Shooter *Harper Collins*

The groundbreaking and widely praised novel about a school shooting, from the acclaimed author of *Monster*. Multiple narratives, a personal journal, and newspaper and police reports add perspective and pull readers into the story. "Questions of guilt and innocence drive the plot and stay with the reader," said Hazel Rochman in a starred Booklist review. "Highly readable." "A haunting

story that uncovers the pain of several high school students," according to Teenreads.com. "It explores the tragedies of school violence and how the result of bullying can go to the most dramatic extreme. Myers has a gift for expressing the voices of his characters. Shooter is not a light read, but it will leave you reeling."

The Chemical Scythe *Springer Science & Business Media*

The Chemical Scythe is the first book in a projected series to be published by Plenum Press in association with the International Disaster Institute. The aim of the series, Disaster Research in Practice, is to provide scientific and readable accounts on the most

urgent areas of disaster research. It is fitting, therefore, that Dr. Hay's investigation into the nature and effects of dioxins heralds the new series. The problem of chemical hazards is one that we will have to learn to live with in future decades. Dr. Hay's book is an authoritative account of the chemistry and proven and potential effects of dioxins, and of the implications for safety planning. He concludes with a cautious, yet optimistic note—that indeed we can learn to live with such hazards, providing that we are prepared to understand and plan for the unexpected. The accident at Seveso in 1976 alerted the world to an imperfectly understood but

immensely alarming environmental hazard. Public debate and argument as to the implications of dioxins and, indeed, the use of herbicides as aggressive weapons in Vietnam, rage on. And yet it is only through the painstaking research exemplified in this book that it will eventually be possible to promote the vital accountability on the part of industrialists and governments.

Scorpions *Harper Collins*

The *Scorpions* are a gun-toting Harlem gang, and Jamal Hicks is about to become tragically involved with them in this authentic tale of the sacrifice of innocence and the struggle to steer clear of violence. This Newbery Honor Book will challenge young

men to consider their own decisions as they come of age in a complex and often frustrating society. Pushed by a bully to fight and nagged by his principal, Jamal is having a difficult time staying in school. His home life is not much better, with his mother working her fingers to the bone to try to earn the money for an appeal for Jamal's jailed older brother, Randy. Jamal wants to do the right thing and help earn the money to free his brother by working, but he's afraid to go against the Scorpions. Jamal eventually pulls free of the gang's bad influence, but only through the narrowest of escapes. Walter Dean Myers, five-time winner of the Coretta Scott King Award,

sensitively explores the loyalty and love between friends faced with hard choices. *Scorpions* is 25 years old, but the issues of poverty and violence make it a timeless powerful read—sadly as relevant as ever.

Dope Sick *Harper Collins*

The itch starts when things get too heavy for Lil J. Skin popping

or stealing pain pills from his mom help him relax. But Lil J's focus is wandering because money is short, and his man Rico knows a way to make some quick cash. It's supposed to be an easy deal, but it isn't so simple when the buyer is an undercover cop. With a gunshot wound to the arm, Rico in jail, and a police officer clinging to life, Lil J is starting to get dope sick. He'd do anything to change the last twenty-four hours, and when he stumbles into an abandoned crack house, it actually might be possible. . . . Walter Dean Myers weaves elements of magical realism into a harrowing story about drug use, violence, alternate perceptions of reality, and second chances.

Autobiography of My Dead Brother *Harper Collins*

A powerful National Book Award Finalist from the acclaimed, bestselling author of *Monster*. "This novel is like photorealism; it paints a vivid and genuine portrait of life that will have a palpable effect on its readers." (School Library Journal starred review) With Harlem as its backdrop, *Autobiography of My Dead Brother* follows the diverging paths of best friends Rise and Jesse. When Rise becomes engulfed in gang activity and starts dealing drugs, Jesse, a budding artist, tries to make sense of the complexities of friendship, loyalty, and loss in a neighborhood plagued by drive-by shootings, vicious

gangs, and an indifferent juvenile justice system. The innovative first-person storytelling, along with cartoons and photos, pulls in readers and makes *Autobiography of My Dead Brother* a strong and thought-provoking choice for sharing in a classroom or at home. "Though the story is starkly realistic, there is always hope in the gifts of Jesse the artist and C. J. the musician, of schools and churches and of caring parents." (Kirkus) "Touching and impactful, *Autobiography* cannot fail to intrigue, and hopefully influence youngsters with its poignant statement of two roads taken." (Judges' Citation, National Book Award)

