Book Review From the Stacks: Extreme Architecture – Building for Challenging Environments. November 19, 2019 | By Sean Ruthen. “The fascination of architecture in extreme environments is that it is so demanding technically, yet offers so much potential... the greatest constraint usually comes from the need not to spoil the natural environment, and that demands more judgment than the need to match the brickwork of an adjoining building.”.

Book Review From the Stacks: Extreme Architecture ...

Chile's strong and challenging climates and geographies provide a prime location for what author Ruth Slavid calls “extreme architecture.” In Extreme Architecture, Building for Challenging Environments, Slavid analyzes the relationship between architecture and nature, drawing on Germán del Sol's projects such as Remota Hotel in Puerto Natales, Patagonia. The name “Extreme Architecture” refers to architecture built in extreme environments—all of them related to extreme ...
