Morse decided that an idea alone cannot be patented, but only when it is put to use. In 1894, Schillinger v. United States case established that no one can bring a patent infringement case against the U.S. government. In 1895, a patent case regarding an incandescent lamp showed the need for detailed patents and invalidated any that are too vague.

71 Notorious Patent, Trademark & Copyright Infringement Cases

Motorola accused Apple of infringing several patents, which included how cellphones operated on a 3G network. On the other hand, Apple claimed that Motorola violated its patent to certain smartphone features. The copyright case was dismissed in 2012, the year that Google acquired Motorola, on grounds that neither company had sufficient evidence.
