Auschwitz

A Doctor's Eyewitness Account *Penguin UK*

When the Nazis invaded Hungary in 1944, they sent virtually the entire Jewish population to Auschwitz. A Hungarian Jew and a medical doctor, Dr. Miklos Nyiszli was spared from death for a grimmer fate- to perform "scientific research" on his fellow inmates under the supervision of the infamous "Angel of Death"- Dr. Josef Mengele. Nyiszli was named Mengele's personal research pathologist. Miraculously, he survived to give this terrifying and sobering account of the terror of Auschwitz. This new Penguin Modern Classics edition contains an introduction by Richard Evans.

Auschwitz

A Doctor's Eyewitness Account *Simon and Schuster*

When the Nazis invaded Hungary in 1944, they sent virtually the entire Jewish population to Auschwitz. A Jew and a medical doctor, Dr. Miklos Nyiszli was spared from death for a grimmer fate: to perform “scientific research” on his fellow inmates under the supervision of the infamous “Angel of Death”: Dr. Josef Mengele. Nyiszli was named Mengele’s personal research pathologist. Miraculously, he survived to give this terrifying and sobering account.

I Was a Doctor in Auschwitz *Rowman & Littlefield*

Gisella Perl’s memoir is an extraordinarily candid account of women’s extreme efforts to survive Auschwitz. It was the first memoir by a woman survivor and established the model for understanding the gendered Nazi policies and practices targeting Jewish women as racially poisonous.

Auschwitz

A Doctor's Eyewitness Account *Fawcett*

Man's inhumanity to man as witnessed by a Hungarian physician chosen to direct biological experiments on prisoners.

Eyewitness Auschwitz

Three Years in the Gas Chambers *Rowman & Littlefield*

Filip Müller came to Auschwitz with one of the earliest transports from Slovakia in April 1942 and began working in the gassing installations and crematoria in May. He was still alive when the gassings ceased in November 1944. He saw millions come and disappear; by sheer luck he survived. Müller is neither a historian nor a psychologist; he is a source—one of the few prisoners who saw the Jewish people die and lived to tell about it. Eyewitness Auschwitz is one of the key documents of the Holocaust.

Doctors from Hell

The Horrific Account of Nazi Experiments on Humans *Sentient Publications*

Provides a chilling account of the experiments and scientific research performed on human subjects, primarily concentration camp inmates, by Nazi physicians, based on previously unpublished photographs and documents used during the Nuremberg trials.

An Auschwitz Doctor's Eyewitness Account

The Tall Tales of Dr. Mengele's Assistant Analyzed *Castle Hill Publishers*

Nyiszli was Dr. Mengele's assistant at Auschwitz. After the war he wrote down what he claimed to have experienced. To this day some traditional historians take his accounts seriously, while others reject them as grotesque lies and exaggerations. This study analyzes Nyiszli's writings and skillfully separates truth from fabulous fabrication.

Children of the Flames

Dr. Josef Mengele and the Untold Story of the Twins of Auschwitz *William Morrow & Company*

Reveals the experiences of twin children in the hands of Dr. Josef Mengele

Mengele: Unmasking the "Angel of Death" *W. W. Norton & Company*

A gripping biography of the infamous Nazi doctor, from a former Justice Department official tasked with uncovering his fate. Perhaps the most notorious war criminal of all time, Josef Mengele was the embodiment of bloodless efficiency and passionate devotion to a grotesque worldview. Aided by the role he has assumed in works of popular culture, Mengele has come to symbolize the Holocaust itself as well as the failure of justice that allowed countless Nazi murderers and their accomplices to escape justice. Whether as the demonic doctor who directed mass killings or the elusive fugitive who escaped capture, Mengele has loomed so large that even with conclusive proof, many refused to believe that he had died. As chief of investigative research at the Justice Department’s Office of Special Investigations in the 1980s, David G. Marwell worked on the Mengele case, interviewing his victims, visiting the scenes of his crimes, and ultimately holding his bones in his hands. Drawing on his own experience as well as new scholarship and sources, Marwell examines in scrupulous detail Mengele’s life and career. He chronicles Mengele’s university studies, which led to two PhDs and a promising career as a scientist; his wartime service both in frontline combat and at Auschwitz, where his “selections” sent innumerable innocents to their deaths and his “scientific” pursuits—including his studies of twins and eye color—traumatized or killed countless more; and his postwar flight from Europe and refuge in South America. Mengele describes the international search for the Nazi doctor in 1985 that ended in a cemetery in Sao Paulo, Brazil, and the dogged forensic investigation that produced overwhelming evidence that Mengele had died—but failed to convince those who, arguably, most wanted him dead. This is the riveting story of science without limits, escape without freedom, and resolution without justice.

