The Dog Stars

Vintage

Surviving a pandemic disease that has killed everyone he knows, a pilot establishes a shelter in an abandoned airport hangar before hearing a random radio transmission that compels him to risk his life to seek out other survivors. A first novel by the author of *The Whale Warriors*. Reprint.

Day of the Cheetah

HarperCollins UK

In this aerial combat story, the author refers to technology only now coming off real military drawing boards and his own hands-on insider's skill. In this novel of high-tech aviation, the story comes to a shattering climax. The author also wrote *Flight of the Old Dog* and *Silver Tower*.

Fatal Terrain

State-of-the-art action in the air, on land and at sea as the USA is drawn into conflict with China in this compelling and authentic new tale from an acclaimed master of the modern action-thriller. Dale Brown's spectacular new international bestseller -- packed with high-action entertainment, cutting-

edge technology and breathtaking scenes of aerial combat -- looks forward to a near future where Taiwan's declaration of independence from mainland China brings a very real threat of major conflict to the Pacific. As China prepares its military response, the US president attempts to avert an international crisis by calling on his own tried and trusted secret strike force. But soon it becomes horribly apparent that with China and the USA moving ever closer to a nuclear showdown, it could be a mission too far for Patrick McLanahan, Brad Elliott, Jon Masters and their high-tech EB-52 Megafortress -- the 'Old Dog' itself.

The most daring -- and deadly -- terrorist plot of all time is about to unfold aboard the supercarrier USS United States. If it succeeds, the balance of nuclear power will tilt in favor of a remorseless Arab leader. And it looks as if no one can stop it - except navy "jet jock" Jake Grafton. "Cag " Grafton is one helluva pilot. His F-14 Tomcat is one helluva plane. But some of Jake's crewmates have already vanished. A woman reporter who boarded the ship in Tangiers may not be who she claims to be. And Jake may have to disobey a direct order from the President himself for one spine-tingling, hair-raising Final Flight.

Final Flight *Dell*

The Underneath

Simon and Schuster

There is nothing lonelier than a cat who has been loved, at least for a while, and then abandoned on the side of the road. A calico cat, about to have kittens, hears the lonely howl of a chained-up hound deep in the backwaters of the bayou. She dares to find him in the forest, and the hound dares to befriend this cat, this feline, this creature he is supposed to hate. They are an unlikely pair, about to become an unlikely family. Ranger urges the cat to hide underneath the porch, to raise her kittens there because Gar-Face, the man living inside the house, will surely use them as alligator bait should he find them. But they are safe in the

Underneath...as long as they stay in the Underneath. Kittens, however, are notoriously curious creatures. And one kitten's one moment of curiosity sets off a chain of events that is astonishing, remarkable, and enormous in its meaning. For everyone who loves *Sounder*, *Shiloh*, and *The Yearling*, for everyone who loves the haunting beauty of writers such as Marjorie Kinnan Rawlings, Flannery O'Connor, and Carson McCullers, Kathi Appelt spins a harrowing yet keenly sweet tale about the power of love—and its opposite, hate—the fragility of happiness and the importance of making good on your promises.

Starlight Barking

The Sequel to The Hundred and One Dalmatians

St. Martin's Griffin

Dodie Smith's *The Hundred and One Dalmatians*, later adapted by Disney, was declared a classic when first published in 1956. The *Starlight Barking*, Dodie's own long-forgotten sequel, is a thrilling new adventure for Pongo and his family, lavishly illustrated by the same artist team as the first book. As the story opens, every living creature except dogs is gripped by an enchanted sleep. One of the original Dalmatian puppies, all grown up since the first novel, is now the Prime Minister's mascot. Relying on her spotted parents for guidance, she assumes emergency leadership

for the canine population of England. Awaiting advice from Sirius, the Dog Star, dogs of every breed crowd Trafalgar Square to watch the evening skies. The message they receive is a disturbing proposition, one that might forever destroy their status as "man's best friend."

The Heart of a Dog

Melville House

A new edition of Bulgakov's fantastical precursor to *The Master and Margarita*, part of Melville House's reissue of the Bulgakov backlist in Michael Glenny's celebrated translations. A key work of early modernism, this is the superbly comic story of a Soviet scientist and a scroungy Moscow mongrel named Sharik. Attempting a medical

first, the scientist transplants the glands of a petty criminal into the dog and, with that, turns a distinctly worryingly human animal loose on the city. The new, lecherous, vulgar, Engels-spouting Sharik soon finds his niche in governmental bureaucracy as the official in charge of purging the city of cats. A Frankenstein fable that's as funny as it is terrifying, *Heart of a Dog* has also been read as a fierce parable of the Russian Revolution. It was rejected for publication by the censors in 1925, and circulated in samizdat for years until Michael Glenny translated it into English in 1968—long before it was allowed to be officially published in the Soviet

Union. That happened only in 1987, although till this day the book remains one of Mikhail Bulgakov's most controversial novels in his native country.

