Skavenslayer

The army of skaven that is intent on taking over the world, starting with the city of Nuln, is

lead by the most devious and backstabbing generals you could think of. Gotrek and Felix basically walk through the overconfident and cowardly rat-men, finding themselves in position to thwart various rat-schemes.

Skavenslayer is far better than Gotrek and Felix's previous adventure, Trollslayer. Where Trollslayer sped through multiple adventures way to fast for my liking, Skavenslayer focuses on a single, very detailed adventure, and brilliantly captures the races of man and skaven. Gotrek and Felix are some of my favorite characters in

fantasy literature.
