What is Mindfulness? - Mindful

Mindfulness is a technique you can learn which involves making a special effort to notice what's happening in the present moment (in your mind, body and surroundings) – without judging anything. It has roots in Buddhism and meditation, but you don't have to be spiritual, or have any particular beliefs, to try it. It aims to help you: become more self-aware.

...

How mindfulness helps mental wellbeing. Becoming more aware of the present moment can help us enjoy the world around us more and understand ourselves better. When we become more aware of the present moment, we begin to experience afresh things that we have been taking for granted. "Mindfulness also allows us to become more aware of the stream of thoughts and feelings that we experience," says Professor Williams, "and to see how we can become entangled in that stream in ways that are not helpful.
