adventures via the basic act of downloading and install The Man In The High Castle Novel. Delighted reading!

The Man in the High Castle *Houghton Mifflin Harcourt*

In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel.

The Man in the High Castle *Orion*

'Dick's best work, and the most memorable alternative world tale...ever written' SCIENCE FICTION: THE 100 BEST NOVELS It is 1962 and the Second World War has been over for seventeen years:

people have now had a chance to adjust to the new order. But it's not been easy. The Mediterranean has been drained to make farmland, the population of Africa has virtually been wiped out and America has been divided between the Nazis and the Japanese. In the neutral buffer zone that divides the two superpowers lives the man in the high castle, the author of an underground bestseller, a work of fiction that offers an alternative theory of world history in which the Axis powers didn't win the war. The novel is a rallying cry for all those who dream of overthrowing the occupiers. But could it be more than that? Subtle, complex and beautifully characterized, *The Man in the High Castle* remains the finest alternative world novel ever written, and a work of

profundity and significance.

The Man in the High Castle *Vintage*

After the defeat of the Allies during World War II, the United States is divided up and ruled by the Axis powers

The Man in the High Castle and Philosophy

Subversive Reports from Another Reality *Open Court Publishing*

The Man in the High Castle is an Amazon TV show, based on the Philip K. Dick novel, about an “alternate present” (beginning in the 1960s) in which Germany and Japan won World War II, with the former Western US occupied by Japan, the former Eastern US occupied by Nazi Germany, and a small “neutral

zone” between them. A theme of the story is that in this alternative world there is eager speculation, fueled by the illicit newsreel, *The Grasshopper Lies Heavy*, about how the world would have been different if America had won the war. In *The Man in the High Castle* and *Philosophy*, twenty-two professional thinkers look at philosophical issues raised by this ongoing enterprise in “alternative history.” One question is whether it really made a profound difference that the Allies won the war, and exactly what differences in everyday life we may expect to arise from an apparent historical turning point. Could it be that some dramatic historical events have only superficial consequences, while some unnoticed occurrences lead to catastrophic results? Another topic is

the quest for truth in a world of government misinformation, and how dissenting organizations can make headway.

**The Man in the High Castle:
Creating the Alt World** *Titan Books*
(US, CA)

Discover the alt worlds of *The Man in the High Castle* in this exclusive collection of art. Packed with concept art, final designs, and artist commentary plus previously unseen storyboards. *The Man in the High Castle* is the hit Amazon series, inspired by Philip K. Dick's award-winning novel, that offers a glimpse into a chilling alternate timeline in which Hitler was victorious in World War II. In a dystopian America dominated by Nazi Germany and Imperial Japan, Juliana

Crain discovers a mysterious film that may hold the key to toppling the totalitarian regimes. Exploring the realpolitik of all four seasons of the show, this lavish and richly detailed coffee table book takes readers from the Greater Nazi Reich to the Japanese Pacific States. Featuring sumptuous production art, set photography, costume designs and interviews with key cast and crew, *The Man in the High Castle: Creating the Alt World* will transport readers into the worlds of this award-winning series.

Bring the Jubilee *Courier Dover Publications*

"One of the most ingenious parallel world stories ever written." — Richard A. Lupoff
What if Robert E. Lee won the

Battle of Gettysburg and his army went on to capture Philadelphia? What if the United States government was forced to recognize Confederate independence? In this acclaimed work of alternative history, the wealthy and prosperous Confederacy is a superpower, locked into a bitter struggle with its European rival, the German Union. The United States, conversely, is utterly destitute, a sinkhole of lawlessness and corruption. Technology, too, has taken a different turn, as the twentieth-century world travels by stagecoach, communicates by telegraph, and reads by gaslight. But when a young inventor who's experimenting with time travel encounters an amateur historian, the stage is set for a return to a critical point in American history.

