LLM Maritime and Transport Law, Rotterdam, Netherlands 2021

Admiralty law or maritime law is a body of law that governs nautical issues and private maritime disputes. Admiralty law consists of both domestic law on maritime activities, and private international law governing the relationships between private parties operating or using ocean-going ships. While each legal jurisdiction usually has its own legislation governing maritime matters, the international nature of the topic and the need for uniformity has, since 1900, led to considerable internationa

Admiralty law - Wikipedia

Maritime law—sometimes known as admiralty law—regulates activities that take place on the sea. Many countries have their own laws which govern maritime activities within their borders, but there are also various treaties and conventions which provide a framework for international maritime laws.