Riot *Carolrhoda Lab*®

As the Civil War rages, another battle breaks out behind the lines. During a long hot July in 1863, the worst race riots the United States has ever seen erupt in New York City. Earlier that year, desperate for more Union soldiers, President Abraham Lincoln instituted a draft—a draft that would allow the wealthy to escape serving in the army by paying a \$300 waiver, more than a year's income for the recent immigrant Irish. And on July 11, as the first drawing takes place in Lower Manhattan, the city of New York explodes in rage and fire. Stores are looted; buildings, including the Colored Foundling Home, are burned down; and black Americans are

attacked, beaten, and murdered. The police cannot hold out against the rioters, and finally, battle-hardened soldiers are ordered back from the fields of Gettysburg to put down the insurrection, which they do--brutally. Fifteen-year-old Claire, the beloved daughter of a black father and Irish mother, finds herself torn between the two warring sides. Faced with the breakdown of the city--the home--she has loved, Claire must discover the strength and resilience to address the new world in which she finds herself, and to begin the hard journey of remaking herself and her identity. Addressing such issues as race, bigotry, and class head-on, Walter Dean Myers has

written another stirring and exciting novel that will shake up assumptions, and lift the spirit. From the Hardcover edition.

Shooter *Penguin*

The Breakfast Club meets *We Need to Talk About Kevin* A lockdown catches five grade 12 students by surprise and throws them together in the only unlocked room on that empty third floor wing: the boys' washroom. They sit in silence, judging each other by what they see, by the stories they've heard over the years. Stuck here with them--could anything be worse? There's Alice: an introverted writer, trapped in the role of big sister to her older autistic brother, Noah. Isabelle: the popular, high-

achieving, student council president, whose greatest performance is her everyday life. Hogan: an ex-football player with a troubled past and a hopeless future. Xander: that socially awkward guy hiding behind the camera, whose candid pictures of school life, especially those of Isabelle, have brought him more trouble than answers. Told in five unique voices through prose, poetry, text messages, journals, and homework assignments, each student reveals pieces of their true story as they wait for the drill to end. But this modern-day Breakfast Club takes a twist when Isabelle gets a text that changes everything: NOT A DRILL!! Shooter in the

school! Suddenly, the bathroom doesn't seem so safe anymore. Especially when they learn that one of them knows more about the shooter than they realized...

Tears of a Tiger
Simon and Schuster

Three boys struggle to come to terms with the death of a friend in a drunk-driving auto accident in which all four were involved, in a story told through newspaper stories, diary entries, school announcements, telephone conversations, and classroom assignments.

Bad Boy *Harper Collins*

A classic memoir that's gripping, funny, and ultimately unforgettable from the

bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed

worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

Lockdown *Harper Collins*

Lockdown is the powerful tale of fourteen-year-old Reese Anderson, who has spent 22 months in a tiny cell at a "progress center." Living in fear and isolation, Reese begins looking within himself to find a way out of the prison system. Acclaimed author Walter Dean Myers offers an honest story about finding a way to make it without getting lost in the shuffle. Told with compassion and

truth, Lockdown is also a compelling first-person read that "could resonate with teens on a dangerous path."* When I first got to Progress, it freaked me out to be locked in a room and unable to get out. But after a while, when you got to thinking about it, you knew nobody could get in, either. It seems as if the only progress that's going on at Progress juvenile facility is moving from juvy jail to real jail. Reese wants out early, but is he supposed to just sit back and let his friend Toon get jumped? Then Reese gets a second chance when he's picked for the work program at a senior citizens' home. He doesn't mean to keep messing up, but it's not so easy, at Progress or in life. One

of the residents, Mr. Hooft, gives him a particularly hard time. If he can convince Mr. Hooft that he's a decent person, not a criminal, maybe he'll be able to convince himself. Walter Dean Myers was a New York Times bestselling author, Printz Award winner, five-time winner of the Coretta Scott King Award, two-time Newbery Honor recipient, and the National Ambassador for Young People's Literature. Maria Russo, writing in the New York Times, called Myers "one of the greats and a champion of diversity in children's books well before the cause got mainstream attention."