On Earth We're Briefly Gorgeous

A Novel *Penguin*

An instant New York Times Bestseller! Longlisted for the 2019 National Book Award for Fiction, the Carnegie Medal in Fiction, the 2019 Aspen Words Literacy Prize, and the PEN/Hemingway Debut Novel Award Shortlisted for the 2019 Center for Fiction First Novel Prize Winner of the 2019 New England Book Award for Fiction! Named one of the most anticipated books of 2019 by *Vulture*,

Entertainment Weekly, BuzzFeed, Los Angeles Times, Boston Globe, Oprah.com, Huffington Post, The A.V. Club, Nylon, The Week, The Rumpus, The Millions, The Guardian, Publishers Weekly, and more. "A lyrical work of self-discovery that's shockingly intimate and insistently universal...Not so much briefly gorgeous as permanently stunning." —Ron Charles, The Washington Post Poet

Ocean Vuong's debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling. *On Earth We're Briefly Gorgeous* is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born — a history whose epicenter is rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, *On Earth We're Briefly Gorgeous* is as much about the power of telling one's own story as it is about the obliterating silence

of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: GQ, Kirkus Reviews, Booklist, Library Journal, TIME, Esquire, The Washington Post, Apple, Good Housekeeping, The New Yorker, The New York Public Library, Elle.com, The Guardian, The A.V. Club, NPR, Lithub, Entertainment Weekly, Vogue.com, The San Francisco Chronicle, Mother Jones, Vanity

Fair, The Wall Street Journal Magazine and more!

Flight of the Intruder

A Jake Grafton Novel

St. Martin's Paperbacks

A smash bestseller that spent over six months on the New York Times bestseller list, *Flight of the Intruder* became an instant classic. No one before or since ever captured the world of Navy carrier pilots with the gripping realism of Vietnam veteran Stephen Coonts, who lived the life he wrote about. More than a flying story, *Flight of the Intruder* is also one of the best novels ever written about the Vietnam experience. It's all here—the flying, the dying, the blood and bombs and bullets, and the sheer joy—and

terror—of life at full throttle.

"Gripping...Smashing. —The Wall Street Journal Grazing the Vietnam treetops at night at just under the speed of sound, A-6 Intruder pilot Jake "Cool Hand" Grafton knows exactly how precarious life is. Landing on a heaving aircraft carrier, dodging missiles locked on his fighter, flying through clouds of flak—he knows each flight could be his last. Yet he straps himself into a cockpit every day.

"Extraordinary!"—Tom Clancy Then a bullet kills his bombardier while they're hitting another 'suspected' truck depot. Jake wonders what his friend died for—and why? Hitting pointless targets selected by

men piloting desks just doesn't make sense. Maybe it's time to do something worthwhile. Something that will make a difference... "Superbly written." — Washington Times Jake and his new bombardier, ice-cold Tiger Cole, are going to pick their own target and hit the enemy where it hurts. But to get there and back in one piece is going to take a lot of nerve, even more skill, and an incredible amount of raw courage. Before it's over, they're going to fly into hell. "When Grafton is at the controls of his Intruder, the novel comes alive with a jolt." — Washington Post Book World

The Power of the Dog

A Novel *Little, Brown*
 Now an award-winning Netflix film by Jane Campion, starring Benedict Cumberbatch and Kirsten Dunst: Thomas Savage's acclaimed Western is "a pitch-perfect evocation of time and place" (Boston Globe) for fans of *East of Eden* and *Brokeback Mountain*. Set in the wide-open spaces of the American West, *The Power of the Dog* is a stunning story of domestic tyranny, brutal masculinity, and thrilling defiance from one of the most powerful and distinctive voices in American literature. The novel tells the story of two brothers — one magnetic but cruel, the other gentle and quiet — and of the mother and son whose arrival on the brothers'

ranch shatters an already tenuous peace. From the novel's startling first paragraph to its very last word, Thomas Savage's voice — and the intense passion of his characters — holds readers in thrall. "Gripping and powerful...A work of literary art." —Annie Proulx, from her afterword

