Introduction to Fungi. John Webster, Roland Weber. Introduction to Fungi. I haven't read much scientific literature on fungi after my PhD in 1976. This book is for me a very good re-introduction in this field of science. The third edition appeared in 2006, 27 years after the second edition. Many things have changed in the field of mycology in this period: the introduction of DNA-techniques formed a major break-through in the identification of fungal mycelium and the relationship between ...