Playing Tough

The World of Sports and Politics

UPNE

Playing Tough is an entertaining and thoroughly enlightening look at the unique and surprisingly outsized role that sports have played in politics and history. Ever since the bread and circuses of Rome, sports have been used as a tool to entertain the masses and to instill civic pride. Abrams shows both the positive and the negative ways in which sports and politics have coalesced, from the rabid nationalism of the 1936 Nazi Olympics, the political grudge match of the Louis and Schmeling fights, and the "futbol war" between Honduras and Costa Rica to the inspiring stories of South Africa's rugby nation-building and

Muhammad Ali's brave antiwar stance, which nearly cost him his career. Abrams is an informed and impassioned writer who chronicles the profoundly creative and destructive influence that sports have on the political life of our nation and the world. This book will be of interest to any and all sports and politics enthusiasts and is a wonderful introduction for course creation and adoption.

The Best of Our Spies *Canelo*

The Allies have landed, the liberation of Europe has begun. In the Pas de Calais, Nathalie Mercier, a young British Special Operations Executive secret agent working with the French Resistance, disappears. In London, her husband Owen Quinn, an officer with Royal Navy

Intelligence, discovers the truth about her role in the Allies' sophisticated deception at the heart of D-Day. Appalled but determined, Quinn sets off on a perilous hunt through France in search of his wife. Aided by the Resistance in his search, he makes good progress. But, caught up by the bitterness of the war and its insatiable appetite for revenge, he risks total destruction. Based on real events of the Second World War, this is a thrilling tale of international intrigue, love, deception and espionage, perfect for fans of Robert Harris, John le Carré and Len Deighton.

Do Androids Dream of Electric Sheep?

The inspiration for the films Blade

Runner and Blade Runner 2049

Ballantine Books

A masterpiece ahead of its time, a prescient rendering of a dark future, and the inspiration for the blockbuster film *Blade Runner*. By 2049, the World War has killed millions, driving entire species into extinction and sending mankind off-planet. Those who remain covet any living creature, and for people who can't afford one, companies built incredibly realistic simulacra: horses, birds, cats, sheep. They've even built humans. Immigrants to Mars receive androids so sophisticated they are indistinguishable from true men or women. Fearful of the havoc these artificial humans can wreak, the government bans them from Earth. Driven into hiding, unauthorized androids live among human beings,

undetected. Rick Deckard, an officially sanctioned bounty hunter, is commissioned to find rogue androids and “retire” them. But when cornered, androids fight back—with lethal force. Praise for Philip K. Dick “The most consistently brilliant science fiction writer in the world.”—John Brunner “A kind of pulp-fiction Kafka, a prophet.”—The New York Times “[Philip K. Dick] sees all the sparkling—and terrifying—possibilities . . . that other authors shy away from.”—Rolling Stone

Japan's Imperial Army

Its Rise and Fall, 1853-1945 *Modern War Studies (Paperback)*

"This brief history of Japan's first modern army covers events from the 1850s

through 1945. It is an introductory synthesis told mainly from secondary sources, most in the Japanese language." --Preface.

Ubik

The Screenplay *Subterranean*

The screenplay version of the seminal sf novel, out of print for more than two decades.

Unscaled

How AI and a New Generation of Upstarts Are Creating the Economy of the Future *PublicAffairs*

Unscaled identifies the forces that are reshaping the global economy and turning one of the fundamental laws of

business and society--the economies of scale--on its head. An innovative trend combining technology with economics is unraveling behemoth industries--including corporations, banks, farms, media conglomerates, energy systems, governments, and schools--that have long dominated business and society. Size and scale have become a liability. A new generation of upstarts is using artificial intelligence to automate tasks that once required expensive investment, and "renting" technology platforms to build businesses for hyper-focused markets, enabling them to grow big without the bloat of giant organizations. In *Unscaled*, venture capitalist Hemant Taneja explains how the unscaled phenomenon allowed Warby Parker to cheaply and easily start

a small company, build a better product, and become a global competitor in no time, upending entrenched eyewear giant Luxottica. It similarly enabled Stripe to take on established payment processors throughout the world, and Livongo to help diabetics control their disease while simultaneously cutting the cost of treatment. The unscaled economy is remaking massive, deeply rooted industries and opening up fantastic possibilities for entrepreneurs, imaginative companies, and resourceful individuals. It can be the model for solving some of the world's greatest problems, including climate change and soaring health-care costs, but will also unleash new challenges that today's leaders must address.

