Education Issues in Asia and the Pacific. Asia is a global success story when it comes to educating children. Overall, 9 out of 10 children in the region today are enrolled in primary school. For a continent that contained two-thirds of world's out-of-school children in the 1970s, the progress has been nothing short of remarkable. However, while much progress has been made over the past 10 years, indicators still point to serious education and human-resource shortfalls at all levels ...
