This ethical and moral debate is grounded in the design and development of new technologies - long before their introduction into society. Through the research strand Ethics & Technology, we seek to teach and advise both engineers and policy makers regarding the possible and plausible impact of new technologies, as well as the general public, and to investigate the societal

impact of such technologies through objective and scientific methods.

Ethics & Technology - Universiteit Twente

International Society for Ethics and Information Technology INSEIT is a non profit unincorporated association, tax exempt under Sec. 501c3. INSEIT was created in 2000, with the goal of promoting and facilitating scholarship, education, discussion, and debate, and other activities, on the ethical issues in and surrounded by information technology.

International Society for Ethics and Information Technology