Connecting Social Problems and

Popular Culture

Routledge

Is violence on the streets caused by violence in video games? Does cyber-bullying lead to an increase in suicide rates? Are teens promiscuous because of Teen Mom? As Karen Sternheimer clearly demonstrates, popular culture is an easy scapegoat for many of society's problems, but it is almost always the wrong answer. Now in its second edition, *Connecting Social Problems and Popular Culture* goes beyond the news-grabbing headlines claiming that popular culture is public enemy number one to consider what really causes the social problems we are most concerned about. The sobering fact is that a "media made them do

it" explanation fails to illuminate the roots of social problems like poverty, violence, and environmental degradation.

Sternheimer's analysis deftly illustrates how welfare "reform," a two-tiered health care system, and other difficult systemic issues have far more to do with our contemporary social problems than Grand Theft Auto or Facebook. The fully-revised new edition features recent moral panics (think sexting and cyberbullying) and an entirely new chapter exploring social media. Expanded discussion of how we understand society's problems as social constructions without disregarding empirical evidence, as well as the cultural and

structural issues underlying those ills, allows students to stretch their sociological imaginations.

An ode to Put the Damn
Guns Down, this is New
York Times bestselling
author Jason Reynolds's
electrifying novel that takes place
in sixty potent
seconds—the time it
takes a kid to decide
whether or not he's

going to murder the
guy who killed his
brother. A cannon. A
strap. A piece. A
biscuit. A burner. A
heater. A chopper. A
gat. A hammer
A tool for RULE
Or, you can call it a gun.
That's what fifteen-year-old
Will has shoved in the
back waistband of his
jeans. See, his brother
Shawn was just murdered.
And Will knows the rules.
No crying. No snitching.
Revenge. That's where
Will's now heading,
with that gun shoved in
the back waistband of
his jeans, the gun that
was his brother's gun.
He gets on the elevator,
seventh floor, stoked.
He knows who he's after.
Or does he?
As the elevator stops on
the sixth floor, on comes
Buck. Buck, Will finds out,
is who gave Shawn the
gun before

Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator

stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Thinking about this was my motivation in writing this book, hoping it will be, in the least, a jumping-off point for many interesting conversations about success."

The Young Landlords *Penguin*

If you were looking for a real ghetto dump, you couldn't beat The Stratford Arms. There was Askia Ben Kenobi throwing karate chops upstairs, Petey Darden making booze downstairs, and Mrs. Brown grieving for Jack Johnson, who'd died for the third time in a month—and not a rent payer in the bunch. Still, when Paul Williams and the Action Group got the Arms for one dollar, they thought they had it made. But when their friend Chris was arrested for stealing stereos and Dean's dog started biting fire hydrants and Gloria started kissing, being a landlord turned out to be a lot more work than being a kid.

The Fictional Dimension of the School Shooting Discourse

Walter de Gruyter GmbH & Co KG

Ever since the 1990s, school shootings have shocked the public in their brutality, their suddenness, and their inexplicability. While film and literature have played a role in the heated debates about so-called copycat crimes, the growing body of fictionalizations of school shootings has been neglected thus far. However, in a discourse in which the boundaries between fiction and reality are increasingly blurred, this book shows how fiction shapes and structures, challenges and disrupts cultural processes of meaning-making. Hence, for a better understanding

of the school shooting phenomenon, the relevance of fiction on all levels of discourse construction requires thorough analysis. This book therefore develops a new approach to the role of fiction for contemporary forms of excessive violence. By combining narrative theory with insights from sociology and other disciplines, it provides the means for apprehending and describing the relevance of fiction for contemporary discourses.

