Bear in mind, reviewing reviews can help you make educated choices regarding what to check out next and can expose you to brand-new authors and categories you might not have actually thought about in the past.

The Ego and Its Own *Rebel Press*

Claimed repeatedly to be the most radical book ever written, The Ego And Its Own throws down a challenge to thousands of years of religious, philosophical and political depreciation of the individual. Criticising all doctrines and beliefs that demand the interests of the individual be subordinated to those of God, state, humanity, society, or some other fiction, Stirner declared war on all creeds that threatened individuality. In doing so, he championed a form of amoral egoism which still provokes cries of horror from moralists of right and left, religious and secular. The classic, from one of the founding fathers of anarchist thought, and a passionate defence of the individual against all forms of authority.

The Ego and His Own

Stirner: The Ego and Its Own *Cambridge University Press*

Max Stirner's The Ego and Its Own is striking and distinctive in both style and content. First published in 1844, Stirner's distinctive and powerful polemic sounded the death-knell of left

Hegelianism, with its attack on Ludwig Feuerbach, Bruno and Edgar Bauer, Moses Hess and others. It also constitutes an enduring critique of both liberalism and socialism from the perspective of an extreme eccentric individualism. Karl Marx was only one of many contemporaries provoked into a lengthy rebuttal of Stirner's argument. Stirner has been portrayed, variously, as a precursor of Nietzsche (both stylistically and substantively), a forerunner of existentialism and as an individualist anarchist. This edition of his work comprises a revised version of Steven Byington's much praised translation, together with an introduction and notes on the historical background to Stirner's text.

The Ego and Its Own *Createspace Independent Publishing Platform*

The Ego and its Own (1845) is striking in both style and content, attacking Feuerbach, Moses Hess and others to sound the death-knell of Left Hegelianism. The work also constitutes an enduring critique of liberalism and socialism from the perspective of an extreme eccentric individualism. Stirner has latterly been portrayed variously as a precursor of Nietzsche, a forerunner of existentialism, an individualist anarchist, and as manifestly insane.

The Ego and His Own

A Masterpiece on Western Philosophy

The Ego and Its Own is an 1844 work by German philosopher Max Stirner. It presents a radically nominalist and individualist critique of, on the one hand, Christianity, nationalism and traditional morality, and on the other, humanism, utilitarianism, liberalism and much of the then-burgeoning socialist movement, advocating instead an amoral (although importantly not inherently immoral or antisocial) egoism. Stirner believed that there was no objective social reality independent of the individual; social classes, the state, the masses, and humanity are abstractions and therefore need not be considered seriously. He wrote of a finite, empirical ego, which he saw as the motive force of every human action. Writing chiefly for working-class readers, he taught that all persons are capable of the self-awareness that would make them "egoists," or true individuals. Max Stirner in his book The Ego and His Own (1845) recommended, instead of social reform, a ruthless individualism that should seek satisfaction by any means and at whatever risk. A small group of other individualists.

All Things are Nothing to Me

The Unique Philosophy of Max Stirner *John Hunt Publishing*

Max Stirner's The Unique and Its Property (1844) is the first ruthless critique of modern society. In All Things are Nothing to Me, Jacob Blumenfeld reconstructs the unique philosophy of Max Stirner (1806–1856), a figure that strongly influenced—for better or worse—Karl Marx, Friedrich Nietzsche, Emma Goldman as well as numerous anarchists, feminists, surrealists, illegalists, existentialists, fascists, libertarians, dadaists, situationists, insurrectionists and nihilists of the last two centuries. Misunderstood, dismissed, and defamed, Stirner's work is considered by some to be the worst book ever written. It combines the worst elements of philosophy, politics, history, psychology, and morality, and ties it all together with simple tautologies, fancy rhetoric, and militant declarations.

That is the glory of Max Stirner's unique footprint in the history of philosophy. Jacob Blumenfeld wanted to exhume this dead tome along with its dead philosopher, but discovered instead that, rather than deceased, their spirits are alive and quite well, floating in our presence. All Things are Nothing to Me is a forensic investigation into how Stirner has stayed alive throughout time.

