And if you ever before require aid locating the perfect book, our well-informed team is here to supply customized referrals.

The Death and Life of Great American Cities *Vintage*

Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the bitingly satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

The Death and Life of the Great Lakes *W. W. Norton & Company*

New York Times Bestseller Winner of the Los Angeles Times Book Prize Winner of the J. Anthony Lukas Award "Nimbly splices together history, science, reporting and personal experiences into a taut and cautiously hopeful narrative.... Egan's book is bursting with life (and yes, death)." —Robert Moor, *New York Times Book Review* *The Great Lakes—Erie, Huron, Michigan, Ontario, and Superior—hold 20 percent of the world's supply of surface fresh water and provide sustenance, work, and recreation for tens of millions of Americans. But they are under threat as never before, and their problems are spreading across the continent. The Death and Life of the Great Lakes is prize-winning reporter Dan Egan's compulsively readable portrait of an ecological catastrophe happening right before our eyes, blending the epic story of the lakes with an examination of the perils they face and the ways we can restore and preserve them for generations to come.*

The Death and Life of Main Street

Small Towns in American Memory, Space, and Community *UNC Press Books*

For more than a century, the term "Main Street" has conjured up nostalgic images of American small-town life. Representations exist all around us, from fiction and film to the architecture of shopping malls and Disneyland. All the while, the nation has become increasingly diverse, exposing tensions within this ideal. In *The Death and Life of Main Street*, Miles Orvell wrestles with the mythic allure of the small town in all its forms, illustrating how Americans continue to reinscribe these images on real places in order to forge consensus about inclusion and civic identity, especially in

times of crisis. Orvell underscores the fact that Main Street was never what it seemed; it has always been much more complex than it appears, as he shows in his discussions of figures like Sinclair Lewis, Willa Cather, Frank Capra, Thornton Wilder, Margaret Bourke-White, and Walker Evans. He argues that translating the overly tidy cultural metaphor into real spaces--as has been done in recent decades, especially in the new urbanist planned communities of Elizabeth Plater-Zyberk and Andres Duany--actually diminishes the communitarian ideals at the center of this nostalgic construct. Orvell investigates the way these tensions play out in a variety of cultural realms and explores the rise of literary and artistic traditions that deliberately challenge the tropes and assumptions of small-town ideology and life.

The Death and Life of Monterey Bay

A Story of Revival *Island Press*

Anyone who has ever stood on the shores of Monterey Bay, watching the rolling ocean waves and frolicking otters, knows it is a unique place. But even residents on this idyllic California coast may not realize its full history. Monterey began as a natural paradise, but became the poster child for industrial devastation in John Steinbeck's Cannery Row, and is now one of the most celebrated shorelines in the world. It is a remarkable story of life, death, and revival—told here for the first time in all its stunning color and bleak grays. *The Death and Life of Monterey Bay* begins in the eighteenth century when Spanish and French explorers encountered a rocky shoreline brimming with life—raucous sea birds, abundant sea otters, barking sea lions, halibut the size of wagon wheels, waters thick with whales. A century and a half later, many of the sea creatures had disappeared, replaced by sardine canneries that sickened residents with their stench but kept the money flowing. When the fish ran out and the climate turned, the factories emptied and the community crumbled. But today, both Monterey's economy and wildlife are resplendent. How did it happen? The answer is deceptively simple: through the extraordinary acts of ordinary people. *The Death and Life of Monterey Bay* is the biography of a place, but also of the residents who reclaimed it. Monterey is thriving because of an eccentric mayor who wasn't afraid to use pistols, axes, or the force of law to protect her coasts. It is because of fishermen who love their livelihood, scientists who are fascinated by the sea's mysteries, and philanthropists and community leaders willing to invest in a world-class aquarium. The shores of Monterey Bay revived because of human passion—passion that enlivens every page of this hopeful book.

Death

A Life *Crown*

In a zany parody of the confessional memoir, the Grim Reaper tells his own story in an "autobiography" that describes his suicide attempts, struggles with his sexuality, the addiction to life that nearly destroyed him, secrets about the afterlife, and feelings about Adam and Eve, Hitler, Elvis, and others he has encountered during his long career. Original. 20,000 first printing.

