Project Charter Pci Compliance Business

March 25th, 2020. The PCI Charter. Experience time and again
 has shown that successful PCI DSS efforts, both internal self-
 assessments and external assessments, have a point person or
 team within the organization who drives for project completion
 and organizational compliance. A key stakeholder interaction
 between that point person or team, what we will call the project
 manager, and the overall project owner is the project charter.

Key elements of a PCI DSS charter. Requirement 12.4.1 of the
 Standard states that executive management must define “a
 charter for a PCI DSS compliance program and communication to
 executive management”. A PCI DSS charter is best practice for
 service providers until 31 January 2018, after which it will
 become a requirement.

How to create your PCI DSS charter - IT Governance UK Blog

In the PCI charter, assign the overall responsibility for the
 organization to maintain PCI DSS compliance to executive
 management, for accountability. This may include individual roles
 as well as business unit roles within the organization. This
 assignment "ensures executive-level visibility into the PCI DSS
 compliance program and allows for the opportunity to ask
 appropriate questions to determine the effectiveness of the
 program and influence strategic priorities."
