverage and real-world examples developers need, *Designing Embedded Hardware* also provides a road-map to the pitfalls and traps to avoid in designing embedded systems. *Designing Embedded Hardware* covers such essential topics as: The principles of developing computer hardware Core hardware designs Assembly language concepts Parallel I/O Analog-digital conversion Timers (internal and external) UART Serial Peripheral Interface Inter-Integrated Circuit Bus Controller Area Network (CAN) Data Converter Interface (DCI) Low-power operation This invaluable and eminently useful book gives you the practical tools and skills to develop, build, and program your own application-specific computers.

Ethel Rosenberg

An American Tragedy St. Martin's Press

New York Times bestselling author Anne Sebba's moving biography of Ethel Rosenberg, the wife and mother whose execution for espionage-related crimes defined the Cold War and horrified the world. In June 1953, Julius and Ethel Rosenberg, a couple with two young sons, were led separately from their prison cells on Death Row and electrocuted moments apart. Both had been convicted of conspiracy to commit espionage for the Soviet Union, despite the fact that the US government was aware that the evidence against Ethel was shaky at best and based on the perjury of her own brother. This book is the first to focus on one half of that couple in more than thirty years, and much new evidence has surfaced since then. Ethel was a bright girl who might have fulfilled her personal dream of becoming an opera singer, but instead found herself struggling with the social mores of the 1950's. She longed to be a good wife and perfect mother, while battling the political paranoia of the McCarthy era, anti-Semitism, misogyny, and a mother who never valued her. Because of her profound love for and loyalty to her husband, she refused to incriminate him, despite government pressure on her to do so. Instead, she courageously faced the death penalty for a crime she hadn't committed, orphaning her children. Seventy years after her trial, this is the first time Ethel's story

has been told with the full use of the dramatic and tragic prison letters she exchanged with her husband, her lawyer and her psychotherapist over a three-year period, two of them in solitary confinement. Hers is the resonant story of what happens when a government motivated by fear tramples on the rights of its citizens.

Extreme Ownership

How U.S. Navy SEALs Lead and Win *St. Martin's Press*

An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, *Extreme Ownership* revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.

Flow

The Psychology of Optimal Experience *Harper Collins*

THE BESTSELLING CLASSIC ON 'FLOW' - THE KEY TO UNLOCKING MEANING, CREATIVITY, PEAK PERFORMANCE, AND TRUE HAPPINESS Legendary psychologist Mihaly Csikszentmihalyi's famous investigations of "optimal experience" have revealed that what makes an experience genuinely satisfying is a state of consciousness called flow. During flow, people typically experience deep enjoyment, creativity, and a total involvement with life. In this new edition of his groundbreaking classic work, Csikszentmihalyi ("the leading researcher into 'flow states'" —*Newsweek*) demonstrates the ways this positive state can be controlled, not just left to chance. *Flow: The Psychology of Optimal Experience* teaches how, by ordering the information that enters our consciousness, we can discover true happiness, unlock our potential, and greatly improve the

quality of our lives. "Explores a happy state of mind called flow, the feeling of complete engagement in a creative or playful activity." —*Time*

Executing Freedom

The Cultural Life of Capital Punishment in the United States *University of Chicago Press*

In the mid-1990s, as public trust in big government was near an all-time low, 80% of Americans told Gallup that they supported the death penalty. Why did people who didn't trust government to regulate the economy or provide daily services nonetheless believe that it should have the power to put its citizens to death? That question is at the heart of this text - a powerful, wide-ranging examination of the place of the death penalty in American culture and how it has changed over the years. Drawing on an array of sources, Daniel LaChance shows how attitudes toward the death penalty have reflected broader shifts in Americans' thinking about the relationship between the individual and the state.

Programming Embedded Systems

With C and GNU Development Tools *O'Reilly Media, Inc.*

Authored by two of the leading authorities in the field, this guide offers readers the knowledge and skills needed to achieve proficiency with embedded software.

Nuclear Decommissioning

Planning, Execution and International Experience *Elsevier*

Once a nuclear installation has reached the end of its safe and economical operational lifetime, the need for its decommissioning arises. Different strategies can be employed for nuclear decommissioning, based on the evaluation of particular hazards and their attendant risks, as well as on the analysis of costs of clean-up and waste management. This allows for decommissioning either soon after permanent shutdown, or perhaps a long time later, the latter course allowing for radioactivity levels to drop in any activated or contaminated components. It is crucial for clear processes and best practices to be applied in decommissioning such installations and sites, particular where any significant health and environmental risks exist. This book critically reviews the nuclear decommissioning processes and technologies applicable to nuclear power plants and other civilian nuclear facilities. Part one focuses on the fundamental planning issues in starting a nuclear decommissioning process, from principles and safety regulations, to financing and project management. Part two covers the execution phase of nuclear decommissioning projects, detailing processes and technologies such as dismantling, decontamination, and radioactive waste management, as well as environmental remediation, site clearance and reuse. Finally, part three details international experience in the decommissioning of nuclear applications, including the main nuclear reactor types and nuclear fuel cycle facilities, as well as small nuclear facilities and legacy nuclear waste sites. Critically reviews nuclear decommissioning processes and technologies

applicable to nuclear power plants and other civilian nuclear facilities Discusses the fundamental planning issues in starting a nuclear decommissioning process Considers the execution phase of nuclear decommissioning projects, including dismantling, decontamination, and radioactive waste management, as well as environmental remediation, site clearance and reuse

