### Denon Dvd 2200 Dvd Player

I purchased the DVD-2200 based on Denon's reputation of quality. I will say the quality of the audio and video was very good. The build quality is NOT. After a mere 15 months the device has failed. The motor that drives the disks no longer operates. Additionally, Denon only carries a 1 year warranty on their DVD players.

In all departments, the Denon was an improvement over the Toshiba, which I rated quite highly. Appearance on the Denon is quite sleek even though it is not built quite like the tank that the Denon DVD-2900 is. Denon was a bit late to the game in offering a universal player, but for good reasons. As with all of their current products, I suspect they wanted to do it right rather than half way. With that, they unleashed the almighty DVD-2900 Universal DVD player which, because it did so many things correctly, caused about 80% of the content in my previously mentioned articles to go obsolete.