The Ego and Its Own

The Case of The Individual Against Authority *Pattern Books*

The Ego and Its Own is an 1844 work by Max Stirner. It presents a radically nominalist and individualist critique of, on the one hand, Christianity, nationalism and traditional morality, and on the other, humanism, utilitarianism, liberalism and much of the then-burgeoning socialist movement, advocating instead an amoral (although importantly not inherently immoral or antisocial) egoism. Ego emphasizes oneness as self-description, past fixed conceptions of the Self and Other, through the recognition of power relations and self-discovery of mind. Johann Kaspar Schmidt (1806-1856), also known as Max Stirner, was a German philosopher who is often considered as one of the pioneers in anarchism, nihilism, existentialism, and postmodernism, and one of the many people who Karl Marx wrote an entire book on just to publicly criticize denounce.

The Ego and His Own

(2021) the Ego and Its Own / German: Der Einzige und Sein Eigentum / the Individual and His Property / Literally the Unique and Its Property / History of Political Philosophy Series (A4 Edition)

The Ego and Its Own (German: Der Einzige und sein Eigentum; meaningfully translated as The Individual and his Property, literally as The Unique and His Property) is an 1844 work by German philosopher Max Stirner. It presents a post-Hegelian critique of Christianity and traditional morality on one hand; and on the other, humanism, utilitarianism, liberalism, and much of the then-burgeoning socialist movement, advocating instead an amoral (although importantly not inherently immoral or antisocial) egoism. It is considered a major influence on the development of anarchism, existentialism, nihilism, and postmodernism.

The False Principle of Our Education: Or, Humanism and Realism *Ralph Myles Pub*

Humanism and Realism, the Egoist way. A classic essay from Stirner.

Ego Is the Enemy *Penguin*

The instant Wall Street Journal, USA Today, and international bestseller "While the history books are filled with tales of obsessive visionary geniuses who remade the world in their image with sheer, almost irrational force, I've found that history is also made by individuals who fought their egos at every turn, who eschewed the spotlight, and who put their higher goals above their desire for recognition." —from the prologue Many of us insist the main impediment to a full, successful life is the outside world. In fact, the most common enemy lies within: our ego. Early in our careers, it

impedes learning and the cultivation of talent. With success, it can blind us to our faults and sow future problems. In failure, it magnifies each blow and makes recovery more difficult. At every stage, ego holds us back. Ego Is the Enemy draws on a vast array of stories and examples, from literature to philosophy to history. We meet fascinating figures such as George Marshall, Jackie Robinson, Katharine Graham, Bill Belichick, and Eleanor Roosevelt, who all reached the highest levels of power and success by conquering their own egos. Their strategies and tactics can be ours as well. In an era that glorifies social media, reality TV, and other forms of shameless self-promotion, the battle against ego must be fought on many fronts. Armed with the lessons in this book, as Holiday writes, "you will be less invested in the story you tell about your own specialness, and as a result, you will be liberated to accomplish the world-changing work you've set out to achieve."

Art and Religion *Pattern Books*

You don't really need a description, but I'm required to give one since I have to have an at least 200 character description to submit the book, so here is 200 characters, once I reach those 200 characters. Still haven't reached 200 words, watching the counter go down as I type here. If you come across Max Stirner before, you don't need a description here, if you haven't come across Stirner before, here's your description:

The Ego and Its Own (Illustrated)

The Ego and Its Own is an 1844 work by German philosopher Max Stirner. It presents a radically nominalist and individualist critique of Christianity, nationalism, and traditional morality on one hand; and on the other, humanism, utilitarianism, liberalism, and much of the then-burgeoning socialist movement, advocating instead and egoism. It is considered a major influence on the development of anarchism, existentialism and nihilism.

