From Wikipedia, the free encyclopedia Jump to: navigation, search. Constructivist teachingis based on constructivist learning theory. This theoretical framework holds that learning always builds upon knowledge that a student already knows; this prior knowledge is called a schema. Because all learning is filtered through pre-existing schemata, constructivists suggest that learning is more effective when a student is actively engaged in the learning process rather than attempting to receive ...

Constructivist teaching methods - Teacher education

Constructivist Approach. Constructivism is an epistemology, or a theory, used to explain how people know what they know. The basic idea is that problem solving is at the heart of learning, thinking, and development. As people solve problems and discover the consequences of their actions-through reflecting on past and immediate experiences-they construct their own understanding.
