What Is The "Illusion Of Control" And What Are Some ...

The illusion of control is the tendency for people to overestimate their ability to control events; for example, it occurs when someone feels a sense of control over outcomes that they demonstrably do not influence. The effect was named by psychologist Ellen Langer and has been replicated in many different contexts. It is thought to influence gambling behavior and belief in the paranormal. Along with illusory superiority and optimism bias, the illusion of control is one of the positive illusions

Illusion of control - Wikipedia

The illusion of control is the tendency for people to believe that they have more control over things than they really do. This leads us to overestimate our odds of succeeding or getting a positive outcome, and to invent explanations linking our behavior to some result.

Illusion of Control - The Decision Lab

When you think you control something, you're wrong. It's amazing how often we think we're in control of something when really we aren't. Control is an illusion, as I've said many times before. We constantly make plans that never actually turn out the way we envisioned. 'If you want to make God laugh, make a plan,' an old saying goes.