Auschwitz

A Doctor's Eyewitness Account

Tells of the hideous experiments performed on Jewish victims at the infamous Nazi concentration camp.

Auschwitz

A New History *PublicAffairs*

This vivid and harrowing narrative history of the most notorious concentration camp of the Holocaust preserves the authentic voices of survivors and perpetrators The largest mass murder in human history took place in World War II at Auschwitz. Yet its story is not fully known. In Auschwitz, Laurence Rees reveals new insights from more than 100 original interviews with survivors and Nazi perpetrators who speak on the record for the first time. Their testimonies provide a portrait of the inner workings of the camp in unrivalled detail-from the techniques of mass murder, to the politics and gossip mill that turned between guards and prisoners, to the on-camp brothel in which the lines between those guards and prisoners became surprisingly blurred. Rees examines the strategic decisions that led the Hitler and Himmler to make Auschwitz the primary site for the extinction of Europe's Jews-their "Final Solution." He concludes that many of the horrors that were perpetrated in Auschwitz were the result of a terrible immoral pragmatism. The story of the camp becomes a morality tale, too, in which evil is shown to proceed in a series of deft, almost noiseless incremental steps until it produces the overwhelming horror of the industrial scale slaughter that was inflicted in the gas chambers of Auschwitz.

By Chance Alone

A Remarkable True Story of Courage and Survival at Auschwitz *Harlequin*

An award-winning, internationally bestselling Holocaust memoir in the tradition of Elie Wiesel’s Night and Primo Levi’s Survival in Auschwitz In the spring of 1944, gendarmes forcibly removed Tibor “Max” Eisen and his family from their home, brought them to a brickyard and eventually loaded them onto crowded cattle cars bound for Auschwitz-Birkenau. At fifteen years of age, Eisen survived the selection process and was inducted into the camp as a slave laborer. More than seventy years after the Nazi camps were liberated by the Allies, By Chance Alone details Eisen’s story of survival: the backbreaking slave labor in Auschwitz I, the infamous death march in January 1945, the painful aftermath of liberation and Eisen’s journey of physical and psychological healing. Ultimately, the book offers a message of hope as the author finds his way to a new life.

Mengele

The Complete Story *Cooper Square Press*

Based on exclusive and unrestricted access to more than 5,000 pages of personal writings and family photos, this definitive biography of German physician and SS-Hauptsturmführer Josef Mengele (1911-1979) probes the personality and motivations of Auschwitz's "Angel of Death." From May 1943 through January 1945, Mengele selected who would be gassed immediately, who would be worked to death, and who would serve as involuntary guinea pigs for his spurious and ghastly human experiments (twins were Mengele's particular obsession). With authority and insight, Mengele examines the entire life of the world's most infamous doctor.

Last Stop Auschwitz

My Story of Survival from within the Camp *Grand Central Publishing*

Written in Auschwitz itself and translated for the first time ever into English, this one-of-a-kind, minute-by-minute true account is a crucial historical testament to a Holocaust survivor's fight for his life at the largest extermination camp in Nazi Germany. "We know that there is only one ending to this, only one liberation from this barbed wire hell: death." -- Eddy de Wind In 1943, amidst the start of German occupation, Eddy de Wind worked as a doctor at Westerbork, a Dutch transit camp. His mother had been taken to this camp by Nazis but Eddy was assured by the Jewish Council she would be freed in exchange for his labor. He later found out she'd already been transferred to Auschwitz. While at Westerbork, he fell in love with a woman named Friedel and they married. One year later, they were transported to Auschwitz. Upon arrival, Friedel and Eddy were separated -- Eddy forced to work as a medical assistant in one barrack, Friedel at the mercy of Nazi experimentation in a nearby block. Sneaking moments with his beloved and communicating whenever they could, Eddy longed for the day he could be free with Friedel . . . Written in the camp itself in the weeks following the Red Army's liberation of the camp, Last Stop Auschwitz is the raw, true account of Eddy's experiences at Auschwitz. In stunningly poetic prose, he provides unparalleled access to the horrors he faced in the concentration camp. Including photos from Eddy's life before, during, and after the Holocaust, this poignant memoir is at once a moving love story, a detailed portrayal of the atrocities of Auschwitz, and an intelligent consideration of the kind of behavior -- both good and evil -- people are capable

of. Never before published in English, this book is a vital and enduring document: a testament to the strength of the human spirit, and a warning against the depths we can sink to when prejudice is given power.

