Black's Law Dictionary *West Group Publishing*

Contains alphabetically arranged entries that provide definitions of American and English legal terms and phrases, and includes examples and pronunciation keys, and, in some cases, background information.

Black's Law Dictionary

Black's Law Dictionary *West Legalworks*

Features more than ten thousand legal terms and includes a dictionary guide and the complete United States Constitution.

A Dictionary of Law *OUP Oxford*

This best-selling dictionary is an authoritative and comprehensive source of jargon-free legal information. It contains over 4,200 entries that clearly define the major terms, concepts, processes, and the organization of the English legal system. This is a reissue with new covers and essential updates to account for recent changes. Highlighted feature entries discuss key topics in detail, for example adoption law, the appeals system, statement of terms of employment, and terrorism

acts, and there is a useful Writing and Citation Guide that specifically addresses problems and established conventions for writing legal essays and reports. Now providing more information than ever before, this edition features recommended web links for many entries, which are accessed and kept up to date via the Dictionary of Law companion website. Described by leading university lecturers as 'the best law dictionary' and 'excellent for non-law students as well as law undergraduates', this classic dictionary is an invaluable source of legal reference for professionals, students, and anyone else needing succinct clarification of legal terms. Focusing primarily on English law, it also provides a one-stop source of information for any of the many countries that base their legal system on English law.

Black's Law *Simon and Schuster*

In a frank and enlightening look at our criminal courts, attorney Roy Black reveals his defense strategies in four cliffhanger cases. "'To Kill a Mockingbird,' but with real characters."--Alan M. Dershowitz, author of "Reversal of Fortune."

Introduction to Law *Springer*

This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed

knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

You Don't Need a Lawyer *Workman Publishing*

Don't sue. Write. In a world where it's every consumer for himself, this guide to successful self-advocacy shows how to make a letter your own court of law. And how to avoid the time, expense, and hassle of litigation. • It is all about the money. Drawing on over thirty years of success representing clients who share the same problems and frustrations as the rest of us, James Kramon knows exactly how to push the right buttons. He shows readers: 1) How to determine exactly what you want. 2) How to determine what your opponent might want. And 3) How to present your case in the best possible light. He explains which technical terms to use, when to bring in an expert—even when to send the letter via regular mail or certified. • Over 80 sample letters to follow, each proven to be effective. Change the pertinent details and use the letters as are, or follow them as loose templates.

Black's Law Dictionary

Barron's Law Dictionary *Barrons Educational Series*

This latest edition has been updated with new and revised definitions to keep it current and at the forefront of essential information for those seeking a timely legal resource. It includes recent modifications in federal and state law, making it a quick-reference guide for law students, legal professionals, and interested laypersons. The author defines more than 5,000 legal terms, using nontechnical language that remains legally accurate. Terms are documented with citations and apply to civil procedure, commercial and contract law, constitutional law, criminal law, property law, and torts. Provides definitions of legal terms and phrases used in various branches of law, in a new edition that includes a more extensive dating of terms, over 7,500 new entries, and increased bibliographic coverage.

The Winning Brief: 100 Tips for Persuasive Briefing in Trial and

Appellate Courts *Oxford University Press*

Good legal writing wins court cases. In its first edition, *The Winning Brief* proved that the key to writing well is understanding the judicial readership. Now, in a revised and updated version of this modern classic, Bryan A. Garner explains the art of effective writing in 100 concise, practical, and easy-to-use sections. Covering everything from the rules for planning and organizing a brief to openers that can capture a judge's attention from the first few words, these tips add up to the most compelling, orderly, and visually appealing brief that an advocate can present. In Garner's view, good writing is good thinking put to paper. "Never write a sentence that you couldn't easily speak," he warns-and demonstrates how to do just that. Beginning each tip with a set of quotable quotes from experts, he then gives masterly advice on building sound paragraphs, drafting crisp sentences, choosing the best words ("Strike pursuant to from your vocabulary."), quoting authority, citing sources, and designing a document that looks as impressive as it reads. Throughout, he shows how to edit for maximal impact, using vivid before-and-after examples that apply the basics of rhetoric to persuasive writing. Filled with examples of good and bad writing from actual briefs filed in courts of all types, *The Winning Brief* also covers the new appellate rules for preparing federal briefs. Constantly collecting material from his seminars and polling judges for their preferences, the second edition delivers the same solid guidelines with even more supporting evidence. Including for the first time sections on the ever-changing rules of acceptable legal writing, Garner's new edition keeps

even the most seasoned lawyers on their toes and writing briefs that win cases. An invaluable resource for attorneys, law clerks, judges, paralegals, law students and their teachers, *The Winning Brief* has the qualities that make all of Garner's books so popular: authority, accessibility, and page after page of techniques that work. If you're writing to win a case, this book shouldn't merely be on your shelf--it should be open on your desk.