The Death and Life of Schneider Wrack

Abaddon Books

The Death and Life of Aida Hernandez

A Border Story *Farrar, Straus and Giroux*

What happens when an undocumented teen mother takes on the U.S. immigration system? When Aida Hernandez was born in 1987 in Agua Prieta, Mexico, the nearby U.S. border was little more than a worn-down fence. Eight years later, Aida’s mother took her and her siblings to live in Douglas, Arizona. By then, the border had become one of the most heavily policed sites in America. Undocumented, Aida fought to make her way. She learned English, watched Friends, and, after having a baby at sixteen, dreamed of teaching dance and moving with her son to New York City. But life had other plans. Following a misstep that led to her deportation, Aida found herself in a Mexican city marked by violence, in a country that was not hers. To get back to the United States and reunite with her son, she embarked on a harrowing journey. The daughter of a rebel hero from the mountains of Chihuahua, Aida has a genius for survival—but returning to the United States was just the beginning of her quest. Taking us into detention centers, immigration courts, and the inner lives of Aida and other daring characters, *The Death and Life of Aida Hernandez* reveals the human consequences of militarizing what was once a more forgiving border. With emotional force and narrative suspense, Aaron Bobrow-Strain brings us into the heart of a violently unequal America. He also shows us that the heroes of our current immigration wars are less likely to be perfect paragons of virtue than complex, flawed human beings who deserve justice and empathy all the same.

A Matter of Death and Life *Stanford University Press*

A year-long journey by the renowned psychiatrist and his writer wife after her terminal diagnosis, as they reflect on how to love and live without regret. Internationally acclaimed psychiatrist and author Irvin Yalom devoted his career to counseling those suffering from anxiety and grief. But never had he faced the need to counsel himself until his wife, esteemed feminist author Marilyn Yalom, was diagnosed with cancer. In *A Matter of Death and Life*, Marilyn and Irv share how they took on profound new struggles: Marilyn to die a good death, Irv to live on without her. In alternating accounts of their last months together and Irv's first months alone, they offer us a rare window into facing mortality and coping with the loss of one's beloved. The Yaloms had numerous blessings—a loving family, a Palo Alto home under a magnificent valley oak, a large circle of friends, avid readers around the world, and a long, fulfilling marriage—but they faced death as we all do. With the wisdom of those who have thought deeply, and the familiar warmth of teenage sweethearts who've grown up together, they investigate universal questions of intimacy, love, and grief. Informed by two lifetimes of experience, *A Matter of Death and Life* is an openhearted offering to anyone seeking support, solace, and a meaningful life.

The Death and Life of Malcolm X *University of Illinois Press*

Drawing from interviews with Malcolm X and the recollections of his friends and associates, the author illuminates the struggles of the Black leader during his last years and the events surrounding his assassination

The Death and Life of Eleanor Parker

An absolutely gripping mystery novel *Bookouture*

The Death and Life of Zebulon Finch, Volume One

At the Edge of Empire *Simon and Schuster*

"The story follows Zebulon Finch, a teenager murdered in 1896 Chicago who inexplicably returns from the dead and searches for redemption through the ages"--

The Death and Life of Gabriel Phillips

A Novel *FaithWords*

When Officer Andy Myers met Loraine Phillips, he had no interest in her son. And he certainly never dreamed he'd respond to a call, finding that same boy in a pool of blood. Even more alarming was the father standing watch over his son's body. Myers had never seen a man respond to death—particularly the death of a child—in such a way. When the father is charged with murder and sentenced to death, he chooses not to fight but embrace it as God's will. Myers becomes consumed with curiosity for these strange beliefs. What follows is the story of the bond these two men share as they come to terms with the tragedy and the difficult choices each one must make.

Between Death and Life *Ozark Mountain Publishing*

Dolores has accumulated information about the Death experience and what lies beyond through 16 years of hypnotic research and past-life therapy. While retrieving past-life experiences, hundreds of subjects reported the same memories when experiencing their death, the spirit realm, and their rebirth. This book also explores: * Guides and guardian angels* Ghosts and poltergeists* Planning your present lifetime and karmic relationships before your birth* The significance of bad lifetimes* Perceptions of God and the Devil* And much more

The Death and Life of Philosophy *St Augustine PressInc*

The heart of the book is a long chapter and appendix expounding the brilliance of Aristotle on language, the soul, and mind. This updating of him, much broader than the conventional, stereotyped, view, can be incorporated into modern science." "The Death and Life of Philosophy not only presents the great thinkers of the past in a new light, but also satirizes the philosophy professors of today, putting their work and even their aims into perspective in a readable and engaging manner."--BOOK JACKET.