An Auschwitz Doctor's Eyewitness Account

The Tall Tales of Dr. Mengele's Assistant Analyzed

Nyiszli was Dr. Mengele's assistant at Auschwitz. After the war he wrote down what he claimed to have experienced. To this day some traditional historians take his accounts seriously, while others reject them as grotesque lies and exaggerations. This study analyzes Nyiszli's writings and skillfully separates truth from fabulous fabrication.

Auschwitz Children and Mengele Experiments: The Immoral and Atrocious Research on Children in the Auschwitz Concentration Camp During World War II

Charlie Creative Lab

Many doctors in Germany were convinced that they were the chosen people to create a healthy, racially pure Volkskörper (body of people) and by doing so, establishing a racial utopia. As strong supporters of National Socialism, they welcomed the founding of the Third Reich. After Hitler acceded to power, German physicians joined the SS in particular. During the twelve years of the Nazi era, seven percent of German doctors became members of the SS. The average membership of the population was only 0.6 percent. Moreover, doctors were also overrepresented as a profession, with teachers consisting less than half a percent and musicians only three percent. Only lawyers had a larger share in the SS than doctors. The average income of German doctors extremely increased after 1933, even exceeding the income of lawyers. The Nazi doctors of the human experiments also joined the SS in large numbers. German doctors were far more reluctant to join the NSDAP than the SS. Before 1933, only seven percent of all German doctors joined the NSDAP (Nazi party). They joined the party when it seemed opportune to do so, in 1933, and particularly in 1937. In 1933, physicians consisted almost a quarter of all academic professionals in the NSDAP. Most doctors joined the NSDAP in 1937, with a membership rate of 43 percent of the total profession. German physicians sat on the fence during the first years of the Nazi era, insecure about the effects of the new regime on their profession. By 1937, the Third Reich had won their trust for several reasons. The NSDAP had solved the economic crisis and had reorganized the medical profession. Moreover, the regime had solved "the Jewish question" in the medical sector.

Nazi Medical Experiments

Createspace Independent Publishing Platform

Nazism cursed the European continent and tried to dominate the world. It was a racist dogma enforced by racist bullies and brutal criminals. Before Adolf Hitler was crushed, between 50 and 60 million people died. Nazis extended their cruelties into the realm of medicine, their grinning doctors, many of them once distinguished professors with advanced degrees, torturing thousands, including children, to death in grisly ways in filthy back rooms at the many Nazi camps or in special murder "clinics." This book discusses some of the hideous crimes against humanity they committed, all of it with a clear conscience and without a second thought. There is also a section on medical "experiments" and atrocities carried out, even in the days of the 21st Century, in a developed country near you.

I Escaped from Auschwitz

The Shocking True Story of the World War II Hero Who Escaped the Nazis and Helped Save Over 200,000 Jews

Simon and Schuster

The Stunning and Emotional Autobiography of an Auschwitz Survivor April 7, 1944—This date marks the successful escape of two Slovak prisoners from one of the most heavily-guarded and notorious concentration camps of Nazi Germany. The escapees, Rudolf Vrba and Alfred Wetzler, fled over one hundred miles to be the first to give the graphic and detailed descriptions of the atrocities of Auschwitz. Originally published in the early 1960s, I Escaped from Auschwitz is the striking autobiography of none other than Rudolf Vrba himself. Vrba details his life leading up to, during, and after his escape from his 21-month internment in Auschwitz. Vrba and Wetzler manage to evade Nazi authorities looking for them and make contact with the Jewish council in Zilina, Slovakia, informing them about the truth of the “unknown destination” of Jewish deportees all across Europe. This first-hand report alerted Western authorities, such as Pope Pius XII, Winston Churchill, and Franklin D. Roosevelt, to the reality of Nazi annihilation camps—information that until then had only been recognized as nasty rumors. I Escaped from Auschwitz is a close-up look at the horror faced by the Jewish people in Auschwitz and across Europe during World War II. This newly edited translation of Vrba’s memoir will leave readers reeling at the terrors faced by those during the Holocaust. Despite the profound emotions brought about by this narrative, readers will also find an astounding story of heroism and courage in the face of seemingly hopeless circumstances.

