Factors Affecting Training Transfer In Factors That Affect the Transfer of Training

Transfer of learning refers to the “ability of a trainee to apply the behavior, knowledge, and skills acquired in one learning situation to another.”¹ It’s what makes a job easier and faster as a learner becomes more skilled because they can apply what they already know.

Factors That Affect the Transfer of Training

There is a range of factors related to various stages of the implementation of employee training and development programs that impact on the level of training transfer. Individual differences associated with trainees is a major factor affecting the nature of comprehension of training programs by

trainees, and ultimately, training transfer. Trainee individual differences might be based upon personal temperament, cultural background, life experiences etc.

Factors affecting Training Transfer - Research Methodology

Superior support is one of the most important factors that facilitate the transfer of training (David, 1997).

FACTORS AFFECTING TRANSFER OF TRAINING

The transfer of training (acquired competencies) to the workplace is defined as ‘the effective (generalisation) and continuing (maintenance) application in the job (educational)

environment of the knowledge, skills and attitude gained in a faculty development context'.³ However, the transfer of training to the workplace is not a simple phenomenon and is easier said than done. An educator must overcome numerous barriers encountered in an educational environment that hinder the transfer ...

Factors affecting the transfer of training to the ...

This study examines the relationship of motivation to transfer skills and knowledge learned in a computer-based training programme with five groups of variables: individual or general attitudes, situational specific attitudes, reactions, learning, and

work environment factors. Hierarchical regression analysis produced a model which explained 60.5% of the variance in motivation to transfer.