Sparrow**A Book of Life and Death and Life****The Death and Life of the Great American School System****How Testing and Choice are Undermining Education** *Basic Books (AZ)*

Discusses how school choice, misapplied standards of accountability, the No Child Left Behind mandate, and the use of a corporate model have all led to a decline in public education and presents arguments for a return to strong neighborhood schools and quality teaching.

Life Will Be the Death of Me**. . . And You Too!** *Dial Press Trade Paperback*

#1 NEW YORK TIMES BESTSELLER • The funny, sad, super-honest, all-true story of Chelsea Handler's year of self-discovery—featuring a nerdily brilliant psychiatrist, a shaman, four Chow Chows, some well-placed security cameras, various family members (living and departed), friends, assistants, and a lot of edibles A SKIMM READS PICK • “This will be one of your favorite books of all time.”—Amy Schumer In a haze of vape smoke on a rare windy night in L.A. in the fall of 2016, Chelsea Handler daydreams about what life will be like with a woman in the White House. And then Donald Trump happens. In a torpor of despair, she decides that she's had enough of the privileged bubble she's lived in—a bubble within a bubble—and that it's time to make some changes, both in her personal life and in the world at large. At home, she embarks on a year of self-sufficiency—learning how to work the remote, how to pick up dog shit, where to find the toaster. She meets her match in an earnest, brainy psychiatrist and enters into therapy, prepared to do the heavy lifting required to look within and make sense of a childhood marked by love and loss and to figure out why people are afraid of her. She becomes politically active—finding her voice as an advocate for change, having difficult conversations, and energizing her base. In the process, she develops a healthy fixation on Special Counsel Robert Mueller and, through unflinching self-reflection and psychological excavation, unearths some glittering truths that light up the road ahead. Thrillingly honest, insightful, and deeply, darkly funny, Chelsea Handler's memoir keeps readers laughing, even as it inspires us to look within and ask ourselves what really matters in our own lives. Praise for *Life Will Be the Death of Me* “You thought you knew Chelsea Handler—and she thought she knew herself—but in her new book, she discovers that true progress lies in the direction we haven't been.”—Gloria Steinem “I always wondered what it would be like to watch Chelsea Handler in session with her therapist. Now I know.”—Ellen DeGeneres “I love this book not just because it made me laugh or because I learned that I feel the same way about certain people in politics as Chelsea does. I love this book because I feel like I finally really got to know Chelsea Handler after all these years. Thank you for sharing, Chelsea!”—Tiffany Haddish

Death and Life of Nature in Asian Cities *Hong Kong University Press*

Death and Life of Nature in Asian Cities explores the encounter between two processes that are unfolding in diverse patterns across Asia—the rapid urbanization of Asia across big cities, smaller towns, and the newest urban concentrations; and the contentious debates and novel schemes by which nature is figured and emplaced in cities and their conurbations. Contemporary Asian cities displace nature by causing its death and withering, but also embrace it through acts of renewal and the pursuit of sustainability. Contributors in this volume gather case studies from across Asia to address projects of urban greening and reimagining nature in urban life. The book illustrates how the intersection of urban growth and urban nature is a place rich with fresh ideas about urban planning, governance, and social life. This book illuminates a continuing process of discovery and regeneration through which urban natures may well be moving from taken-for-granted infrastructures to more consciously experienced sites of interplay between non-human life and materials, and daily human life experiences. Debates and efforts to recover nature in the city provoke moral and ethical evaluations of the human ecology of city life, and direct ecologies of urbanism into new avenues like aesthetics, care, perception, and stewardship. “This fascinating collection of essays brings together a series of cutting-edge insights into Asian cities caught in the maelstrom of global environmental change. A particular strength of this book is its commitment to forms of interdisciplinary dialogue and conceptual engagement that unsettle existing geographies of knowledge.” —Matthew Gandy, University of Cambridge; author of *Natura Urbana: Ecological Constellations in Urban Space* “This impressive collection on urban ecologies moves beyond the anthropocentric city to expand our understanding of cities as multispecies spaces of active collaboration, decay, and regeneration, offering new possibilities for the flourishing of urban life—both human and non-human—and the design of more just and sustainable cities for all.” —Christina Schwenkel, University of California, Riverside; author of *Building Socialism: The Afterlife of East German Architecture in Urban Vietnam*

