Moved more than he can say, George struggles to take out the arrow from the bird's wing, saving its life before it flies away into the night sky. Gwenda Bond's first book *Blackwood* has been reimaged and brought back to life with new vision. On Roanoke Island, the legend of the Lost Colony -- and the

114 colonists who vanished without a trace more than four hundred years ago -- still haunts the town. But that's just a story told for the tourists. When 114 people suddenly disappear from the island in present day, it seems history is repeating itself -- and an unlikely pair of seventeen-year-olds might be the only hope of bringing the missing back. Miranda Blackwood, a member of one of island's most infamous families, and Grant Rawling, the sheriff's son, who has demons and secrets of his own, find themselves at the center of the mystery. As the unlikely pair works to uncover the secrets of the new Lost Colony, they must dodge everyone from the authorities to long-dead alchemists as they race against time to save their family and friends before they too are

gone for good.