The Ego And Its Hyperstate

A Psychoanalytically Informed Dialectical Analysis of Self-Interest *John Hunt Publishing*

The Ego And Its Hyperstate is a unified theory of psychological and ethical egoism which posits self-interest. The dialectical dream theory sets its sights against capitalist notions of the self-interest contra the other, not simply with moralism, but with a more accurate analysis of the subject of self-interest than has been provided by capitalists and anarchist theorists alike. Through the lens of psychoanalysis and Hegelian dialectical logic, the process of self-interest as the ground of all human existence reveals itself. Eliot Rosenstock has a symptom he wants you to know about: he wants you to know how the nature of self-interest strikes through the notions of pure duty and state worship, he wants to bring in psychoanalysis and redeem dialectics in its power to reveal the universe rather than be a simple rhetorical tool, and he wants to reveal to you how the material conditions of the world, as well as psychological processes of mankind, work together to bring about all that is brought into the universe by humanity.

The Transcendence of the Ego

An Existentialist Theory of Consciousness *Macmillan*

The Transcendence of the Ego may be regarded as a turning-point in the philosophical development of Jean-Paul Sartre. Prior to the writing of this essay, published in France in 1937, Sartre had been intimately acquainted with the phenomenological movement which originated in Germany with Edmund Husserl. It is a fundamental tenet of Husserl, the notion of a transcendent ego, which is here attacked by Sartre. This disagreement with Husserl has great importance for Sartre and facilitated the transition from phenomenology to the doctrine of Being and Nothingness.

Stirner's Critics *C. A. L. Press*

"Presents English translations of Max Stirner's published responses to the major critics of his best known work, *Der Einzige und sein Eigentum* ("The unique and its property"), including responses to Moses Hess, Ludwig Feuerbach, Szeliga in "Recensenten Stirner's" (Stirner's critics) and to Kuno Fischer in "Die Philosophischen Reaktionäre" (The philosophical reactionaries)."--verso of title page.

Faces of the Freudian I

The Structure of the Ego in Psychoanalysis *Routledge*

I would like to thank Judy Gammelgaard and Andrew Moskowitz for their encouragement, critique, and confidence in me, without which I could not have undertaken the present study. I also wish to thank Jon Frederickson for his generous editorial suggestions, and for his writings, which stimulated my interest in the ego in the first place. Last but not least, I want to thank my friend Joachim Meier for our tireless discussions on subjectivity—a continual source of vitality and inspiration during the years of this book's conception.

The Ego Is Not the Real You

Wisdom to Transcend the Mind and Realize the Self *Hay House, Inc*

Learn to let go of the illusions of the ego and discover the real you with this collection of inspiring quotes on the ego, mind, and spiritual enlightenment from human-consciousness expert Dr. David R. Hawkins. Are you willing to let go of seeing yourself as the ego believes you to be? Are you willing to go further, to know that the ego itself is an illusion? In this book, select teachings from Dr. David R. Hawkins's extensive body of work will guide you in the process of realization, surrender, and transformation. When we let go of the old ways of thinking, our attachments, and the false promises of the ego, we discover the truth that we are one with All. Features classic passages, including:

- It is not really necessary to subdue the ego, but merely to stop identifying with it.
- Every life experience, no matter how "tragic," contains a hidden lesson. When we discover and acknowledge the hidden gift that is there, a healing takes place.
- Enlightenment is not a condition to be obtained; it is merely a certainty to be surrendered to, for the Self is already one's Reality. It is the Self that is attracting one to spiritual information.
- To be enlightened merely means that consciousness has realized its most inner, innate quality as nonlinear subjectivity and its capacity for awareness.
- The only energy that has more power than the strength of the collective ego is that of

Spiritual Truth. "This book is small in size, but it can have a massive impact on your life. It will take you through the process of a total transformation of consciousness—if you choose to apply its teachings deeply within yourself." — From the Introduction by Fran Grace, Ph.D.