The Man In The High-Water Boots
Good Press

"The Man In The High-Water Boots" by Francis Hopkinson Smith. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. A Long Walk to Water

Based on a True Story *Houghton Mifflin Harcourt*

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva

becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author.

Hitler in Los Angeles

How Jews Foiled Nazi Plots Against Hollywood and America *Bloomsbury Publishing USA*

A 2018 FINALIST FOR THE PULITZER PRIZE The chilling, little-known story of the rise of Nazism in Los Angeles, and the Jewish leaders and spies they recruited who stopped it. No American

city was more important to the Nazis than Los Angeles, home to Hollywood, the greatest propaganda machine in the world. The Nazis plotted to kill the city's Jews and to sabotage the nation's military installations: plans existed for hanging twenty prominent Hollywood figures such as Al Jolson, Charlie Chaplin, and Samuel Goldwyn; for driving through Boyle Heights and machine-gunning as many Jews as possible; and for blowing up defense installations and seizing munitions from National Guard armories along the Pacific Coast. U.S. law enforcement agencies were not paying close attention--preferring to monitor Reds rather than Nazis--and only Leon Lewis and his daring ring of spies stood in the way. From 1933 until the end of World War II, attorney Leon Lewis, the

man Nazis would come to call "the most dangerous Jew in Los Angeles," ran a spy operation comprised of military veterans and their wives who infiltrated every Nazi and fascist group in Los Angeles. Often rising to leadership positions, this daring ring of spies uncovered and foiled the Nazi's disturbing plans for death and destruction. Featuring a large cast of Nazis, undercover agents, and colorful supporting players, *Hitler in Los Angeles*, by acclaimed historian Steven J. Ross, tells the story of Lewis's daring spy network in a time when hate groups had moved from the margins to the mainstream.

The Perfect Storm

A True Story of Men Against the Sea

W. W. Norton & Company

Presents a vivid account of a history-making storm that hit the New England coast in October 1991 and the lives it changed, weaving together the history of the fishing industry, the science of storms, and personal accounts. Tour.

The Grasshopper Lies Heavy

1966 -- a century after the Confederate States of America won the Civil War -- the Cold War rages. The Soviets control the west coast. The British have The Colonies. The Confederacy is a powder keg in the middle. A terrorist attack in dystopian Atlanta lights the fuse. A Captain in the KKK grows disillusioned with his country. A widow who won't grieve grows disillusioned with herself. A slave working at a weapons factory

reaches his limits. A British invasion of Black Panthers. A Russian spy hides in plain sight. A President cashes in his chips. The Grasshopper Lies Heavy tells the story of an America on the brink- of war, of identity, of starting over.

The Philip K. Dick Reader *Citadel Press*

Gathers twenty-four science fiction stories, including "We Can Remember It for You Wholesale," "Second Variety," "The Golden Man," and "The Last of the Masters"

Miss Lonelyhearts *Dramatists Play Service Inc*

THE STORY: As described by Atkinson in the NY Times: A scornful feature editor of a newspaper picks an ambitious

young reporter to conduct the advice of the lovelorn column. Ambitious, opportunistic, 'Miss Lonelyhearts,' as the conductor of the co

The How & the Why *HarperCollins*

"Cynthia Hand is the master of pulling at your heartstrings. The How & the Why tells both sides of an adoption story with love, compassion, and care." —Brigid Kemmerer, New York Times bestselling author of Letters to the Lost A poignant exploration of family and the ties that bind, from New York Times bestselling author Cynthia Hand. Cassandra McMurtrey has the best parents a girl could ask for; they've given Cass a life she wouldn't trade for the world. She has everything she needs—but she has questions, too. Like, to know who she is.