Just Mercy

A Story of Justice and Redemption *One World*

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE STARRING MICHAEL B. JORDAN AND JAMIE FOXX • A powerful true story about the potential for mercy to redeem us, and a clarion call to fix our broken system of justice—from one of the most brilliant and influential lawyers of our time. “[Bryan Stevenson’s] dedication to fighting for justice and equality has inspired me and many others and made a lasting impact on our country.”—John Legend NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • Named One of the Best Books of the Year by The New York Times • The Washington Post • The Boston Globe • The Seattle Times • Esquire • Time Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever. Just Mercy is at once an unforgettable account of an idealistic, gifted young lawyer’s coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Winner of the Carnegie Medal for Excellence in Nonfiction • Winner of the NAACP Image Award for Nonfiction • Winner of a Books for a Better Life Award • Finalist for the Los Angeles Times Book Prize • Finalist for the Kirkus Reviews Prize • An American Library Association Notable Book “Every bit as moving as *To Kill a Mockingbird*, and in some ways more so . . . a searing indictment of American criminal justice and a stirring testament to the salvation that fighting for the vulnerable sometimes yields.”—David Cole, *The New York Review of Books* “Searing, moving . . . Bryan Stevenson may, indeed, be America’s Mandela.”—Nicholas Kristof, *The New York Times* “You don’t have to read too long to start cheering for this man. . . . The message of this book . . . is that evil can be overcome, a difference can be made. Just Mercy will make you upset and it will make you hopeful.”—Ted Conover, *The New York Times Book Review* “Inspiring . . . a work of style, substance and clarity . . . Stevenson is not only a great lawyer, he’s also a gifted writer and storyteller.”—*The Washington Post* “As deeply moving, poignant and powerful a book as has been, and maybe ever can be, written about the death penalty.”—*The Financial Times* “Brilliant.”—*The Philadelphia Inquirer*

The Five Chinese Brothers

Five brothers who look just alike outwit the executioner by using their extraordinary individual

talents.

Invitation to a Beheading *Vintage*

Like Kafka’s *The Castle*, *Invitation to a Beheading* embodies a vision of a bizarre and irrational world. In an unnamed dream country, the young man Cincinnatus C. is condemned to death by beheading for “gnostical turpitude,” an imaginary crime that defies definition. Cincinnatus spends his last days in an absurd jail, where he is visited by chimerical jailers, an executioner who masquerades as a fellow prisoner, and by his in-laws, who lug their furniture with them into his cell. When Cincinnatus is led out to be executed, he simply wills his executioners out of existence: they disappear, along with the whole world they inhabit.

One Mission

How Leaders Build a Team of Teams *Penguin*

From the co-author of the New York Times bestseller *Team of Teams*, a practical guide for leaders looking to make their organizations more interconnected and unified in the midst of sudden change. Too often, companies end up with teams stuck in their own silos, pursuing goals and metrics in isolation. Their traditional autocratic structures create stability, scalability, and predictability -- but in a world that demands rapid adaptation to a new reality, this traditional model simply doesn’t work. In *Team of Teams*, retired four-star General Stanley McChrystal and former Navy SEAL Chris Fussell made the case for a new organizational model combining the agility, adaptability, and cohesion of a small team with the power and resources of a giant organization. Now, in *One Mission*, Fussell channels all his experiences, both military and corporate, into powerful strategies for unifying isolated and distrustful teams. This practical guide will help leaders in any field implement the *Team of Teams* approach to tear down their silos improve collaboration, and avoid turf wars. By committing to one higher mission, organizations develop an overall capability that far exceeds the sum of their parts. From Silicon Valley software giant Intuit to a government agency on the plains of Oklahoma, organizations have used Fussell’s methods to unite their people around a single compelling vision, resulting in superior performance. *One Mission* will help you follow their example to a more agile and resilient future.

The Executioner's Song *Turtleback*

Reconstructs the crime and fate of Gary Gilmore, the convicted murderer who sought his own execution in Utah, based on taped interviews with relatives, friends, lawyers, and law-enforcement officials.

Darkness at Noon *Simon and Schuster*

First published in 1941, a classic portrait of a Soviet revolutionary who is imprisoned and tortured under Stalin’s rule finds him agonizingly reflecting on his ironic career under the totalitarian movement.