The Death and Life of Malcolm X *Orion***The Death and Life of Superman**

On November 18, 1992, news of Superman's death shocked the world as the legendary Man of Steel was killed defending Metropolis from the monster called Doomsday. Here at last is the dramatic story behind the best-selling comic book of all time: the fates of Clark Kent, Lois Lane, Ma and Pa Kent, the Justice League, and the reign of the four superbeings who mysteriously appeared after Superman's funeral, each claiming to be the real Last Son of Krypton. And finally, here is the complete, incredible story of Superman's triumphant return! In this thrilling novel, Roger Stern (a veteran writer of Superman in Action Comics) chronicles the most amazing comeback in comic book history - told with more gripping detail and background than ever before.

On the Death and Life of Languages *Yale University Press*

Twenty-five languages die each year; at this pace, half the world's five thousand languages will disappear within the next century. In this timely book, Claude Hagège seeks to make clear the magnitude of the cultural loss represented by the crisis of language death. By focusing on the

relationship of language to culture and the world of ideas, Hagège shows how languages are themselves crucial repositories of culture; the traditions, proverbs, and knowledge of our ancestors reside in the language we use. His wide-ranging examination covers all continents and language families to uncover not only how languages die, but also how they can be revitalized—for example in the remarkable case of Hebrew. In a striking metaphor, Hagège likens languages to bonfires of social behavior that leave behind sparks even after they die; from these sparks languages can be rekindled and made to live again.

The Death and Life of Charlie St. Cloud

A Novel *Bantam*

The Death and Life of Charlie St. Cloud tells the haunting story of a young man who narrowly survives a terrible car wreck that kills his little brother. Years later, the brothers' bond remains so strong that it transcends the normal boundaries separating life and death. Charlie St. Cloud lives in a snug New England fishing village. By day he tends the lawns and monuments of the ancient cemetery where his younger brother, Sam, is buried. Graced with an extraordinary gift after surviving the accident, he can still see, talk, and even play catch with Sam's spirit. But townsfolk whisper that Charlie has never recovered from his loss. Into his carefully ordered life comes Tess Carroll, a captivating, adventuresome woman training for a solo sailing trip around the globe. Fate steers her boat into a treacherous storm that blows her back to harbor, to a charged encounter with Charlie, and to a surprise more overwhelming than the violent sea itself. Charlie and Tess discover a beautiful and uncommon connection that leads to a race against time and a desperate choice between death and life, between the past and the future, between holding on and letting go. Luminous, soulful, and filled with unforgettable characters, The Death and Life of Charlie St. Cloud is one of those rare, wise books that reveal the mysteries of the unseen world around us, gently transforming the worst pain of loss into hope, healing, and even laughter. Suspenseful and deeply moving, its startling climax reminds us that sometimes tragedies can bring about miracles if we simply open our hearts.

The Death and Life of Miguel De Cervantes: A Novel *Skyhorse*

This is the story of my death and life, in which fiction and that lesser truth, history, from time to time form a seamless whole. Speaking is the hero of Stephen Marlowe's brilliant new novel. He is Don Miguel de Cervantes Saavedra: son of a barber-surgeon (always on the run from the bill collector), grandson of a converso (a Jew who chose Christianity over the flames of the Spanish Inquisition), adorer of his own sister (who may not have been his sister after all), brother of one of the most famous spies in recorded history (though the records have mysteriously vanished), prisoner in an Algerian dungeon (following capture by Barbary Pirates), friend to a Faustian eunuch astrologer named Cide Hamete Benegeli (whose missing private parts are miraculously regenerating), and, of course, creator of the most celebrated of all fictional historical novels--The Adventures of Don Quixote de la Mancha. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas,

political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Death and Life of the Single-Family House

Lessons from Vancouver on Building a Livable City *Temple University Press*

Vancouver today is recognized as one of the most livable cities in the world as well as an international model for sustainability and urbanism. Single-family homes in this city are “a dying breed.” Most people live in the various low-rise and high-rise urban alternatives throughout the metropolitan area. The Death and Life of the Single-Family House explains how residents in Vancouver attempt to make themselves at home without a house. Local sociologist Nathanael Lauster has painstakingly studied the city's dramatic transformation to curb sprawl. He tracks the history of housing and interviews residents about the cultural importance of the house as well as the urban problems it once appeared to solve. Although Vancouver's built environment is unique, Lauster argues that it was never predestined by geography or demography. Instead, regulatory transformations enabled the city to renovate, build over, and build around the house. Moreover, he insists, there are lessons here for the rest of North America. We can start building our cities differently, and without sacrificing their livability.

