With this information, you prepare to embark on interesting literary journeys via the easy act of downloading Causes Of The French Revolution. Happy analysis!

The Causes of the French Revolution

The Causes of the French Revolution

The French Revolution *Routledge*
Originally published in 1956, this masterly essay weaves together the results of research with an independence of judgement which could only come from a long-established expert in the field of Revolutionary studies. The book examines the causes of the French Revolution and the economics involved in the weakness of France’s pre-revolutionary form of government as well as the administrative complexity which was an effective stumbling block in the way of monarchy. As well as charting key events in the revolution, the conclusion discusses the significance of the French Revolution in the context of other revolutions in both the nineteenth and twentieth centuries.

The Causes of the French Revolution

The Causes of the French Revolution

A Short History of the French Revolution, 1789-1799 *Univ of California Press*
A Marxist analysis of the causes and course of the French Revolution argues that it can be understood, on all levels, only in terms of class struggle.

Letters from Paris on the causes and consequences of the French revolution

The French Revolution: A Very Short Introduction *Oxford Paperbacks*
Beginning with a discussion of familiar images of the French Revolution, this work looks at how the ancien régime became ancien as well as examining cases in which achievement failed to match ambition.

The Causes of the French Revolution

The French Revolution

Historians and the Causes of the French Revolution

The French Revolution in Global Perspective *Cornell University Press*
Situating the French Revolution in the context of early modern globalization for the first time, this book offers a new approach to understanding its international origins and worldwide effects. A distinguished group of contributors shows that the political culture of the Revolution emerged out of a long history of global commerce, imperial competition, and the movement of people and ideas in places as far flung as India, Egypt, Guiana, and the Caribbean. This international approach helps to

explain how the Revolution fused immense idealism with territorial ambition and combined the drive for human rights with various forms of exclusion. The essays examine topics including the role of smuggling and free trade in the origins of the French Revolution, the entwined nature of feminism and abolitionism, and the influence of the French revolutionary wars on the shape of American empire. The French Revolution in Global Perspective illuminates the dense connections among the cultural, social, and economic aspects of the French Revolution, revealing how new political forms-at once democratic and imperial, anticolonial and centralizing-were generated in and through continual transnational exchanges and dialogues. Contributors: Rafe Blaufarb, Florida State University; Ian Coller, La Trobe University; Denise Davidson, Georgia State University; Suzanne Desan, University of Wisconsin-Madison; Lynn Hunt, University of California, Los Angeles; Andrew Jainchill, Queen's University; Michael Kwass, The Johns Hopkins University; William Max Nelson, University of Toronto; Pierre Serna, Université Paris I Panthéon-Sorbonne; Miranda Spieler, University of Arizona; Charles Walton, Yale University

The French Revolution and the Psychology of Revolution *Routledge*
In his discussion of the general psychological causes of revolution, LeBon draws detailed illustrations of fundamental points from the French Revolution, especially the period from 1789 to 1800. LeBon's treatment of psychological causes is not confined to crowd actions or to the immediate descriptions of violent episodes in revolutions. He draws upon contemporary French clinical psychology to describe the pathological characteristics of the revolutionary leadership in France and explains many of the events of the period as a consequence of their influence.

The French Revolution
Examines the causes, events, and aftermath of the French Revolution from the storming of the Bastille in 1789, through the execution of the king in 1793, to the seizure of power by Napoleon Bonaparte in 1799

A view of the causes and progress of the French revolution

The Coming of the French Revolution *Princeton University Press*
The Coming of the French Revolution remains essential reading for anyone interested in the origins of this great turning point in the formation of the modern world. First published in 1939, on the eve of the Second World War, and suppressed by the Vichy government, this classic work explains what happened in France in 1789, the first year of the French Revolution. Georges Lefebvre wrote history "from below"—a Marxist approach. Here, he places the peasantry at the center of his analysis, emphasizing the class struggles in France and the significant role they played in the coming of the revolution. Eloquently translated by the historian R. R. Palmer and featuring an introduction by Timothy Tackett that provides a concise intellectual biography of Lefebvre and a critical appraisal of the book, this Princeton Classics edition continues to offer fresh insights into democracy, dictatorship, and insurrection.

