In Pedagogy of the Oppressed (1968/1972) Paulo Freire offers a theory of social order as well as an approach towards new possibilities, both individually and collectively. This approach concerns what Freire identifies as humankind's central problem, the axiological question of what it means to be human.

### **Paulo Freire's questions for educators. - Jenny Connected**

Paulo Freire presents a very strong argument in Pedagogy of the Oppressed. These ideas challenge the very base of the establishment. Freire attacks many education systems for avoiding the problems that are so apparent. In chapter 2 of Pedagogy of the Oppressed Freire talks about the

commonly used method in education called the “Banking Approach”.