The Ego and His Own

Max Stirner's *The Ego and Its Own* is striking and distinctive in both style and content. First published in 1844, Stirner's distinctive and powerful polemic sounded the death-knell of left Hegelianism, with its attack on Ludwig Feuerbach, Bruno and Edgar Bauer, Moses Hess and others. It also constitutes an enduring critique of both liberalism and socialism from the perspective of an extreme eccentric individualism. Karl Marx was only one of many contemporaries provoked into a lengthy rebuttal of Stirner's argument. Stirner has been portrayed, variously, as a precursor of Nietzsche (both stylistically and substantively), a forerunner of existentialism and as an individualist anarchist. A new paperback version from Active Distribution.

The Wisdom of the Ego *Harvard University Press*

One of America's preeminent psychiatrists draws on his famous *Study of Adult Development* to give us an exhilarating look at how the mind's defenses work. What we see as the mind's trickery, George Vaillant tells us, is actually healthy. What's more, it can reveal the mind at its most creative and mature, soothing and protecting us in the face of unbearable reality, managing the unmanageable, ordering disorder. And because creativity is so intrinsic to this alchemy of the ego, Vaillant mingles his studies of obscure lives with psychobiographies of famous artists and others--including Florence Nightingale, Sylvia Plath, Anna Freud, and Eugene O'Neill.

The Ego and the Flesh

An Introduction to Egoanalysis *Cultural Memory in the Present*

This book criticizes theories, dominant today, that reduce the self to a simple illusion, proposing a new theory of the ego that allows us to better understand our existence and our relations with others.

The Power of Now

A Guide to Spiritual Enlightenment *New World Library*

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

Civilization and Its Discontents *Samaira Book Publishers*

Civilization and Its Discontents is considered Freud's most brilliant work. In it he states his views on the broad question of man's place in the world. It has been praised, dissected, lambasted, interpreted, and reinterpreted. Originally published in 1930, it seeks to answer several questions fundamental to human society and its organization—What influences led to the creation of civilization? Why and how did it come to be? What determines civilization's trajectory? This process, argues Freud, is an inherent quality of civilization that instills perpetual feelings of discontent in its citizens. Freud's theme is that what works for civilization doesn't necessarily work for man. Man, by nature aggressive and egotistical, seeks self-satisfaction.

The Ego Trick *Granta Books*

Are you still the person who lived fifteen, ten or five years ago? Fifteen, ten or five minutes ago? Can you plan for your retirement if the you of thirty years hence is in some sense a different person? What and who is the real you? Does it remain constant over time and place, or is it something much more fragmented and fluid? Is it known to you, or are you as much a mystery to yourself as others are to you? With his usual wit, infectious curiosity and bracing scepticism, Julian Baggini sets out to answer these fundamental and unsettling questions. His fascinating quest draws on the history of philosophy, but also anthropology, sociology, psychology and neurology; he talks to theologians, priests, allegedly reincarnated Lamas, and delves into real-life cases of lost memory, personality disorders and personal transformation; and, candidly and engagingly, he describes his own experiences. After reading *The Ego Trick*, you will never see yourself in the same way again.

Fear and Primordial Trust**From Becoming an Ego to Becoming Whole** *Routledge*

Fear and Primordial Trust explores fear as an existential phenomenon and how it can be overcome. Illustrated by clinical examples from the author's practice as a psychotherapist and spiritual caregiver working with the severely ill and dying, the book outlines theoretical insights into how primordial trust and archaic fear unconsciously shape our personality and behaviour. This book discusses in detail how in our everyday world, we lack primordial trust. Nevertheless, all of us have internalized it: as experiences of another non-dual world, of being unconditionally accepted, then sheltered and nurtured. The book outlines how from a spiritual viewpoint, we come from the non-dual world and experience a transition by becoming an ego, thereby experiencing archaic fear. This book explains fear in terms of two challenges encountered in this transition: firstly, leaving the non-world world when everything changes and we feel forlorn. Secondly, on awakening in the ego when we feel dependent and overwhelmed by otherness. The book also helps readers to understand trust as the emotional and spiritual foundation of the human soul, as well as how fear shapes us and how it can be outgrown. The book makes the case that understanding fear and primordial trust improves care and helps us to better understand dying. It will be of interest to academics, scholars and students in the fields of psychiatry, counselling, psychotherapy and palliative care and to all those interested in understanding fear, trust and the healing potential of spiritual experiences.

