Advanced Skills and Interventions in Therapeutic Counseling is written for advanced students and

professionals. It provides an understanding of the personality and reviews the fundamentals of the counseling process, such as the set up of the counseling room, attending behavior, and advanced active listening skills.

Advanced Skills and Interventions in Therapeutic Counseling

Listening Skills: With any relationship, listening skills are needed to show that the counselor understands and interprets the information that their client gives them correctly. The counselor should do this by showing attentiveness in non-verbal ways, such as: summarizing, capping, or matching the body language of their clients.