Auschwitz Report

Verso Books

Among the first written accounts of the concentration camps—a major literary and historical discovery. While in a Russian-administered holding camp in Katowice, Poland, in 1945, Primo Levi was asked to provide a report on living conditions in Auschwitz. Published the following year, it was subsequently forgotten and remained unknown to a wider public. Dating from the weeks and months immediately after the war, Auschwitz Reportdetails the authors’ harrowing deportation to Auschwitz, and how those who disembarked from the train were selected for work or extermination. As well as being a searing narrative of everyday life in the camp, and the organization and working of the gas chambers, it constitutes Levi’s first lucid attempts to come to terms with the raw horror of events that would drive him to create some of the greatest works of twentieth-century literature and testimony. Auschwitz Reportis a major literary and historical discovery.

Inside the Gas Chambers

Eight Months in the Sonderkommando of Auschwitz

John Wiley & Sons

This is a unique, eye-witness account of everyday life right at the heart of the Nazi extermination machine. Slomo Venezia was born into a poor Jewish-Italian community living in Thessaloniki, Greece. At first, the occupying Italians protected his family; but when the Germans invaded, the Venezias were deported to Auschwitz. His mother and sisters disappeared on arrival, and he learned, at first with disbelief, that they had almost certainly been gassed. Given the chance to earn a little extra bread, he agreed to become a ‘Sonderkommando’, without realising what this entailed. He soon found himself a member of the ‘special unit’ responsible for removing the corpses from the gas chambers and burning their bodies. Dispassionately, he details the grim round of daily tasks, evokes the terror inspired by the man in charge of the crematoria, ‘Angel of Death’ Otto Moll, and recounts the attempts made by some of the prisoners to escape, including the revolt of October 1944. It is usual to imagine that none of those who went into the gas chambers at Auschwitz ever emerged to tell their tale - but, as a member of a ‘Sonderkommando’, Shlomo Venezia was given

this horrific privilege. He knew that, having witnessed the unspeakable, he in turn would probably be eliminated by the SS in case he ever told his tale. He survived: this is his story. Published in association with the United States Holocaust Memorial Museum.

Surviving the Angel of Death

The True Story of a Mengele Twin in Auschwitz

Simon and Schuster

Eva Mozes Kor was just ten years old when she arrived in Auschwitz. While her parents and two older sisters were taken to the gas chambers, she and her twin, Miriam, were herded into the care of the man known as the Angel of Death, Dr. Josef Mengele. Subjected to sadistic medical experiments, she was forced to fight daily for her and her twin's survival. In this incredible true story written for young adults, readers learn of a child's endurance and survival in the face of truly extraordinary evil and Eva's recovery and her controversial but often misunderstood decision to publicly forgive the Nazis. Readers will learn of how she triumphed over unfathomable pain and suffering into a life-long work for peace, human rights, and Holocaust education. The new edition provides interesting details and important context to the events related in the original story. A new Afterword by publisher Peggy Porter Tierney offers a richer portrayal of Eva as a person, the truth behind the controversies, and the eventful last ten years of her life.

Five Chimneys

A Woman Survivor's True Story of Auschwitz

Chicago Review Press

Olga Lengyel tells, frankly and without compromise, one of the most horrifying stories of all time. This true, documented chronicle is the intimate, day-to-day record of a beautiful woman who survived the nightmare of Auschwitz and Birchenau. This book is a necessary reminder of one of the ugliest chapters in the history of human civilization. It was a shocking experience. It is a shocking book.

The Theory and Practice of Hell

The German Concentration Camps and the System Behind Them

Macmillan

By the spring of 1945, the Second World War was drawing to a close in Europe. Allied troops were sweeping through Nazi Germany and discovering the atrocities of SS concentration camps. The first to be reached intact was Buchenwald, in central Germany. American soldiers struggled to make sense of the shocking scenes they witnessed inside. They asked a small group of former inmates to draft a report on the camp. It was led by Eugen Kogon, a German political prisoner who had been an inmate since 1939. The Theory and Practice of Hell is his classic account of life inside. Unlike many other books by survivors who published immediately after the war, The Theory and Practice of Hell is more than a personal account. It is a horrific examination of life and death inside a Nazi concentration camp, a brutal world of a state within state, and a society without law. But Kogon maintains a dispassionate and critical perspective. He tries to understand how the camp works, to uncover its structure and social organization. He knew that the book would shock some readers and provide others with gruesome fascination. But he firmly believed that he had to show the camp in honest, unflinching detail. The result is a unique historical document--a complete picture of the society, morality, and politics that fueled the systematic torture of six million human beings. For many years, The Theory and Practice of Hell remained the seminal work on the concentration camps, particularly in Germany. Reissued with an introduction by Nikolaus Waschmann, a leading Holocaust scholar and author of Hitler's Prisons, this important work now demands to be re-read.