Furthermore, it provides exemplary analyses of more specific functions of literary and filmic fictionalizations of school shootings between 2000 and 2016.

#NeverAgain *Random House*

NEW YORK TIMES BESTSELLER • From two survivors of the Parkland, Florida, shooting comes a declaration for our times, and an in-depth look at the making of the #NeverAgain movement. On February 14, 2018, seventeen-year-old David Hogg and his fourteen-year-old sister, Lauren, went to school at Marjory Stoneman Douglas High School, like any normal Wednesday. That day, of course, the world changed. By the next morning, with seventeen classmates and faculty dead, they had joined the leadership of a movement to save

their own lives, and the lives of all other young people in America. It's a leadership position they did not seek, and did not want--but events gave them no choice. The morning after the massacre, David Hogg told CNN: "We're children. You guys are the adults. You need to take some action and play a role. Work together. Get over your politics and get something done." This book is a manifesto for the movement begun that day, one that has already changed America--with voices of a new generation that are speaking truth to power, and are determined to succeed where their elders have failed. With moral force and clarity, a new generation has made it clear that problems

previously deemed unsolvable due to powerful lobbies and political cowardice will be theirs to solve. Born just after Columbine and raised amid seemingly endless war and routine active shooter drills, this generation now says, Enough. This book is their statement of purpose, and the story of their lives. It is the essential guide to the #NeverAgain movement.

Patrol *Harper Collins*
Vietnam. A young American soldier waits for his enemy, rifle in hand, finger on the trigger. He is afraid to move and yet afraid not to move. Gunshots crackle in the still air. The soldier fires blindly into the distant trees at an unseen enemy. He crouches and waits --

heart pounding, tense and trembling, biting back tears. When will it all be over? Walter Dean Myers joined the army on his seventeenth birthday, at the onset of American involvement in Vietnam, but it was the death of his brother in 1968 that forever changed his mind about war. In a gripping and powerful story-poem, the award-winning author takes readers into the heart and mind of a young soldier in an alien land who comes face-to-face with the enemy. Strikingly illustrated with evocative and emotionally wrenching collages by Caldecott Honor artist Ann Grifalconi, this unforgettable portrait captures one American G.I.'s haunting experience.

That's Not What Happened *Scholastic Inc.*

From New York Times bestseller Kody Keplinger comes an astonishing and thought-provoking exploration of the aftermath of tragedy, the power of narrative, and how we remember what we've lost. It's been three years since the Virgil County High School Massacre. Three years since my best friend, Sarah, was killed in a bathroom stall during the mass shooting. Everyone knows Sarah's story--that she died proclaiming her faith. But it's not true. I know because I was with her when she died. I didn't say anything then, and people got hurt because of it. Now Sarah's parents are publishing a book

about her, so this might be my last chance to set the record straight . . . but I'm not the only survivor with a story to tell about what did--and didn't--happen that day. Except Sarah's martyrdom is important to a lot of people, people who don't take kindly to what I'm trying to do. And the more I learn, the less certain I am about what's right. I don't know what will be worse: the guilt of staying silent or the consequences of speaking up . . .

I'm a Therapist, and My Patient is Going to be the Next School Shooter

"I'm a therapist, and I work with the most dangerous patients. I've seen it all... A boy who planned to be the next school shooter. A patient with OCD whose loved ones really did suffer every time he missed a ritual. A choir boy who

claimed he was being molested -- not by a priest -- but by God Himself. A patient with PTSD who gave me nightmares. A husband and wife who accused each other of abuse, and only one of them was telling the truth. A woman who kept her ex locked up as a sex slave. A pedo-ring conspiracy theorist who was actually onto something. And how could I ever forget, Patient #220. The problem is, my patients have a habit of dying. Sometimes I wonder if I'm the common denominator. Or maybe that's just the cost of taking on exceptionally broken clients. Either way, I'll never stop trying to help."--Page 4 of cover.