Lectures on the Causes of the French Revolution; Delivered Before the Columbian University, in the City of Washington, Feb. 21-Mar. 7, 1888

An Outline of the French Revolution

The State of Society in France Before the Revolution of 1789 *e-artnow*
The book I now publish is not a history of the French Revolution; that history has been written with too much success for me to attempt to write it again. This volume is a study on the Revolution. The French people made, in 1789, the greatest effort which was ever attempted by any nation to cut, so to speak, their destiny in halves, and to separate by an abyss that which they had heretofore been from that which they sought to become hereafter. For this purpose, they took all sorts of precautions to carry nothing of their past with them into their new condition; they submitted to every species of constraint in order to fashion themselves otherwise than their fathers were; they neglected nothing which could efface their identity.

The Declaration of the Rights of Man and the Citizen 1789 and 1793

French Revolution: The Basics *Routledge*
French Revolution: The Basics is an accessible and concise introduction to the history of the revolution in France. Combining a traditional narrative with documents of the era and references to contemporary imagery of the revolution, the book traces the long-and short-term causes of the French Revolution as well as its consequences up to the dissolution of the Convention and the ascendancy of Napoleon. The book is written with an explicit aim for its reader to acquire understanding of the past whilst imparting knowledge using underlying historical concepts such as evidence, continuity and change, cause and effect, significance, empathy, perspectives, and contestability. Key topics discussed within the book include: The structure of French society before 1789. The long- and short-term factors that contributed to the French Revolution. How ordinary French people, including women and slaves, participated in the revolution. What brought about the end of the ancien régime. The major reforms of the National Assembly, 1789–1791, and how they lead to the division and radicalisation of the revolution. How the alternative visions of the new society divided the revolution and what were the internal and external pressures on the revolution that contributed to its radicalisation. The forms of terror which enabled reality to triumph over the idealism. The rise of Napoleon Bonaparte as military leader and Emperor. This book is an ideal introduction for anyone wishing to learn more about this influential revolution in the shaping of modern Europe and the world.

Nationality and Citizenship in Revolutionary France *OUP Oxford*

In 1789 the French Revolution opened with a cosmopolitan flourish and progressive observers across the world hailed a new era of international fraternity, based on a new kind of politics. Foreigners were welcomed to France, to enrich the regenerated nation and to become citizens. By the Terror of 1793-94, however, this universalist promise had all but died. Some foreigners in France were guillotined, hundreds of others were jailed, expelled, watched closely and were obliged to carry special identity cards. How and why foreignors were squeezed out of French social and political life- and to what extent- is the subject of this book. Besides such issues as citizenship, nationality, passports and surveillance, this study considers the experience of specific types of foreignors, like those who served in the French army; in the clergy; foreign radicals or patriots; and those who contributed to French economic life. The dramatic transformation in the fortunes of foreignors during the revolution reveals much about the origins of modern concepts of nationality and citizenship and the development of national identities. In defining the limit of the nation, the revolutionaries and foreignors alike faced difficulties which have particular ressonance today.

The Cultural Origins of the French Revolution *Duke University Press*

Rekknowned historian Roger Chartier, one of the most brilliant and productive of the younger generation of French writers and scholars now at work refashioning the Annales tradition, attempts in this book to analyze the causes of the French revolution not simply by investigating its “cultural origins” but by pinpointing the conditions that “made is possible because conceivable.” Chartier has set himself two important tasks. First, while acknowledging the seminal contribution of Daniel Mornet’s Les origens intellectuelles de la Révolution française (1935), he synthesizes the half-century of scholarship that has created a sociology of culture for Revolutionary France, from education reform through widely circulated printed literature to popular expectations of government and society. Chartier goes beyond Mornet’s work, not be revising that classic text but by raising questions that would not have occurred to its author. Chartier’s second contribution is to reexamine the conventional wisdom that there is a necessary link between the profound cultural transformation of the eighteenth century (generally characterized as the Enlightenment) and the abrupt Revolutionary rupture of 1789. The Cultural Origins of the French Revolution is a major work by one of the leading scholars in the field and is likely to set the intellectual agenda for future work on the subject.