The Twins of Auschwitz

The Inspiring True Story of a Young Girl Surviving Mengele's Hell

Monoray

Auschwitz

A New History *Public Affairs*

Insights gleaned from more than one hundred original interviews shed new light on history's most notorious death camp, with the testimonies of survivors providing a detailed portrait of the camp's inner workings.

The Druggist of Auschwitz

A Documentary Novel *Farrar, Straus and Giroux*

Dieter Schlesak’s haunting novel *The Druggist of Auschwitz*—beautifully translated from the German by John Hargraves—is a frighteningly vivid portrayal of the Holocaust as seen through the eyes of criminal and victim alike. Adam, known as "the last Jew of Schäßburg," recounts with disturbing clarity his imprisonment at the infamous Auschwitz concentration camp. Through Adam's fictional narrative and excerpts of actual testimony from the Frankfurt Auschwitz Trial of 1963-65, we come to learn of the true-life story of Dr. Victor Capesius, who, despite strong friendships with Jews before the war, quickly aided in and profited from their tragedy once the Nazis came to power. Interspersed with historical research and the author's face-to-face interviews with survivors, the novel follows Capesius from his assignment as the "sorter" of new arrivals at Auschwitz—deciding who will go directly to the gas chamber and who will be used for labor—through his life of lavish wealth after the war to his arrest and eventual trial. Schlesak's seamless incorporation of factual data and testimony—woven into Adam's dreamlike remembrance of a world turned upside down—makes *The Druggist of Auschwitz* a vital and unique addition to our understanding of the Holocaust.

Josef Mengele: Angel of Death

A Biography of Nazi Evil

Josef Mengele Angel of Death: A Biography of Nazi Evil Better known as the Angel of Death today Dr. Josef Mengele is best remembered for the series of grisly experiments and murders he carried out during the Holocaust. Born in 1911 to a wealthy family in Ulm in southern Germany the young Josef Mengele studied both medicine and philosophy at university, whilst there he became particularly interested in the field of eugenics. The science of eugenics was at the peak of its popularity during the early decades of the twentieth century. Mengeles interest in eugenics was developed further when, as a young practitioner, came under the guidance of Dr. von Verschuer, a prominent German eugenicist. During the following chapters, we shall look at how Germanys turbulent, racist and anti-Semitic society, which was particularly virulent in the post World War I Weimar Republic period, shaped the views of the young Josef Mengele. This ultimately led to him joining the Nazi party, an organization that held similar views to Mengele on the subject of eugenics. The Nazi party would also allow him free reign to conduct his ghastly experiments. This Josef Mengele biography details the life and crimes of the Angel of Death

In Search of Sugihara: The Elusive Japanese Diplomat Who Risked His Life to Rescue 10,000 Jews from the Holocaust *Plunkett Lake Press*

Chiune Sugihara, the Japanese consul in Kovno, Lithuania, honored in 1984 by Yad Vashem as a “Righteous Among the Nations,” issued transit visas to thousands of Jews in 1940, saving them from almost certain death in Nazi-occupied Europe. From extensive archival research and interviews — of survivors, fellow students in Harbin, China, diplomats who knew Sugihara and family members —, Hillel Levine reconstructs the fascinating story of this diplomat, spy and Russia expert who singlehandedly built a “conspiracy of goodness.” “Mr. Levine dug deep into wartime archives and traveled all over the world in search of Sugihara’s friends and relatives, and surviving eyewitnesses of his extraordinary acts ... [researched] Japanese culture, folklore, diplomacy, imperialism and attitudes toward Jews and the West ... In Search of Sugihara finally inspires you to believe that in a time of great evil a good man threw caution to the winds and acted out of simple humanity.” — Christopher Lehmann-Haupt, *The New York Times* “This remarkable biography is, in the author’s words, a study of the ‘banality of good.’ Honored in Israel and Japan, yet still largely unknown in the West, Japanese diplomat and spy Chiune Sugihara, with this book, joins the ranks of Raoul Wallenberg, Oskar Schindler and other rescuers of Jews escaping Nazi persecution ... In Levine’s compelling analysis, Sugihara’s rescue effort was motivated by love of life and a strong sense of justice, not by any special relationship to Jews or driving obsession — an ordinary man turned extraordinary hero.” — *Publishers Weekly* “On the basis of considerable research, including interviews with survivors, friends, and relatives, official records, and Sugihara’s scant memoirs, Levine presents the available facts ... Sugihara’s story is ultimately a fascinating addition to Holocaust literature and a valuable historical footnote.” — *Kirkus Reviews* “One of a handful of landmark books in our desperately needed process of just beginning to explore the strange mystery of human goodness.” — M. Scott Peck, author of *The Road Less Traveled* “Sugihara is unique because he demonstrated that every individual is empowered to resist tyranny and that one can act in accordance to the dictates of a higher moral authority that advocates justice, humanity, and compassion to all mankind. Hillel Levine is to be commended for bringing attention to this unsung hero of the Holocaust and for telling us, with historical depth and literary eloquence, of the unknown dimensions of this incredible story.” — Tom Lantos, US Congress “This is history as it was, and history as it might have been. Hillel Levine has relentlessly uncovered one of the most thrilling and

