The webinar will discuss the challenges and opportunities schemes face in evaluating end game options, choosing a target state and understanding the impact this strategic decision could have on member outcomes long after the "end state" is reached.

Solvency II | Institute and Faculty of Actuaries

Solvency II was implemented at the start of 2016. Already, however, limitations around the

application of key aspects have started coming to light. This Working Party has been established to conduct a practical review of the regulation in order to better understand these limitations and their implications. Through the process of review, the Working Party aims to develop a list of possible improvements for the PRA to consider.

Sunak said the review aims to ensure the Solvency II regime is "properly tailored to take account of the structural features of the UK insurance sector". The review will consider areas that have been the subject of long-standing discussion while the UK was a member state, some of which may also form part of the EU's intended review, he added.

Sunak unveils autumn review of Solvency II | The Actuary

Solvency II is an EU Directive that aims to harmonise and improve the regulation of all insurance companies in the EU. It applies to life insurance companies, general insurance companies and reinsurance companies. The primary focus is on ensuring that firms hold an appropriate amount of capital given the risks of their business, and that they manage their businesses in a risk-based manner.