The Great French Revolution, 1789-1793

The French Revolution from 1789 to 1815

A View of the Causes and Progress of the French Revolution. By John Moore .. A New Edition

French Revolution *Routledge*

"French Revolution: The Basics is an accessible and concise introduction to the history of the revolution in France. Combining a traditional narrative of with documents of the era and references to contemporary imagery of the revolution, the book traces the long and short term causes of the French Revolution as well as its consequences up to the dissolution of the Convention and the ascendancy of Napoleon. The book is written with an explicit aim for its reader to acquire understanding of the past whilst imparting knowledge using the underlying the historical concepts such as evidence, continuity and change, cause and effect, significance, empathy, perspectives, and contestability. Key topics discussed within the book include: The structure of French society before 1789. The long- and short-term factors that contributed to the French Revolution. How ordinary French people, including women and slaves participated in the revolution. What brought about the

end of the ancien regime. The major reforms of the National Assembly, 1789-1791 and how they lead to the division and radicalisation of the revolution. How did the alternative visions of the new society divide the revolution and what were the internal and external pressures on the revolution that contributed to its radicalisation. The forms of terror which enabled reality triumph over the idealism. The rise of Napoleon Bonaparte as military leader and Emperor. This book is an ideal introduction for anyone wishing to learn more about this influential revolution in the shaping of modern Europe and the world"--

Thomas Paine and the French Revolution *Springer*

This book explores Thomas Paine's French decade, from the publication of the first part of Rights of Man in the spring of 1791 to his return trip to the United States in the fall of 1802. It examines Paine's multifarious activities during this period as a thinker, writer, member of the French Convention, lobbyist, adviser to French governments, officious diplomat and propagandist. Using previously neglected sources and archival material, Carine Lounissi demonstrates both how his republicanism was challenged, bolstered and altered by this French experience, and how his positions at key moments of the history of the French experiment forced major participants in the Revolution to defend or question the kind of regime or of republic they wished to set up. As a member of the Lafayette circle when writing the manuscript of Rights of Man, of the Girondin constellation in the Convention, one of the few democrats who defended universal suffrage after Thermidor, and as a member of the Constitutional Circle which promoted a kind of republic which did not match his ideas, Paine baffled his contemporaries and still puzzles the present-day scholar. This book intends to offer a new perspective on Paine, and on how this major agent of revolutions contributed to the debate on the French Revolution both in France and outside France.

The Two French Revolutions, 1789-1796 *New York : Basic Books*

History of the French Revolution from 1789 to 1814

The French Revolution, a Political History 1789-1804: The revolution under the monarchy, 1789-1792

Modern France *OUP USA*

The French Revolution, politics and the modern nation -- French and the civilizing mission -- Paris and magnetic appeal -- France stirs up the melting pot -- France hurtles into the future.

The French Revolution *Englewood Cliffs, N.J. : Prentice-Hall*

The drama of ideas shared a turbulent stage with the drama of human events during the era documented by Philip Dawson in The French Revolution. Through a brilliant selection of confidential letters, police reports, political broadsides, grievance lists, public speeches, and legislative proceedings, Dawson vividly evokes an atmosphere in which the word "revolution" came to connote a way of life. These writings, most of them newly translated for this volume, show how inflammatory issues of public policy took on a tangible and compelling aspect in the long march by hundreds of women from Paris to Versailles; in the tumult of an amateur army besieging the king of Tuileries palace; in the invasion of the National Convention by a crowd bearing the head of a representative impaled on a pike. They present powerful evidence of the shortness in political distance between the Revolution of 1789 and the revolution of our own day.

French Revolutionary Generals *Trieste Publishing*

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world.The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work.We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

The Oxford History of the French Revolution *OUP Oxford*

In his new edition of the most authoritative, comprehensive history of the French Revolution of 1789, William Doyle draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions. This volume offers a detailed insight into all aspects of the Revolution; updates for this second edition include a generous chronology of events, plus an extended bibliographical essay providing an examination of the historiography of the Revolution.