Life and Death in Shanghai *Open Road + Grove/Atlantic*

The national-bestselling memoir of a woman's resistance and struggles in Communist China—“an absorbing story of resourcefulness and courage” (The New York Times). A NEW YORK TIMES BEST BOOK OF THE YEAR In August 1966, a group of Red Guards ransacked the home of Nien Cheng. Her background made her an obvious target for the fanatics of the Cultural Revolution: educated in London, the widow of an official of Chiang Kai-shek's regime, and an employee of Shell Oil. When she refused to confess that any of this made her an enemy of the state, she was placed in solitary confinement, where she would remain for more than six years. Life and Death in Shanghai recounts the story of Nien Cheng's imprisonment—a time of extreme deprivation which she met with heroic resistance—as well as her quest for justice when she was released. It is also the story of a country torn apart by Mao Tse-tung's vicious campaign to topple party moderates. An incisive, personal account of a terrifying chapter in twentieth-century history, Life and Death in Shanghai is also an astounding portrait of one woman's courage.

Death and the Regeneration of Life *Cambridge University Press*

It is a classical anthropological paradox that symbols of rebirth and fertility are frequently found in funerary rituals throughout the world. The original essays collected here re-examine this phenomenon through insights from China, India, New Guinea, Latin America, and Africa. The contributors, each a specialist in one of these areas, have worked in close collaboration to produce a

genuinely innovative theoretical approach to the study of the symbolism surrounding death, an outline of which is provided in an important introduction by the editors. The major concern of the volume is the way in which funerary rituals dramatically transform the image of life as a dialectic flux involving exchange and transaction, marriage and procreation, into an image of a still, transcendental order in which oppositions such as those between self and other, wife-giver and wife-taker, Brahmin and untouchable, birth and therefore death have been abolished. This transformation often involves a general devaluation of biology, and, particularly, of sexuality, which is contrasted with a more spiritual and controlled source of life. The role of women, who are frequently associated with biological processes, mourning and death pollution, is often predominant in funerary rituals, and in examining this book makes a further contribution to the understanding of the symbolism of gender. The death rituals and the symbolism of rebirth are also analysed in the context of the political processes of the different societies considered, and it is argued that social order and political organisation may be legitimated through an exploitation of the emotions and biology.

The Death and Life of Dith Pran *Penguin Books*

Recounts the experiences of Dith Pran, a Cambodian reporter who worked for the New York Times, and who was captured by the Khmer Rouge when they took over Phnom Penh

A Life of Death *Createspace Independent Publishing Platform*

Ghosts are speaking to Alex, but can he bring them justice? Alex is a troubled teen with a checkered past, a broken home, and a surprising ability: psychometry. When he touches items murder victims held in their final moments, he relives the events in gruesome detail. But who will believe a troubled teen, especially when murders implicate the town's founding family? If you like amazing supernatural stories that are intense, powerful, and fraught with emotion, then you'll love Weston Kincade's suspenseful coming-of-age trilogy, *A Life of Death*. Ghosts are speaking, and they want answers. Heed the call. Buy *A Life of Death*.

A Networked Self and Birth, Life, Death *Routledge*

We are born, live, and die with technologies. This book is about the role technology plays in sustaining narratives of living, dying, and coming to be. Contributing authors examine how technologies connect, disrupt, or help us reorganize ways of parenting and nurturing life. They further consider how technology sustains our ways of thinking and being, hopefully reconciling the distance between who we are and who we aspire to be. Finally, they address the role technology plays in helping us come to terms with death, looking at technologically enhanced memorials, online rituals of mourning, and patterns of grief enabled through technology. Ultimately, this volume is about using technology to reimagine the art of life.