Where she came from. Questions her adoptive parents can't answer, no matter how much they love her. But eighteen years ago, someone wrote Cass a series of letters. And they may just hold the answers Cass has been searching for. Alternating between Cass's search for answers and letters from the pregnant teen who placed her for adoption, this emotionally resonant narrative is the perfect read for fans of Nina LaCour and Jandy Nelson.

Good Guys

How Men Can Be Better Allies for Women in the Workplace *Harvard Business Press*

What's missing from gender equality efforts? Men. Women are at a

disadvantage in the workplace, where they deal with unequal pay, sexual harassment, lack of credit for their contributions, and more. And while organizations are looking to address these issues, too many gender-inclusion initiatives focus exclusively on how women should respond, leaving men out of the equation. Such efforts reinforce the perception that these are "women's issues" and that men--often the most powerful stakeholders in an organization--don't need to be involved. As gender-in-the-workplace experts David G. Smith and W. Brad Johnson show in this important book, men have a crucial opportunity to promote gender equality at work. Research shows that when men are deliberately engaged in gender-inclusion programs, 96 percent

of women in those organizations perceive real progress in gender equality, compared with only 30 percent of women in organizations without strong male engagement. Good Guys is the first book to provide a practical, research-based guide for how to be a male ally to women in the workplace. Filled with firsthand accounts from both men and women, as well as tips for getting started, the book shows how men can partner with their female colleagues to advance women's leadership and equality by breaking ingrained gender stereotypes, overcoming unconscious biases, developing and supporting the talented women around them, and creating productive and respectful working relationships with women--especially in a

post-#MeToo world.

verso.

The Sound of His Horn

Jun-41

Hitler and Stalin *Yale University Press*

A masterful account culminating in the fateful days before Hitler's invasion of the Soviet Union, "June 1941" offers penetrating insights and a new portrait of Hitler and Stalin.

Albert Speer

Architecture 1932-1942

"A facsimile edition of ... [a] work first published in 1985; it is reissued in its entirety with a new foreword and preface and an edited introduction"--T.p.

What If *WestBow Press*

What if Christianity is simple? When Jesus gave his first public address, he said, "I have come to fulfill the law and the prophets and to set the captives free." When a contract is fulfilled, it is completed and is no longer in effect. Religion is a form of bondage that enslaves its adherents to a set of rules that constitute sin. It portrays the image of a God who acts as a judge. In one hand he has a legal pad and pen and in the other a club. When sufficient sins have been committed, the club is used on the sinner. Jesus died on the cross to fulfill the need for justice and came to earth to show that God is not the ogre with a club but a loving father with

outstretched arms wanting to hug his children He sent to us the Holy Spirit so we might have the heart and mind of Christ and be empowered to live a life free from the bondage of sin and religion. This book shows the reader how to do that and points out the stumbling blocks that may interfere. It enables the reader to see the simplicity of Christianity and understand why it should surpass religion in our lives.

Minority Report *Orion Publishing Group*

"The fourth volume of the definitive five-book set of the complete collected stories of the twentieth century's greatest sf author covers a wide span, from late 1954 through to 1963. Those were the years during began writing novels prolffically and his short story

output lessened."--Back cover.

We Can Remember It for You Wholesale *Citadel Press*

This volume of the classic stories of Philip K. Dick offers an intriguing glimpse into the early imagination of one of science fiction's most enduring and respected names. Since his untimely death in 1982, interest in Dick's work has continued to mount and his reputation has been enhanced by a growing body of critical attention as well as many films based on his stories and novels. Featuring the story *We Can Remember It for You Wholesale*, which inspired the major motion picture *Total Recall*, this collection draws from the writer's earliest fiction, written during the years 1952-55. Also included are

fascinating works such as *The Adjustment Team* (basis of the 2011 movie *The Adjustment Bureau*), *Impostor* (basis of the 2001 movie), and many others. "A useful acquisition for any serious SF library or collection." --Kirkus Reviews "More than anyone else in the field, Mr. Dick really puts you inside people's minds." --Wall Street Journal "The collected stories of Philip K. Dick are awe-inspiring." --Washington Post

The Man in the Red Bandanna *Createspace Independent Pub*

When Welles Crowther was a young boy, his father gave him a red bandanna, which he always carried with him. On September 11, 2001, Welles Remy Crowther saved numerous people from the upper floors of the World Trade

Center South Tower. "The Man in the Red Bandanna" recounts and celebrates his heroism on that day. Welles' story carries an inspirational message that will resonate with adults as well as young children.