Constitutional Law *West Academic*

Authoritative coverage analyzes the constitutional issues that are studied and litigated today. This text presents the origins of judicial review and federal jurisdiction, and the sources of national authority. Discusses federal commerce and fiscal powers. Overviews individual liberties and due process. Also covers freedom of speech and religion. Throughout the book, there are summations of the Supreme Court's work and evaluations of the judicial process.

Merriam-Webster's Dictionary of Law *Merriam-Webster*

10,000 entries cover vocabulary, etymologies, definitions, concepts, the judicial system, landmark cases, and government agencies

Heinemann Australian Student Dictionary

Concise Law Dictionary

Immigration Law and the Family

Black's Law Dictionary

Health Justice Now *Melville House*

"The best concise explanation of why the United States needs single-payer health care — and needs to widen the definition of health care itself."— *The Washington Post* Single payer healthcare is not complicated: the government pays for all care for all people. It's cheaper than our current model, and most Americans (and their doctors) already want it. So what's the deal with our current healthcare system, and why don't we have something better? In *Health Justice Now*, Timothy Faust explains what single payer is, why we don't yet have it, and how it can be won. He identifies the actors that have misled us for profit and political gain, dispels the myth that healthcare needs to be personally expensive, shows how we can smoothly transition to a new model, and reveals the slate of humane and progressive reforms that we can only achieve with single payer as the springboard. In this impassioned playbook, Faust inspires us to believe in a world where we could leave our job without losing healthcare for ourselves and our kids; where affordable housing is healthcare; and

where social justice links arm-in-arm with health justice for us all.

Clarence Darrow, the Journeyman
Seville Square Books

If I have been charitable in my judgments of my fellow man; if I have tried to help him as best I could; if I have done my utmost to truly understand him, I know why I have taken this course - I could not help it. I could have had no comfort or peace of mind if I had acted any other way. I have been interested in the study of man, and the motives that move and control his life. I have rejoiced with him, and have grieved with him, I have followed my instincts and sought to rescue the suffering when I could. - Clarence Seward Darrow. The Buddhists have a term they use to describe the process of comfortably meshing our core values with the way we make our living. They refer to it as the process of finding a right livelihood. The values that Clarence Darrow meshed with his role as a lawyer came from many sources. He was a philosopher, scientist, sociologist, historian, and theologian. Darrow in no way resembled the single-dimensional linear-thinking attorney that seems to be almost cliché and epidemic in the 90s. He was not the abridged version of a lawyer. His endless effort to understand and appreciate the world outside the four walls of his law office contributed to his legendary ability as an advocate. More importantly, his effort contributed to his arriving at a right livelihood.

Writing and Analysis in the Law

Legal writing of statutes, case law, decisions, memorandums, client interviews, advocacy, appellate briefs, trial briefs, and oral arguments as well as an introduction to citations and using the ALWD Citation Manual is featured.

Murdoch and Hunt's Dictionary of Irish Law
Bloomsbury Professional

Murdoch and Hunt's Dictionary of Irish Law defines the principal words, concepts and phrases, their legal source, whether statutory or judicial, and gives a brief introduction to the law. Now in its sixth edition and with its definitions having been cited in the Supreme Court, this book remains essential to the understanding and practice of the law. The dictionary's usefulness lies in the wealth of related information that is pulled together under subject-matter headings. The entries are usually accompanied with the relevant statutory basis, as well as related acts and even, in the case of a major topic of law, noteworthy textbooks in the area. The dictionary draws information from a range of sources including the Rules of the Superior Courts, Law Reform commission Reports, as well as Gazette and Bar Review articles. In this way the dictionary can also be used as a subject-index of Irish law which reflects the up-to-date legislative and judicial developments in each area whilst also encompassing references to academic commentaries. The layout of the dictionary has been carefully designed with alphabetical physical tabulations and bold fonts for entry titles, to ensure the ease and speed of use. The sixth edition of Murdoch and Hunt's Dictionary of Irish Law contains over 10,300 legal definitions from "a coelo usque ad centrum" to "zoonoses". This new edition adds 533 pages, incorporating 308 acts and 6335 SIs enacted since the 5th edition's publication eight years ago. The ongoing value of the work can be seen in the 23 instances it has been cited by the superior courts in recent years. This value will only grow in this newly expanded and updated edition.

HBR Guide to Better Business Writing (HBR Guide Series) *Harvard Business Review Press*

DON'T LET YOUR WRITING HOLD YOU BACK. When you're fumbling for words and pressed for time, you might be tempted to dismiss good business writing as a luxury. But it's a skill you must cultivate to succeed: You'll lose time, money, and influence if your e-mails, proposals, and other important documents fail to win people over. The HBR Guide to Better Business Writing, by writing expert Bryan A. Garner, gives you the tools you need to express your ideas clearly and persuasively so clients, colleagues, stakeholders, and partners will get behind them. This book will help you:

- Push past writer's block
- Grab—and keep—readers' attention
- Earn credibility with tough audiences
- Trim the fat from your writing
- Strike the right tone
- Brush up on grammar, punctuation, and usage