The Ego and the Id *Simon and Schuster*

"Many major ideas have been borne out [of his theories] and are still relevant today." —Huffington Post One of famed psychoanalyst Sigmund Freud's most prominent ideas was that of the id, the ego, and the super-ego—the three main factors behind the workings of the human mind. Freud claimed these components of the human psyche controlled all processes of personality, behaviors, and traits in a person. The Id was a person's most basic and impulsive instincts—the ones that feed into our deepest desires and physical needs. The Super-Ego was the opposite of the id. This component controlled our highest morals and standards, operating through our conscience and making us desire to be our most ideal-selves. The piece in the middle is the Ego. The ego mediates between the id and realities of the world around us, while being supervised (and guilted) by the super-ego. In this new edition of his book, *The Ego and the Id*, Sigmund Freud delves deeper into the concepts of the human mind and the results of the conflicts and workings between them.

A New Earth**Awakening to Your Life's Purpose** *Penguin*

The 10th anniversary edition of *A New Earth* with a new preface by Eckhart Tolle. With his bestselling spiritual guide *The Power of Now*, Eckhart Tolle inspired millions of readers to discover the freedom and joy of a life lived "in the now." In *A New Earth*, Tolle expands on these powerful ideas to show how transcending our ego-based state of consciousness is not only essential to personal happiness, but also the key to ending conflict and suffering throughout the world. Tolle describes how our attachment to the ego creates the dysfunction that leads to anger, jealousy, and unhappiness, and shows readers how to awaken to a new state of consciousness and follow the path to a truly fulfilling existence. Illuminating, enlightening, and uplifting, *A New Earth* is a profoundly spiritual manifesto for a better way of life—and for building a better world.

Group Psychology and the Analysis of the Ego *Library of Alexandria*

The contrast between Individual Psychology and Social or Group Psychology, which at a first glance may seem to be full of significance, loses a great deal of its sharpness when it is examined more closely. It is true that Individual Psychology is concerned with the individual man and explores the paths by which he seeks to find satisfaction for his instincts; but only rarely and under certain exceptional conditions is Individual Psychology in a position to disregard the relations of this individual to others. In the individual's mental life someone else is invariably involved, as a model, as an object, as a helper, as an opponent, and so from the very first Individual Psychology is at the same time Social Psychology as well. In this extended but entirely justifiable sense of the words. The relations of an individual to his parents and to his brothers and sisters, to the object of his love, and to his physician. In fact all the relations which have hitherto been the chief subject of psycho-analytic research may claim to be considered as social phenomena; and in this respect they may be contrasted with certain other processes, described by us as 'narcissistic', in which the satisfaction of the instincts is partially or totally withdrawn from the influence of other people. The contrast between social and narcissistic. Bleuler would perhaps call them 'autistic' mental acts therefore

falls wholly within the domain of Individual Psychology, and is not well calculated to differentiate it from a Social or Group Psychology.

The Ego and His Own

The Philosophy of Anarchy *Livingtime Media International*

A new edition of Max Stirner's classic study of the philosophy of anarchism. A contemporary of Marx and Engels, yet expressing a completely opposite view to them, Stirner here reveals the roots of society in disorder, and its destination - as Anarchism.

Max Stirner

His Life and His Work *Createspace Independent Pub*

Max Stirner (1806-1856) was the philosopher of conscious egoism. His book Der Einzige und sein Eigentum (published in English in 1907 as The Ego and His Own) is the fundamental work of that philosophy and the philosophical basis of individualist anarchism. The German poet and anarchist writer John Henry Mackay (1864-1933) carefully researched Stirner's life and published his biography in 1897, with a third, definitive edition in 1914. Hubert Kennedy's translation is the first in English.