Motherless Soul

Emily Vinson's entire life was impacted by the loss of her mother when she was 2 years old. At 82 Emily contacts a hypnotist hoping to draw out hidden memories and discover as much as possible about the short time she spent with the woman who gave her life. Glen Wiley, the hypnotist, teaches her more about herself than she had expected. He helps her bring out memories of many past lives, including an experience that took place on a smoke filled battlefield.

All of Emily's lives have had the same tragic outcome, the loss of her mother at a young age. Her soul is caught in what Glen calls circularity, meaning that the tragedy will occur again and again unless she can break the pattern. She and Glen must revisit her past lives and use what they learn to find the other souls who are part of the circle. They must use the past to change the future. Emily's stubborn desire to know her mother is realized in intricate and unsettling ways no one could have imagined possible.

The Madagascar Plan

A Novel *Henry Holt and Company*

Guy Saville's *The Madagascar Plan* imagines a disturbing alternate history in

which Nazi victory in World War II brings their "Final Solution" ever closer. The year is 1953. There is peace in Europe, but a victorious Germany consolidates power in Africa. The lynchpin to its final solution is Madagascar. Hitler has ordered the resettlement of European Jews to the remote island. British forces conspire to incite colony-wide revolt, resting their hopes on the expertise of Reuben Salois, an escaped leader of Jewish resistance. Ex-mercenary Burton Cole scours the island for his wife and child. But as chaos descends and the Nazis brutally suppress the nascent insurrection, Cole must decide whether he is master of—or at the mercy of—history. *The Madagascar Plan* is alternate history of the highest order, a thriller of terrifying scope based on the

Nazis' actual plans prior to the Holocaust.

Classic Science Fiction *Simon and Schuster*

Classic works of speculative fiction from the earliest masters of the genre. Classic Science Fiction includes nine stories from masters of early science fiction: H. G. Wells, Jules Verne, H. P. Lovecraft, Edgar Allen Poe, Jack London, Fitz James O'Brien, Charlotte Perkins Gilman, and Stanley G. Weinbaum. The exploration of new concepts and technologies has driven the genre since its earliest days, and these works demonstrate how science fiction evolved to encompass not only speculative science but also humanity's role in the universe.

The Nazi's Granddaughter

How I Discovered My Grandfather was a War Criminal *Regnery History*

Hero—or Nazi? Silvia Foti was raised on reverent stories about her hero grandfather, a martyr for Lithuanian independence and an unblemished patriot. Jonas Noreika, remembered as “General Storm,” had resisted his country’s German and Soviet occupiers in World War II, surviving two years in a Nazi concentration camp only to be executed in 1947 by the KGB. His granddaughter, growing up in Chicago, was treated like royalty in her tightly knit Lithuanian community. But in 2000, when Silvia traveled to Lithuania for a ceremony honoring her grandfather, she heard a very different story—a “rumor”

that her grandfather had been a “Jew-killer.” The Nazi’s Granddaughter is Silvia’s account of her wrenching twenty-year quest for the truth, from a beautiful house confiscated from its Jewish owners, to familial confessions and the Holocaust tour guide who believed that her grandfather had murdered members of his family. A heartbreaking and dramatic story based on exhaustive documentary research and soul-baring interviews, *The Nazi’s Granddaughter* is an unforgettable journey into World War II history, intensely personal but filled with universal lessons about courage, faith, memory, and justice.

