**Arranging identities
: constructions of
race, ethnicity ...**

Thus, insofar as the
biological sciences
have not supported (p.
364) ideas of human
racial essences as
determining the traits
of this or that race, the
essentialist biological
idea of race is a social
construction, belonging
to past, and now
revised, science. And,
if members of a given
minority "race" do not
in reality have the
vices or behavior
ascribed to them by an
oppressive majority
race, then these traits
and the identities
resulting from them
are social constructions
in society.
