The Science of Parenting: How Today s Brain Research Can ...

The Science of Parenting is the best parenting book I've read in many years. I couldn't put it down. It's easy to read for a non-scientist but offers footnotes to copious professional articles for those wanting more meat. The author presents research from the fields of neurobiology and neuropsychology which speaks to the importance of a child's ...

The Science of Parenting: Sunderland, Margot ...

It uses brain science to show that attentive, gentle parenting is absolutely essential to a child's development and mental health, both presently and in the future. Some people will find parts of this book hard to hear and feel guilty knowing that they have parented their children in a way that may have been damaging to them in the past and it ...