The Memoirs of Stockholm Sven

Little, Brown

The “briskly entertaining” (New York Times Book Review), “transporting and wholly original” (People Magazine) novel about one man who banishes himself to a solitary life in the Arctic Circle, and is

saved by good friends, a loyal dog, and a surprise visit that changes everything. #1 INDIE NEXT PICK Longlisted for the Center for Fiction First Novel Prize In 1916, Sven Ormson leaves a restless life in Stockholm to seek adventure in Svalbard, an Arctic archipelago where darkness reigns four months of the year and he might witness the splendor of the Northern Lights one night and be attacked by a polar bear the next. But his time as a miner ends when an avalanche nearly kills him, leaving him disfigured, and Sven flees even further, to an uninhabited fjord. There, with the company of a loyal dog, he builds a hut and lives alone, testing himself against the

elements. The teachings of a Finnish fur trapper, along with encouraging letters from his family and a Scottish geologist who befriended him in the mining camp, get him through his first winter. Years into his routine isolation, the arrival of an unlikely visitor salves his loneliness, sparking a chain of surprising events that will bring Sven into a family of fellow castoffs and determine the course of the rest of his life. Written with wry humor and in prose as breathtaking as the stark landscape it evokes, *The Memoirs of Stockholm Sven* is a testament to the strength of our human bonds, reminding us that even in the most inhospitable conditions on the planet, we are not beyond the reach

of love.

Flying at Night *Penguin*

An emotionally charged debut novel of a family on the brink--an autistic child, his determined mother, and her distant father--who learn that when your world changes, you find out who you really are. . . . While she was growing up, Piper's father, Lance "the Silver Eagle" Whitman, became a national hero piloting a plane through an emergency landing. But at home, he was a controlling and overbearing presence in her life, raining emotional and verbal abuse upon the entire family. It's no surprise, then, that as an adult, Piper has poured all of her energy into creating a warm and

loving home for her own family, while catering to her son Fred's ever-growing idiosyncrasies. Then Lance has a heart attack, leaving him with a brain injury--and dependent upon Piper for his care--just before tests confirm Piper's suspicions that Fred is on the autism spectrum. A powerful and extraordinary novel, *Flying at Night* gives voice to Fred, trying to find his place in a world that doesn't quite understand him; to Lance, who's lost what made him the man he was, for better and worse; and to Piper, who, while desperately trying to navigate the shifting landscape around her, watches as her son and father start to connect--in the most miraculous ways. . . .

To Fly and Fight

Memoirs of a Triple

Ace *Xlibris Corporation*

Bud Anderson is a flyers flyer. The Californians enduring love of flying began in the 1920s with the planes that flew over his fathers farm. In January 1942, he

entered the Army Air Corps Aviation Cadet Program. Later after he received his wings and flew P-39s, he was chosen as one of the original flight leaders of the new 357th Fighter Group. Equipped with the new and deadly P-51 Mustang, the group shot down five enemy aircraft for each one it lost while escorting bombers to targets deep inside Germany. But the price was high. Half of its pilots were killed or imprisoned, including some of Buds closest friends. In February 1944, Bud Anderson, entered the uncertain, exhilarating, and deadly world of aerial combat. He flew two tours of combat against the Luftwaffe in less than a year. In battles sometimes involving hundreds of

airplanes, he ranked among the groups leading aces with 16 aerial victories. He flew 116 missions in his old crow without ever being hit by enemy aircraft or turning back for any reason, despite one life or death confrontation after another. His friend Chuck Yeager, who flew with Anderson in the 357th, says, In an airplane, the guy was a mongoose the best fighter pilot I ever saw. Buds years as a test pilot were at least as risky. In one bizarre experiment, he repeatedly linked up in midair with a B-29 bomber, wingtip to wingtip. In other tests, he flew a jet fighter that was launched and retrieved from a giant B-36 bomber. As in combat, he lost many friends flying tests

such as these. Bud commanded a squadron of F-86 jet fighters in postwar Korea, and a wing of F-105s on Okinawa during the mid-1960s. In 1970 at age 48, he flew combat strikes as a wing commander against communist supply lines. *To Fly and Fight* is about flying, plain and simple: the joys and dangers and the very special skills it demands. Touching, thoughtful, and dead honest, it is the story of a boy who grew up living his dream.

tale of a pot-loving pooch whose toking neighbor gives him the best treat ever. The book follows the dog as he experiences the highs and lows of being high and it reveals whether or not it's possible to teach a stoned dog new tricks . . . or to even get him to remember old ones! Featuring gorgeous full-color illustrations by illustrator Mike Odum that accompany the text, this heartwarming cautionary tale informs readers of the dangers of mixing pot and cute pups.

