Bookworm is a general name for any insect that is said to bore through books. The damage to books that is commonly attributed to "bookworms" is, in truth, not caused by any species of worm. Often, the larvae of various types of insects including beetles, moths and cockroaches, which may bore or chew through books seeking food, are responsible. Some such larvae exhibit a superficial resemblance to worms and are the likely inspiration for the term, though they are not true worms. In other cases, t
