Stakeholder management contributes to corporate governance by helping to handle the multiple and often conflicting stakes held by the complex networks of groups that surround any company. The interactions, coalitions, behaviours, roles, resources, and preferences within and across the various groups composing these networks are highly dynamic.

Stakeholder management and corporate governance - Britannica

Agency theory in corporate governance is an extension of the agency theory discussed above. It relates to a specific type of agency relationship that exists between the shareholders and directors/management of a company. The shareholders, true owners of the corporation, as principals, elect the executives to act and take decisions on their behalf.