The Overstory: A Novel *W. W. Norton & Company*

Winner of the Pulitzer Prize in Fiction Shortlisted for the Man Booker Prize New York Times Bestseller A New

York Times Notable Book and a Washington Post, Time, Oprah Magazine, Newsweek, Chicago Tribune, and Kirkus Reviews Best Book of 2018 "The best novel ever written about trees, and really just one of the best novels, period." —Ann Patchett

The Overstory, winner of the 2019 Pulitzer Prize in Fiction, is a sweeping, impassioned work of activism and resistance that is also a stunning evocation of—and paean to—the natural world. From the roots to the crown and back to the seeds, Richard Powers's twelfth novel unfolds in concentric rings of interlocking fables that range from antebellum New York to the late twentieth-century Timber Wars of the Pacific Northwest and

beyond. There is a world alongside ours—vast, slow, interconnected, resourceful, magnificently inventive, and almost invisible to us. This is the story of a handful of people who learn how to see that world and who are drawn up into its unfolding catastrophe.

Air Miles *Candlewick Press*

A poignant exploration of love, loss, and possibility, inspired by the last story idea from the legendary John Burningham. Miles was a difficult dog until he got his own motor car. But now he is growing older, and new challenges are arising. He doesn't chase balls like he used to. His legs hurt whenever he takes walks. And

sometimes he doesn't hear when Norman calls him. So when Norman learns that Mr. Huddy's small airplane is in need of a pilot, Miles takes to the skies. In a deeply moving, ultimately uplifting picture book, the star of Motor Miles returns in a story that will resonate with readers who know what it's like to say goodbye to someone they love. Based on an idea by incomparable picture-book creator John Burningham, the text for *Air Miles* was completed by his longtime friend Bill Salaman and lovingly illustrated by Helen Oxenbury, John Burningham's wife.

Memoir of a Flight Attendant

*Createspace
Independent Publishing*

Platform

An intriguing, uncensored, inside view of the not-so-friendly skies through the eyes of former flight attendant, Margo Anderson. If you are a frequent flier, or if you plan to fly in the near future, fasten your seat belt for a turbulent read! After five years of flying with a commuter airline based at Atlanta's Hartsfield-Jackson International Airport, Anderson draws on her personal experiences and conversations, painting a portrayal of life as a flight attendant--grueling twelve hour days, complaining and unfriendly passengers, and unexpected, almost unbelievable situations, especially in the days and weeks following 9/11.

Anderson navigates the complex world of flight crews with clarity, insight, wittiness, and her own special brand of humor. Readers are given a view of flying they may never have seen before, through the lens of the workhorse of the airline industry, regarded by many as the "puddle-jumpers," the commuter airlines.

Learning to Fly

An Uncommon Memoir of Human Flight, Unexpected Love, and One Amazing Dog *Simon and Schuster*

WITH A NEW EPILOGUE
BY THE AUTHOR World-class free climber Steph Davis delivers a “thrilling and infectiously interesting” (San Francisco Book Review) memoir about rediscovering herself through love, loss, and the joy of letting go. The paperback includes a new epilogue in which Davis shares how her husband Mario’s tragic accident has affected her relationship to climbing and flying.

Steph Davis is a superstar in the climbing community and has ascended some of the world’s most challenging and awe-inspiring peaks. But after her first husband makes a controversial climb in a national park, the media fallout escalates rapidly and in one fell swoop leaves her without a partner, a career, a source of income...or a purpose. In the company of only her beloved dog, Fletch, Davis sets off on a search for a new identity and discovers skydiving. Falling out of an airplane is completely antithetical to the climber’s control she’d practiced for so long, but she perseveres, turning each daring jump into an opportunity to fly, first as a skydiver, then

as a base jumper. As she opens herself to falling, she also finds the strength to open herself to love again, even in the wake of heartbreak. And before too long, she meets someone who shares her passion for living life to the limit. With gorgeous black-and-white photos throughout, *Learning to Fly* is Davis's fascinating account of her transformation. From her early tentative skydives, to zipping into her first wingsuit, to surviving devastating accidents against the background of breathtaking cliffs, to soaring beyond her past limits, she discovers new hope and joy in letting go.
