Coaching can greatly improve performance in your organisation, both for individuals and for the company as a whole. We believe coaching is one of the most powerful and cost effective ways of developing individual and organisational

performance. Coaching in the workplace sets goals and works towards them to unleash people's full potential.

Growforward Coaching and Training Hull

Below is my feedback, written from a student coach's perspective, studying the personal performance diploma, and with no NLP training. Very enjoyable read. The style is nicely fluid, almost written like a dialogue between the authors and the reader. Very clearly structured in four parts and ten chapters.

Book Review - Coaching With NLP | Blog | The Coaching Academy

NLP Programs. NLP stands for Neuro-Linguistic Programming and is one of the most powerful methodologies for modeling excellence and creating change ever developed. Since its inception more than 40 years ago, many of its foundations have served as the cornerstones for the evolution of modern day Leadership, Management, Coaching and Peak Performance. As both an art and a science, NLP is the study of 'what works best' in any field of human achievement by understanding how to tap into the ...