Leading Beyond the Ego

How to Become a Transpersonal Leader *Routledge*

The traditional leadership styles of the past are underperforming in a world of continuous transformation. Those that recognise this and learn how to lead beyond their ego will become emotionally intelligent and ethical leaders who are able to build strong, collaborative relationships, and create a caring, sustainable and performance enhancing environment. This new book is rooted in the experience of senior managers and the latest discoveries in neuroscience. It gives you the tools to overcome the challenges faced by new organisational and commercial structures, technological developments, increased diversity and rapid globalisation and succeed. An essential read for current and aspiring organisational leaders, HR professionals, executive coaches and mentors, Leading Beyond the Ego is a vital point of reference for anyone in a leadership position and who wants to embrace this new world and Transpersonal Leadership.

The Gramsci Reader

Selected Writings, 1916-1935

The Ego Cleanse

Becoming Your Own Best Friend *Rise Publishing*

This book teaches the difference between ego and self-esteem and gives people the tools they need

to raise their self-esteem and get rid of their ego.

The Ego and His Own *Good Press*

"The Ego and His Own" by Max Stirner (translated by Steven T. Byington). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Ego Tunnel

The Science of the Mind and the Myth of the Self *ReadHowYouWant.com*

We're used to thinking about the self as an independent entity, something that we either have or are. In The Ego Tunnel, philosopher Thomas Metzinger claims otherwise: No such thing as a self exists. The conscious self is the content of a model created by our brain - an internal image, but one we cannot experience as an image. Everything we experience is "a virtual self in a virtual reality." But if the self is not "real," why and how did it evolve? How does the brain construct it? Do we still have souls, free will, personal autonomy, or moral accountability? In a time when the science of cognition is becoming as controversial as evolution, The Ego Tunnel provides a stunningly original take on the mystery of the mind.

The Dialogical Mind

Common Sense and Ethics *Cambridge University Press*

Marková offers a dialogical perspective to problems in daily life and professional practices involving communication, care, and therapy.

The Philosophy of Egoism

No Treason *Read Books Ltd*

Originally published in 1870, this essay by the American anarchist and political philosopher Lysander Spooner is here reproduced. Described by Murray Rothbard as “the greatest case for anarchist political philosophy ever written”, Spooner’s lengthy essay is still referenced by anarchists and philosophers today. In it, he argues that the American Civil War violated the US Constitution, thus rendering it null and void. An indispensable read for political historians both amateur and professional alike. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Advice Not Given

A Guide to Getting Over Yourself *Penguin*

"Most people will never find a great psychiatrist or a great Buddhist teacher, but Mark Epstein is both, and the wisdom he imparts in *Advice Not Given* is an act of generosity and compassion. The book is a tonic for the ailments of our time."—Ann Patchett, New York Times bestselling author of *Commonwealth* Our ego, and its accompanying sense of nagging self-doubt as we work to be bigger, better, smarter, and more in control, is one affliction we all share. But while our ego is at once our biggest obstacle, it can also be our greatest hope. We can be at its mercy or we can learn to work with it. With great insight, and in a deeply personal style, renowned psychiatrist and author Dr. Mark Epstein offers a how-to guide that refuses a quick fix. In *Advice Not Given*, he reveals how Buddhism and Western psychotherapy, two traditions that developed in entirely different times and places, both identify the ego as the limiting factor in our well-being, and both come to the same conclusion: When we give the ego free rein, we suffer; but when it learns to let go, we are free.

Max Stirner's Egoism *Freedom Press (CA)*

A major essay on the basis of individualist thought, with reference to the major influence of Stirner.

Breaking Free from the Ego**A Course in Finding and Freeing Yourself**

"*Breaking Free from the Ego: A Course in Finding and Freeing Yourself*" reveals the secret to happiness and fulfillment which can only be learned through personal experience. Fortunately, Trina Carroll-Houk has had that experience. She can teach you how to break free from what's holding you back from living a life of inner peace. To live a rewarding life, we need to break free from our ego, and that doesn't happen by accident. It happens with intention. Learn how to discover your true identity and embrace your inner spirituality. All of life's problems are created in the mind--yet the solutions are found beyond the mind! This book will teach you the evolutionary process of living in a higher dimension of consciousness.
