Riba Architects Handbook Of Practice Management 9th Edition

Practice Management (PcM) focuses on the management of architectural practice, including professional ethics, fiduciary responsibilities, and the regulations governing the practice of architecture.

Candidates must

demonstrate an understanding of and abilities in business structure, business development, and asset development and protection.

Practice Management - National Council of Architectural ...

The Architects Handbook of Professional Practice (AHPP) Personally I think out of every supplementary book listed in this blogpost, the AHPP is probably the most important. AHPP is a crucial resource for PcM, but it is also a monster of a book. It can be intimidating, and sometimes people get lost when they dive directly into the AHPP.
