The Pinochet Effect Transnational Justice

Contrary to conventional arguments, which support transnational prosecutions and global justice mechanisms on the basis of their presumed deterrent effects, these books emphasize the potentially catalytic effects of trying human rights violators. Certainly, post-Pinochet, the possibility of universal jurisdiction appears to have curbed the travel itineraries of those fearing prosecution.

EFFECT. The dramatic UK detention of former Chilean dictator Augusto Pinochet in a London clinic on 16 October 1998 made headlines around the world. Seeming to take almost everyone by surprise,

the arrest was a new 'JFK moment' for a certain constituency, including the Western human rights community.

The Pinochet Effect: Transnational Justice in the Age of ...

The 1998 detention of Pinochet in London, during the time that Judge Guzmán was first looking into emblematic cases like the Caravan of Death, was a high point for international justice. The notion that a former head of state could be arrested and detained for trial on torture charges outside his own country, based on international law prohibiting such conduct, electrified human rights advocates.

Universal Jurisdiction - Transitional Justice Bibliography

Roht-Arriaza's book argues that the effort to bring the late General Augusto Pinochet to justice set an important precedent in international law and politics: leaders who committed crimes while in office could no longer shield themselves from prosecution behind the protection of sovereign immunity.