War of Annihilation

Combat and Genocide on the

Eastern Front, 1941 *Rowman & Littlefield Publishers*

In *War of Annihilation*, noted military historian Geoffrey P. Megargee provides a clear, concise history of the Germans' opening campaign of conquest and genocide in 1941. By drawing on the best of military and Holocaust scholarship, Megargee dispels the myths that have distorted the role of Germany's military leadership in both the military operations themselves and the unthinkable crimes that were part of them.

Thomas Paine and the Promise of America

A History & Biography *Hill and Wang*

Thomas Paine was one of the most

remarkable political writers of the modern world and the greatest radical of a radical age. Through writings like *Common Sense*—and words such as "The sun never shined on a cause of greater worth," "We have it in our power to begin the world over again," and "These are the times that try men's souls"—he not only turned America's colonial rebellion into a revolutionary war but, as Harvey J. Kaye demonstrates, articulated an American identity charged with exceptional purpose and promise.

The Armored Saint *Tor.com*

"Cole weaves a fantasy world that feels comfortably familiar, then goes to places you'd never expect. You won't stop turning pages until the stunning finish."

—Peter V. Brett Myke Cole, star of CBS's *Hunted* and author of the *Shadow Ops* series, debuts the *Sacred Throne* epic fantasy trilogy with *The Armored Saint*, a story of religious tyrants, arcane war-machines, and underground resistance that will enthrall epic fantasy readers of all ages. In a world where any act of magic could open a portal to hell, the Order insures that no wizard will live to summon devils, and will kill as many innocent people as they must to prevent that greater horror. After witnessing a horrendous slaughter, the village girl Heloise opposes the Order, and risks bringing their wrath down on herself, her family, and her village.

The Afrika Reich

A Novel *Henry Holt and Company*

From Guy Saville, the explosive new thriller of a world that so nearly existed Africa, 1952. More than a decade has passed since Britain's humiliation at Dunkirk brought an end to the war and the beginning of an uneasy peace with Hitler. The swastika flies from the Sahara to the Indian Ocean. Britain and a victorious Nazi Germany have divided the continent. The SS has crushed the native populations and forced them into labor. Gleaming autobahns bisect the jungle, jet fighters patrol the skies. For almost a decade an uneasy peace has ensued. Now, however, the plans of Walter Hochburg, messianic racist and architect of Nazi Africa, threaten Britain's ailing colonies. Sent to curb his ambitions is Burton Cole: a one-time

assassin torn between the woman he loves and settling an old score with Hochburg. If he fails unimaginable horrors will be unleashed on the continent. No one – black or white – will be spared. But when his mission turns to disaster, Burton must flee for his life. It is a flight that will take him from the unholy ground of Kongo to SS slave camps to war-torn Angola – and finally a conspiracy that leads to the dark heart of The Afrika Reich itself.

The Book of Job *Princeton University Press*

The life and times of this iconic and enduring biblical book The book of Job raises stark questions about the meaning of innocent suffering and the relationship of the human to the divine,

yet it is also one of the Bible's most obscure and paradoxical books. Mark Larrimore provides a panoramic history of this remarkable book, traversing centuries and traditions to examine how Job's trials and his challenge to God have been used and understood in diverse contexts, from commentary and liturgy to philosophy and art. Larrimore traces Job's reception by figures such as Gregory the Great, William Blake, and Elie Wiesel, and reveals how Job has come to be viewed as the Bible's answer to the problem of evil and the perennial question of why a God who supposedly loves justice permits bad things to happen to good people.

The Transmedia Franchise of Star Wars TV *Springer Nature*

While previous work on the Star Wars universe charts the Campbellian mythic arcs, political representations, and fan reactions associated with the films, this volume takes a transmedial approach to the material, recognizing that Star Wars TV projects interact with and relate to other Star Wars texts. The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of popular culture and also key to understanding how the Star Wars franchise—and, thus, industry-wide transmedia storytelling strategies—developed. The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long-running popular series, long-

ignored texts, and even toy commercials to bear on the franchise's complex history.
