Teachers)**

Guided practice refers
to explicit, structured
instruction by the
teacher. Historically,
the guided practice
model produces the
evidence of student
learning when,
following the teacher's
presentation, then
collaboration with the
student, students
produce their

demonstrating their
content knowledge.

**Guided vs.
Independent**

Practice - TeachHUB

Guided practice is defined as scaffolded independent practice that occurs before minimally-assisted independent practice. During guided practice, the teacher empowers students to practice skills on their own for the first time, giving concrete, actionable feedback to everyone and additional focused attention to specific learners that need it.

Professional Support & Development / Effective Practices

To write an effective lesson plan, you must define the anticipatory set. This is the second step of an effective lesson plan, and you should include it after the objective and before the direct instruction. In the anticipatory set section, you outline what you will say and/or present to your students before the

direct instruction of the lesson begins.