The Death and Life of Dominick Davidner *Createspace Independent Publishing Platform*

How many lives would you spend to find your beloved? Dominick Davidner was murdered. Then things got worse. Instead of going on to the afterlife, Dominick found himself back in his nine year old body, all memories of his previous life intact. All he can think about is Emily, the love of his life,

left behind when he died. Unfortunately, she is now thousands of miles away. How can Dominick find his way back to the woman he loves, and what will he say if he finds her? *The Death and Life* is the third book in the Middle Falls Time Travel Series, but can also be read as a standalone novel.

Life Beyond Death

What Should We Expect? *Watkins Media Limited*

Examines various evidential materials that have been accumulated about the afterlife. This title looks at communications through mediums and witness accounts such as *Near Death and Out of Body Experiences* and compares them with the descriptions given in such mystical texts as *The Tibetan Book of the Dead* and *The Egyptian Book of the Dead*.

Anacostia

The Death & Life of an American River *Publishing Concepts (Baltimore, MD)*

Located in Washington, D. C., the Anacostia River is a poster child for America's tragically neglected, abused urban waterways. There are compelling ethical grounds for remedying this river's environmental problems, for the Anacostia in our time demonstrates that environmental burdens like pollution and resource depletion are not shared equally. Wennersten's book offers a corrective to the uncritical assumptions of growth for its own sake, and development at the cost of our waters, our natural resources, and the health of our citizenry.

Right Here, Right Now

Life Stories from America's Death Row *Duke University Press*

Upon receiving his execution date, one of the thousands of men living on death row in the United States had an epiphany: "All there ever is, is this moment. You, me, all of us, right here, right now, this minute, that's love." *Right Here, Right Now* collects the powerful, first-person stories of dozens of men on death rows across the country. From childhood experiences living with poverty, hunger, and violence to mental illness and police misconduct to coming to terms with their executions, these men outline their struggle to maintain their connection to society and sustain the humanity that incarceration and its daily insults attempt to extinguish. By offering their hopes, dreams, aspirations, fears, failures, and wounds, the men challenge us to reconsider whether our current justice system offers actual justice or simply perpetuates the social injustices that obscure our shared humanity.

The Death of the Book

Modernist Novels and the Time of Reading *Fordham Univ Press*

An examination of the ways major novels by Marcel Proust, James Joyce, and Virginia Woolf draw attention to their embodiment in the object of the book, *The Death of the Book* considers how bookish format plays a role in some of the twentieth century's most famous literary experiments.

Tracking the passing of time in which reading unfolds, these novels position the book's so-called death in terms that refer as much to a simple description of its future vis-à-vis other media forms as to the sense of finitude these books share with and transmit to their readers. As he interrogates the affective, physical, and temporal valences of literature's own traditional format and mode of access, John Lurz shows how these novels stage intersections with the phenomenal world of their readers and develop a conception of literary experience not accounted for by either rigorously historicist or traditionally formalist accounts of the modernist period. Bringing together issues of media and mediation, book history, and modernist aesthetics, *The Death of the Book* offers a new and deeper understanding of the way we read now.

The Death and Life of the American Middle Class

A Policy Agenda for American Jobs Creation *Springer*

This book addresses what is perhaps the most salient issue in American politics today: the decline of the middle class. It is this single issue that drove the outlier presidential candidates Bernie Sanders and Donald Trump to national prominence, and undergirded the electoral victory of Donald Trump. While there are other longer studies exploring in detail the structural forces, most prominently the loss of manufacturing in the US, that have caused the contraction of the middle class, none offer in shorter form practical policy solutions directly geared towards practitioners in government and the private sector. This work focuses specifically on combining both an academic analysis of the subject combined with detailed policy recommendations. These recommendations are designed to be implemented; they take into account the latest set of real world political variables such as actual current legislative and institutional agendas currently in play on the federal and local levels.

