Ethics And Economics Markets Morality | calendar.pridesource

Most radical of all are the ethical systems that reject the market completely. Marxists, some feminists and a few Buddhist approaches to economics take this line: their ethics dispute the starting points of classical market economics—ideas like individual consumer sovereignty, private property and the attractiveness of material wealth.

Can economics be ethical? | Prospect Magazine

The subject matter of both morality and economics is human action. Economic inquiry wants to know the cause and consequences of human actions. Morality purports to show which human actions are right or wrong. Clearly human action is the common denominator, suggesting a possible link between moral principles and economic principles.