unknown stories of World War II and the Holocaust. He has shown what one courageous diplomat in one small country did to make a real difference in those darkest of times. He has also given us the account of an improbable but genuine hero whose name should be inscribed with the other great figures of the resistance.” — Harvey Cox, Thomas Professor of Divinity, Harvard University

Survivors of Stalingrad

Eyewitness Accounts from the 6th Army, 1942-43 *Frontline Books*

In November 1942 _ in a devastating counter-attack from outside the city _ Soviet forces smashed the German siege and encircled Stalingrad, trapping some 290,000 soldiers of the 6th Army inside. For almost three months, during the harshest part of the Russian winter, the German troops endured atrocious conditions. Freezing cold and reliant on dwindling food supplies from Luftwaffe air drops, thousands died from starvation, frostbite or infection if not from the fighting itself. ??This important work reconstructs the grim fate of the 6th Army in full for the first time by examining the little-known story of the field hospitals and central dressing stations. The author has trawled through hundreds of previously unpublished reports, interviews, diaries and newspaper accounts to reveal the experiences of soldiers of all ranks, from simple soldiers to generals. ??The book includes first-hand accounts of soldiers who were wounded or fell ill and were flown out of the encirclement; as well as those who fought to the bitter end and were taken prisoner by the Soviets. They reflect on the severity of the fighting, and reveal the slowly ebbing hopes for survival. Together they provide an illuminating and tragic portrait of the appalling events at Stalingrad.

The Secret Holocaust Diaries

The Untold Story of Nonna Bannister *Tyndale House Publishers, Inc.*

The author documents her experiences during World War II through a secret diary she kept during her time in a concentration camp and the years following the war.

Our Crime Was Being Jewish

Hundreds of Holocaust Survivors Tell Their Stories *Simon and Schuster*

In the shouted words of a woman bound for Auschwitz to a man about to escape from a cattle car, “If you get out, maybe you can tell the story! Who else will tell it?” *Our Crime Was Being Jewish* contains 576 vivid memories of 358 Holocaust survivors. These are the true, insider stories of victims, told in their own words. They include the experiences of teenagers who saw their parents and siblings sent to the gas chambers; of starving children beaten for trying to steal a morsel of food; of people who saw their friends commit suicide to save themselves from the daily agony they endured. The recollections are from the start of the war—the home invasions, the Gestapo busts, and the ghettos—as well as the daily hell of the concentration camps and what actually happened inside. Six million Jews were killed in the Holocaust, and this hefty collection of stories told by its survivors is one of the most important books of our time. It was compiled by award-winning author Anthony S. Pitch, who worked with sources such as the United States Holocaust Memorial Museum to get survivors’ stories compiled together and to supplement them with images from the war. These memories must be told and held onto so what happened is documented; so the lives of those who perished are not forgotten—so history does not repeat itself. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Auschwitz

A Doctor's Eyewitness Account. Translated by Tibère Kremer and Richard Seaver. With a Foreword by Bruno Bettelheim

In the Matter of Josef Mengele

A Report to the Attorney General of the United States

The Tender Hour of Twilight

Paris in the '50s, New York in the '60s: A Memoir of Publishing's Golden Age *Macmillan*

A personal account by the late founder of Arcade Publishing documents his experiences in the literary world of the mid-20th century, describing his efforts to overcome U.S. censorship laws and introduce readers to important written works.