Between Life and Death

Restless Books

The final literary testament of "one of the most innovative, brilliant novelists in the Western World" (New York Times), *Between Life and Death* is a startling, brave, funny, and poetic autobiographical novel about the four months Yoram Kaniuk spent in a coma near the end of his life. In *Between Life and Death*, celebrated Israeli writer Yoram Kaniuk relives the four months during which he lay unconscious in a Tel Aviv hospital, hovering between the worlds of the living and of the dead. With an arresting, dreamlike style that blends playfulness with fearless honesty, Kaniuk attempts to penetrate his own lost consciousness. Shifting between memory and illusion, imagination and testimony, Kaniuk explores the place of death in society, his own lust for life, and the encompassing struggles of the twentieth century. He writes about the colorful characters of his childhood neighborhood, battles in the 1948 War of Independence, and his defiant voyages across the Mediterranean on ships packed with Jewish refugees from war-torn Europe. With renewed vitality at the age of seventy-four, Kaniuk announced his rebirth with *Between Life and Death*, and left us a treasure of world literature that is destined for immortality. "How can one even review the final work of a writer as rewarding, innovative, and rebellious as Kaniuk?... Kaniuk's achievement is

inconceivable and awe-inspiring: at the age of seventy-seven, with a broken body, after his soul almost parted from this life, he managed to pull himself together for a short while, get back to his writing desk, and recount his near-death experience.... The writing is skilful and you cannot stop turning the pages." —Time Out "Kaniuk's best novel to date...The author captures a rare voice, a tone which is elegiac, full of rhythm, paratactic, and irresistible in its pull.... It achieves excellence and transparent wonder." —Frankfurter Allgemeine Zeitung

Systems of Survival

A Dialogue on the Moral Foundations of Commerce and Politics *Vintage*

With intelligence and clarity of observation, the author of *The Death and Life of Great American Cities* addresses the moral values that underpin working life. In *Systems of Survival*, Jane Jacobs identifies two distinct moral syndromes—one governing commerce, the other, politics—and explores what happens when these two syndromes collide. She looks at business fraud and criminal enterprise, government's overextended subsidies to agriculture, and transit police who abuse the system they are supposed to enforce, and asks us to consider instances in which snobbery is a virtue and industry a vice. In this work of profound insight and elegance, Jacobs gives us a new way of seeing all our public transactions and encourages us towards the best use of our natural inclinations.

The Death of Ivan Ilych *BEYOND BOOKS HUB*

The Death of Ivan Ilych, first published in 1886, is a novella by Leo Tolstoy, considered one of the masterpieces of his late fiction, written shortly after his religious conversion of the late 1870s.

Regulating the End of Life

Death Rights *Routledge*

Death Rights is a collection of cutting-edge chapters on assisted dying and euthanasia, written by leading authors in the field. Providing an overview of current regulation on assisted dying and euthanasia, both in the UK and internationally, this book also addresses the associated debates on ethical, moral and rights issues. It considers whether, just as there is a right to life, there should also be a right to death, especially in the context of unbearable human suffering. The unintended consequences of prohibitions on assisted dying and euthanasia are explored, and the argument put forward that knowing one can choose when and how one dies can be life-extending, rather than life-limiting. Key critiques from feminist and disability studies are addressed. The overarching theme of the collection is that death is an embodied right which we should be entitled to exercise, with appropriate safeguards, as and when we choose. Making a novel contribution to the debate on assisted dying, this interdisciplinary book will appeal to those with relevant interests in law, socio-legal studies, applied ethics, medical ethics, politics, philosophy, and sociology.

The Little Book of Life and Death

In this book the author of *On Having No Head* investigates the most poignant problem our life poses

- what lies at the end of it. He asks us to check four things. First, that to discover whether we are perishable, we must first discover what we are. Second, that outsiders are in no position to tell us this: they can only tell us what we look like at a distance. Third, that what we are is obvious as soon as we dare to look. And fourth, that we turn out to be in all respects the opposite of what we had been told. This revolutionary conclusion is arrived at by doing the nine "tests for Immortality" that form the backbone of the book. Then, our identity and immortality having been firmly established, we apply this knowledge to the fact of ageing and of dying itself, thus realizing their infinite potential for joy. Finally, the book explores in detail the true resurrection life - life lived in a Heaven which is

none other than this earthly scene perceived as it is. 'The "open secret" is no longer secret. Douglas Harding's Little Book of Life and Death makes the insights of the sages accessible to all. Courageous, personal and inspiring, this book asks the most difficult questions about life and death, and to our - and apparently even the author's - amazement, answers them. Like Harding's classic book On Having No Head, this work is written in a down-home, heartfelt style. Read this book. Do the "experiments" which are Harding's unique and powerful contribution to what might be called the technology of enlightenment. Get ready to die, and to live anew.' Rober W. Fuller. Former president, Oberlin College. 'The literature on dying will never be the same again.' Ram Dass
